WHEREAS, Universal Pressure Pumping, Inc., a Delaware corporation (hereinafter referred to as "Assignee"), desires to acquire the entire right, title and interest in the Patents, Marks, and the goodwill of the business associated with the Marks.

NOW, THEREFORE, for other good and valuable consideration, receipt of which is hereby acknowledged, Assignor does hereby assign and transfer to the Assignee the entire right, title, and interest in and to the registrations for the Marks, together with the goodwill of the business symbolized by the Marks and the registrations thereof, and all other rights which Assignor has enjoyed thereunder, including any and all rights of recovery based on past infringement of said Marks and/or registrations, the same to be held and enjoyed by the Assignee, its successors, and assigns forever and to the full end of the terms for which any of the aforesaid Marks are registered and any renewals of the terms thereof;

AND FOR THE SAME CONSIDERATION, Assignor does hereby sell, assign, transfer and set over, unto Assignee, its successors, legal representatives and assigns, any and all rights, title, and interest Assignor may own in and to the Patents, and in and to any and all related direct and indirect divisions, continuations and continuations-in-part of the Patents, any Patent having its term terminally tied to the Patents, and any and all related Applications for Letters Patent and Letters Patent in the United States, all foreign countries, and all issuing bodies which may be granted therefore and thereon, and reissues, reexaminations and extensions of said Letters Patent, and all rights under the International Convention for the Protection of Industrial Property, and all inventions included therein, the same to be held and enjoyed by Assignee, for

AND FOR THE SAME CONSIDERATION, Assignor also hereby covenants and agrees that, at the time of execution and delivery of these presents, the Assignor is the sole and lawful owner of the entire right, title, and interest in and to the said registrations and applications and believes it is the sole and lawful owner of the entire right, title, and interest to the Patents and all inventions included therein, Marks, and the goodwill associated therewith and that the same are unencumbered and that the Assignor has good and full right and lawful authority to sell and convey the same in the manner herein set forth;
