## US PATENT AND TRADEMARK SECURITY AGREEMENT

This US Patent and Trademark Security Agreement dated as of June 1, 2011 (this "Patent and Trademark Security Agreement") is made by and among certain subsidiaries of Rockwater Energy Solutions, Inc., a Delaware corporation ("Borrower"), party hereto from time to time (collectively, the "Grantors" and individually, a "Grantor"), and Wells Fargo Bank, National Association, as US administrative agent (the "US Administrative Agent") for the ratable benefit of the Secured Parties (as defined in the Credit Agreement referred to herein).

### Preliminary Statement

Borrower and US Administrative Agent are parties to the Credit Agreement dated as of June 1, 2011 (as modified from time to time, the "Credit Agreement") among Borrower, EnerMAX Services Inc., as the Canadian Borrower, the Lenders (as defined in the Credit Agreement), the US Issuing Lender (as defined in the Credit Agreement) the Swing Line Lender (as defined in the Credit Agreement), the US Administrative Agent, the Canadian Administrative Agent (as defined in the Credit Agreement) and the Canadian Issuing Lender (as defined in the Credit Agreement). It is a condition precedent to the effectiveness of the Credit Agreement that each Grantor shall have entered into this Patent and Trademark Security Agreement to secure its obligations arising under or pursuant to the Credit Agreement.

The Grantors own the patents, patent registrations, patent applications, trademarks, trademark registrations, and trademark applications, and is a party to the patent and trademark licenses listed on Schedule I annexed hereto and by this reference incorporated herein.

Pursuant to the terms of that certain US Pledge and Security Agreement dated as of June 1, 2011 (as the same may be amended and in effect from time to time, the "US Pledge and Security Agreement") among the grantors party thereto from time to time (the "US Pledge and Security Grantors") in favor of US Administrative Agent for the ratable benefit of the Secured Parties, the US Pledge and Security Grantors have granted a security interest in the Collateral, as such term is defined in the US Pledge and Security Agreement, including, without limitation, all right, title and interest of the Grantors in, to, and under all now owned and hereafter acquired Patent Collateral and Trademark Collateral (each as defined in the US Pledge and Security Agreement), set forth on Schedule I attached hereto, to secure the payment of all Secured Obligations (as defined in the Credit Agreement).

### Agreement

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, each Grantor hereby grants to the US Administrative Agent for the ratable benefit of the Secured Parties a security interest in all its right, title, and interest in, to, and under the following, whether presently existing or hereafter created or acquired (the "Patent and Trademark Collateral"):

(a) (i) all letters patent throughout the world, all registrations and recordings thereof and all applications for letters patent throughout the world, including registrations, recordings and pending applications in the United States Patent and Trademark Office, (ii) all

reissues, divisions, continuations, continuations-in-part, extensions, renewals or reexaminations thereof and the inventions disclosed or claimed therein, including the right to make, have made, use, sell, offer to sell, and import into the United States, the inventions disclosed or claimed therein; including but not limited to all the property set forth as "Patents" on Schedule I hereto, and (iii) all patent licenses, and other agreements providing any Grantor with the right to use any items of the type referred to in clauses (i) and (ii) above;

(b) (i) all trademarks, trade names, corporate names, company names, business names, fictitious business names, trade styles, service marks, certification marks, collective marks, logos, other source or business identifiers, designs and general intangibles of like nature, now existing or hereafter adopted or acquired, whether currently in use or not, all registrations and recordings thereof, and all registration applications filed in connection therewith, whether pending or in preparation for filing, including registrations, recordings and applications in the United States Patent and Trademark Office or in any office or agency of the United States of America, or any State thereof or any other country or political subdivision thereof or otherwise, and all common-law rights relating to the foregoing, and all extensions or renewals thereof, (ii) all trademark licenses for the grant by or to any Grantor of any right to use any trademark, (iii) all goodwill associated therewith or symbolized thereby, and (iv) all other assets, rights and interests that uniquely reflect or embody such goodwill; including but not limited to all the property set forth as "Trademarks" on Schedule I hereto; and

(c) all products and proceeds of, and rights associated with, the foregoing (including licenses, royalties income, payments, claims, damages and proceeds of infringement suits), including, without limitation, any claim by the Grantors against third parties for past, present or future (i) infringement or dilution of any patent, trademark, or patent or trademark registrations referred to in Schedule I annexed hereto, the patent or trademark registrations issued with respect to the patent or trademark applications referred to in Schedule I and the trademarks licensed under any trademark license, (ii) injury to the goodwill associated with any patent, trademark, patent or trademark registration, or patent or trademark licensed under any patent or trademark license, or (iii) breach or enforcement of any patent license, any trademark license and all rights corresponding thereto throughout the world;

provided that in no event shall the term "Patent and Trademark Collateral" include any asset or property of any Grantor which would be rendered void or voidable, or which if included in Patent and Trademark Collateral would violate, be prohibited by, or constitute a default under any agreement, contract, document or law relating thereto, would require any consent which has not been obtained, or would result in the incurrence or imposition of any penalty upon any Grantor or any Subsidiary as a result of a grant of a security interest in such asset or property.

This security interest is granted in conjunction with the security interests granted to US Administrative Agent for the ratable benefit of the Secured Parties pursuant to the US Pledge and Security Agreement. The Grantors hereby acknowledge and affirm that the rights and remedies of Secured Parties with respect to the security interest in the Patent and Trademark Collateral made and granted hereby are more fully set forth in the US Pledge and Security Agreement, the terms and provisions of which are incorporated by reference herein as if fully set forth herein.

This Patent and Trademark Security Agreement shall be deemed a contract under, and shall be governed by, and construed and enforced in accordance with, the laws of the State of New York (including Section 5-1401 and Section 5-1402 of the General Obligations Law of the State of New York), applicable to contracts made and to be performed entirely within such state, including without regard to conflicts of laws principles.
