PATENT AND TRADEMARK ASSIGNMENT

This Patent and Trademark Assignment (this "Assignment") dated as of January 21, 2011, by Nalco Company (f/k/a/ Ondo Nalco Company), a Delaware corporation ("Assignor") and Nalco IP Holder LLC, a Delaware limited liability company ("NIP"), in favor of Lubrizol Advanced Materials, Inc., a Delaware corporation ("Assignee").

WHEREAS, Assignee and Assignor have entered into an Asset Purchase Agreement (the "APA") dated as of the date hereof, pursuant to which Assignor has agreed, among other things, to sell, convey, transfer and assign, or cause to be sold, conveyed, transferred and assigned, to Assignee all right, title, and interest of the Assignor in and to (i) the patents and patent applications listed on Exhibit A hereto ("Patents") and (ii) the trademarks listed on Exhibit B hereto ("Trademarks"); and

WHEREAS, the name of Assignor was changed from Ondo Nalco Company to Nalco Company on November 4, 2003.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Assignor and NIP hereby assign, transfer, convey and deliver to Assignee, its successors and assigns, effective as of the date first referred above, all right, title, and interest of Assignor, in each case subject to the terms of the APA, in and to:

the Patents as listed on Exhibit A and the Trademarks as listed on Exhibit B;

all registrations and pending applications to register or otherwise obtain legal protection for any of the foregoing;

all rights to make application in the future to register or otherwise obtain legal protection for any of the foregoing;

all rights of priority under national laws and international conventions with respect to any of the foregoing;

all income, royalties, damages, and payments now or hereafter due or payable in respect thereto;

all goodwill of the business associated with the Trademarks;

all causes of action (either in law or equity), and the right to sue, counterclaim, and recover for infringement, misappropriation, or dilution on or after the date hereof of any of the foregoing; and

all other rights and privileges corresponding thereto;

the same to be held and enjoyed by Assignee for its own use and enjoyment and for the use and enjoyment of its successors, assigns and other legal representatives, to the end of the term or terms for which the foregoing are registered, issued, granted, reissued, or extended, as fully and

entirely as the same would have been held and enjoyed by Assignor and NIP if this assignment and sale had not been made.

Assignor further agrees to execute and deliver, or arrange for the execution and delivery of, such further documents and instruments as Assignee may reasonably request, to effectuate and record the assignment of the Patents and Trademarks transferred hereunder, including execution of assignments in recordable form in each jurisdiction where registrations or applications for the Patents and Trademarks may be issued or pending and to take the steps reasonably necessary to put in the name of Assignee all of the Patents and Trademarks being transferred hereunder.

[Remainder of page intentionally left blank]

IN WITNESS WHEREOF, this Assignment is hereby executed as of the day and year first written above.
