TRADEMARK ASSIGNMENT

THIS TRADEMARK ASSIGNMENT is entered into as of April 7, 2011 between WESTERN SKY INDUSTRIES LLC, a Delaware limited liability company ("Assignor"), and SATAIR A/S, a corporation organized under the laws of Denmark ("Assignee").

NOW, THEREFORE, in consideration of the mutual agreements contained herein, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereto hereby agree as follows:

1. Assignor hereby sells, assigns, conveys, grants and transfers unto Assignee the following: (a) Assignor's entire right, title and interest in and to the trademark AERO QUALITY and the registration thereof listed on Schedule A (the "Trademark") in the United States, and all rights derived from or associated with Assignor's use of the Trademark in the United States and its territorial possessions and in all foreign countries, whether or not such Trademark has been registered prior to, on or after the date of this Assignment, and any and all renewals and extensions thereof or any legal equivalent thereof in a foreign country for the full term or terms for which the same may be granted, together with the goodwill of the business(es) carried on in connection with such Trademark; and (b) all claims, demands and rights of action, both statutory and based upon common law, that Assignor has or might have by reason of any infringement of any Trademark prior to, on or after the date of this Assignment, together with the right to prosecute such claims, demands and rights of action in Assignee's own name; and (c) any income, fees, royalties, damages and payments now or hereafter due and/or payable under and with respect to any and all Trademark, including without limitation, the right to recover for past, present or future infringements of such Trademark; and (d) all rights corresponding to the Trademark throughout the world, as fully and entirely as the same would have been held and enjoyed by Assignor had this Assignment not been made.

2. If any term or provision of this Assignment is adjudged invalid or unenforceable, in whole or in part, or as applied to any circumstance, (i) the remaining terms and provisions hereof shall be unimpaired and shall remain in full force and effect, and (ii) the invalid or unenforceable provision or term shall be replaced by a term or provision that is valid and enforceable and that comes closest to expressing the intention of such invalid or unenforceable term or provision. This Assignment may be executed in counterparts, each of which shall be deemed an original, but which together shall constitute one and the same agreement. Nothing in this Agreement shall confer any rights upon any person or entity other than Assignor and Assignee and each such party's respective successors and permitted assigns. This Assignment shall be binding upon and inure to the benefit of the parties hereto and their respective successors and permitted assigns.

IN WITNESS WHEREOF, each of Assignor and Assignee has caused this Assignment to be executed as of the date first written above.
