This INTELLECTUAL PROPERTY SECURITY AGREEMENT (as amended, amended and restated, supplemented or otherwise modified from time to time, the "IP Security Agreement") is dated as of January 2, 2011 and entered between INNOTECH, CORP., a Michigan corporation ("Borrower") whose address is 411 East Roosevelt Road, Suite 100, Zeeland, Michigan 49464 and FIFTH THIRD BANK, an Ohio banking corporation, successor by merger to Fifth Third Bank, a Michigan banking corporation, whose address is 111 Lyon NW, Grand Rapids, Michigan 49503 (the "Bank") who are parties to that certain Amended and Restated Loan and Forbearance Agreement dated March 26, 2010, (as amended, the "Loan Agreement"). Terms defined in the Loan Agreement and not otherwise defined herein are used herein as defined in the Loan Agreement.

WHEREAS, Borrower desires to borrow from the Bank pursuant to the terms of the Loan Agreement and the related Loan Documents;

WHEREAS, as a condition precedent to the making of the Loans under the Loan Agreement, the Borrower has executed and delivered that certain Second Amended and Restated Security Agreement dated as of March 26, 2010 (the "Security Agreement"). To create a short form version of the Security Agreement covering certain intellectual property of the Borrower for recording with the U.S. Patent and Trademark Office, the United States Copyright Office, and other governmental authorities, the Borrower has executed and delivered this Intellectual Property Security Agreement made by the Borrower to the Bank;

WHEREAS, under the terms of the Security Agreement, Borrower has granted to the Bank a security interest in, among other property, "general intangibles" of Borrower (including intellectual property (the "Intellectual Property")) and has agreed to execute this IP Security Agreement covering the Intellectual Property for recording with the U.S. Patent and Trademark Office, the United States Copyright Office and other governmental authorities.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Borrower agrees as follows:

SECTION 1. Grant of Security. Borrower hereby grants to the Bank a security interest in and to all of Borrower's right, title and interest in and to the following (the "Collateral"):

(i) The Patents including all United States and foreign patent applications and issued patents set forth in Schedule A hereto (as such Schedule A may be supplemented from time to time by supplements (an "IP Security Agreement Supplement"), executed and delivered by Borrower to the Bank from time to time), together with all related United States and foreign applications and issued patents, provisional applications, reissues, divisions, continuations, continuations-in-part, extensions and reexaminations thereof, and all rights therein provided by international treaties or conventions, regardless of whether such patents and applications are listed on Schedule A;

(ii) The Trademarks including all United States and foreign trademark and service mark registrations, applications, and licenses set forth in Schedule A hereto (as such Schedule A may be supplemented from time to time by IP Security Agreement

Supplements executed and delivered by Borrower to the Bank from time to time) along with all related United States and foreign trademark registrations and applications regardless of whether such trademark registrations and applications are listed on Schedule A;

(iii) The Copyrights in those works listed on Schedule A hereto (as such Schedule A may be supplemented from time to time by IP Security Agreement Supplements executed and delivered by Borrower to the Bank from time to time);

(iv) Any and all claims for damages for past, present and future infringement, misappropriation or breach with respect to the Patents, Trademarks, Copyrights, confidential proprietary information, trade secrets and licenses with the right, but not the obligation, to sue for and collect, or otherwise recover, such damages; and

(v) Any and all proceeds of the foregoing.

SECTION 2. Intellectual Property Warranties and Covenants. Borrower shall deliver to Bank such documents, instruments and other items as may be necessary for Bank to file such agreements with the U.S. Copyright Office and the U.S. Patent and Trademark Office.
