(d) Such Grantor shall renew its IP Rights in existing Domain Names and shall make all payments to domain name registrars necessary to maintain such Domain Names, except to the extent that failure to maintain any such Domain Names would not result, either individually or in the aggregate, a Material Adverse Effect.

(e) Such Grantor agrees to enter into a domain name assignment agreement substantially in the form of Exhibit A attached hereto (each a "Domain Name Assignment Agreement") with the Administrative Agent with respect to all Domain Names registered with GoDaddy.com, Inc., an Arizona corporation, and each other registrar at which any Domain Names are registered at any time, provided that the Administrative Agent shall not submit any such Domain Name Assignment Agreement to the applicable registrar unless an Event of Default has occurred and is continuing.
