**ASSIGNMENT AND ASSUMPTION OF  
INTELLECTUAL PROPERTY AGREEMENT**

This ASSIGNMENT AND ASSUMPTION OF INTELLECTUAL PROPERTY AGREEMENT (this "Agreement") is effective as of August 26, 2011 by and between ShelterLogic, LLC, a Connecticut limited liability company (the "Assignor"), and ShelterLogic Corp. (f/k/a/ SLogic Acquisition Corp.) a Delaware corporation (as defined in the Purchase Agreement, which is defined below) (the "Assignee").

**WITNESSETH:**

WHEREAS, the Assignor, the Assignee, and the other parties thereto, have executed and delivered an Purchase and Sale Agreement, dated as of the date hereof (the "Purchase Agreement"), pursuant to which, among other things, the Assignor has agreed to sell to the Assignee, and the Assignee has agreed to purchase from the Assignor, the Purchased Assets (this and other capitalized terms not otherwise defined herein shall have the meaning assigned in the Purchase Agreement) and to enter into certain other arrangements; and

WHEREAS, in connection with the transactions contemplated by the Purchase Agreement, the Assignee and the Assignor desire that all of the Assignor's respective right, title and interest in and to all Intellectual Property included in the Purchased Assets be assigned and transferred to the Assignee as provided in the Purchase Agreement.

NOW, THEREFORE, in consideration of the foregoing and the other agreements and covenants contained herein, and for other good and valuable consideration, the receipt and sufficiency of which are hereby irrevocably acknowledged, the parties hereto agree as follows:

1. Assignment of Intellectual Property Rights.

1.1 Assignment. The Assignor hereby assigns, sells, conveys, delivers and transfers to the Assignee all of Assignor's respective right, title and interest in and to any and all Intellectual Property included in the Purchased Assets (including, but not limited to, the patents, patent applications, trademark applications and registrations and copyrights listed on Exhibit A hereto and the domain names listed on Exhibit B hereto), together with the goodwill of the Business connected with the use thereof (as applicable) and symbolized thereby and together with all claims for damages by reason of past infringement thereof, with the right to sue for, and collect the same for the Assignee's own use and benefit, in accordance with the Purchase Agreement, and for the use and benefit of the Assignee's successors and assigns.

1.2 Further Assurances.

(a) The Assignor hereby agrees to execute all appropriate, necessary and customary forms and use all commercially reasonable efforts to assist the Assignee, at the Assignee's request from time to time (the reasonable cost and expense of which shall be paid by the Assignee unless such action results from a breach of the Purchase Agreement or this Agreement by the Assignor), to secure the rights assigned hereby and to obtain and/or transfer patent, copyright, trademark or service mark registrations (and applications therefor), and similar governmental grants confirming or enhancing said rights. The Assignor will promptly transfer

all files and papers in its possession relating to such applications and registrations to the Assignee after the execution of this Agreement.

(b) The Assignor agrees to provide the appropriate authorizations to, and to execute the appropriate forms for, the applicable registration organization, or to the Assignee if appropriate, and will use its best efforts to comply promptly with all other remaining steps necessary to transfer all domain names held by the Assignor or by third parties on Assignor's behalf, including, but not limited to, those domain names set forth on Exhibit B hereto (the "Domain Names").

(c) This Agreement is executed in connection with and subject to the terms and conditions of the Purchase Agreement. As between the Assignor and the Assignee, nothing in this Agreement shall be deemed to limit or modify any representations, warranties, liabilities, indemnities or other agreements as between the Assignor and the Assignee as provided for in the Purchase Agreement.

## 2. Miscellaneous.

2.1 Amendment. No amendment or waiver of any provision of this Agreement shall be effective unless in writing and executed by the parties hereto, in the case of an amendment, or the party entitled to the benefit of the provision to be so waived, in the case of a waiver.

2.2 Notices. Notices shall be provided to the addresses and in the manner provided in the Purchase Agreement.

2.3 Successors and Assigns. This Agreement shall inure to the benefit of, and be binding upon and enforceable against, the parties hereto and their respective successors and assigns. The Assignee may assign any of its rights hereunder (a) to any lender or financing source, (b) in connection with a sale by the Assignee or its assigns of all or substantially all of its assets, whether by sale of assets, stock, merger or otherwise, or (c) in connection with a permitted assignment of the Purchase Agreement.

2.4 Governing Law. This Agreement shall be governed by and construed in accordance with the internal substantive laws of the State of Connecticut without giving effect to the principles of conflicts of laws thereof.

2.5 Counterparts. This Agreement may be executed in one or more original or facsimile counterparts, and all counterparts so executed shall constitute one agreement, binding upon the parties hereto, notwithstanding that the parties are not signatory to the same counterpart.

**[Signature Page Follows]**

IN WITNESS WHEREOF, the Assignee and the Assignor have each caused this Agreement to be duly executed as of the date first written above by their duly authorized representatives.
