## TRADEMARK ASSIGNMENT

THIS TRADEMARK ASSIGNMENT (this "Assignment") dated as of April 29, 2011 (the "Effective Date") is made by and between Polyflow, Inc., a Pennsylvania corporation ("Assignor"), and Polyflow, LLC, a Delaware limited liability company ("Assignee").

WHEREAS, Assignor and Assignee are, among others, parties to that certain Asset Purchase Agreement dated as of the Effective Date (the "Agreement"), pursuant to which Assignor has agreed to sell and Assignee has agreed to purchase the "Purchased Assets" as defined in the Agreement;

WHEREAS, Assignor is the owner of the entire right, title and interest in, to and under the registered and common law trademarks identified and set forth on Exhibit A hereto and that constitute "Purchased Assets" under the Agreement (collectively, the "Trademarks"), and the goodwill of the business in connection with which the Trademarks are used and which is symbolized thereby associated with all of the foregoing; and

WHEREAS, pursuant to the Agreement, the Trademarks and their associated goodwill are to be assigned by Assignor to Assignee at its request and direction;

NOW, THEREFORE, for good and valuable consideration (including the premises and covenants set forth in the Agreement), the receipt and sufficiency of which are hereby acknowledged, the parties, intending to be legally bound, agree as follows:

Assignor hereby irrevocably sells, assigns, transfers and sets over to Assignee all of Assignor's right, title and interest in and to the Trademarks, and the goodwill of the business in connection with which the Trademarks are used, and all other corresponding rights (including common law rights) that are or may be secured under the laws of the United States and any foreign country, now or hereafter in effect, for Assignee's own use and enjoyment, and for the use and enjoyment of Assignee's successors, assigns or other legal representatives, as fully and entirely as the same would have been held and enjoyed by Assignor if this assignment and sale had not been made, together with all income, royalties or payments due or payable as of the Effective Date or thereafter, including, without limitation, all claims for damages by reason of past, present or future infringement or other unauthorized use of the Trademarks, with the right to sue for and collect the same for Assignee's own use and enjoyment and for the use and enjoyment of its successors, assigns or other legal representatives. The parties hereto agree that the Assignor's representations, warranties and obligations with respect to the Trademarks shall be as set forth in the Agreement and shall survive the execution of this Assignment.

Assignor authorizes and request the United States Commissioner of Patents and Trademarks and the corresponding entities or agencies in any applicable foreign countries, to record Assignee as the assignee and owner of the Trademarks, and issue any and all registrations thereon to Assignee, as assignee of the entire right, title and interest in, to and under the same, for the sole use and enjoyment of Assignee and its successors, assigns or other legal representatives.

This Assignment may be executed in counterparts, each of which shall be deemed to be an original, and all of which together shall constitute one and the same instrument.

From time to time after the date hereof, at the request of either party hereto, and at the expense of the party so requesting, each of the parties hereto shall execute and deliver to such requesting party such documents and take such other actions as such requesting party may reasonably request and reasonably require in order to carry out and fulfill the purposes and intent of this Assignment. Assignor agrees that upon request, it will sign all papers, take all rightful oaths, and do all acts which may be reasonably necessary and desirable for securing and maintaining the Trademarks in all countries and for vesting title thereto in Assignee, its successors, or other legal representatives.

Except to the extent that federal law preempts state law with respect to the matters covered hereby, this Assignment shall be governed by and construed in accordance with the laws of the State of Delaware without giving effect to the principles of conflicts of laws thereof.
