This ASSIGNMENT OF U.S. TRADEMARKS, dated as of July 29, 2011 (the "Assignment"), is made by and between Honeywell International Inc., a Delaware corporation ("Assignor"), and FRAM Group IP LLC, a Delaware limited liability company ("Assignee").

WHEREAS, Autoparts Holdings Limited, Assignor, and, for purposes of certain provisions, Rank Group Limited are parties to the Stock and Asset Purchase Agreement, dated as of January 27, 2011 (the "Purchase Agreement"), providing for the execution and delivery of this Assignment (capitalized terms used herein without definition shall have the meanings set forth in the Purchase Agreement);

WHEREAS, Assignor is the owner of the marks set forth on Exhibit A and incorporated by reference herein, which are registered in, or for which application for registration has been filed in, the United States Patent and Trademark Office (collectively, the "Assigned Marks"); and

WHEREAS, Assignee desires to purchase and acquire all of Assignor's right, title and interest in and to the Assigned Marks together with the goodwill of the Business symbolized by the Assigned Marks, which is ongoing.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignor and Assignee agree as follows:

1. Assignment. Assignor does hereby sell, assign, transfer, convey and deliver to Assignee all of Assignor's right, title and interest in and to the Assigned Marks together with the goodwill of the Business symbolized by the Assigned Marks, including without limitation all of the rights in damages for past, present and future infringements of the Assigned Marks.
2. Recordation. Assignor authorizes and requests the Commissioner of Patents and Trademarks of the United States to record ownership of the Assigned Marks as the property of Assignee.

Any and all claims, disputes or controversies in any way arising out of or relating to this Assignment and the transactions contemplated hereby shall be governed and resolved exclusively by (i) the Laws of the United States for trademark issues, and (ii) for all other matters, the Laws of the State of New York, notwithstanding the existence of any conflict of Laws principles that otherwise would dictate the application of any other state's law. Each party irrevocably and unconditionally waives any right to object to the application of New York Law pursuant to the above subclause (ii) or argue against its applicability to any of the matters referenced in the immediately preceding sentence.

4. Representations. The parties agree and acknowledge that all representations and warranties pertaining to the Assigned Marks are set forth in, and are subject to the terms of, the Purchase Agreement and Assignor makes no, and hereby disclaims all, other representations and warranties pertaining to the Assigned Marks.

5. Further Action. From time to time after the date hereof, and for no further consideration, Assignor and Assignee shall execute, acknowledge and deliver such assignments, transfers, consents, assumptions and other documents and instruments and take such other actions as may reasonably be necessary to appropriately consummate the transactions contemplated hereby.

6. Counterparts. This Assignment may be executed simultaneously in one or more counterparts (including by facsimile or electronic .pdf submission), and by the different parties in separate counterparts, each of which when executed shall be deemed to be an original, but all of which shall constitute one and the same agreement.
