TRADEMARK SECURITY AGREEMENT

This Trademark Security Agreement (as the same may be amended, modified or supplemented from time to time pursuant to the terms hereof, this “**Agreement**”), dated as of this 14th day of October, 2011, is made by Leadership Platform Acquisition Corporation, a Delaware corporation (“**Grantor**”), in favor of Gryphon Partners III, L.P., Gryphon Partners III-A, L.P. and Gryphon Partners III-B, L.P. (collectively, and together with each of their respective successors and assigns, the “**Secured Party**” (as defined in the Security Agreement described below)).

PRELIMINARY STATEMENTS

A. Grantor and the Secured Party are parties to a Senior Secured Promissory Note dated as of the date hereof (as amended or modified from time to time, including amendments and restatements thereof in its entirety, being hereinafter referred to as the “**Note**”), pursuant to which the Secured Party has agreed, subject to certain terms and conditions, to extend credit and make certain other financial accommodations available to Grantor.

B. As a condition to the execution and delivery of the Note, the Secured Party has required, among other things, that Grantor grant to the Secured Party a lien on and security interest in the property of Grantor.

C. Grantor and the Secured Party are parties to a Security Agreement dated as of the date hereof (such Security Agreement, as amended or modified from time to time, including amendments and restatements thereof in its entirety, being hereinafter referred to as the “**Security Agreement**”), pursuant to which Grantor has granted a lien on and security interest in the property of Grantor as described therein.

D. Capitalized terms used herein without definition are used as defined in the Note and Security Agreement.

NOW, THEREFORE, in consideration of the premises and to induce the Secured Party to make an extension of credit to Grantor thereunder, the parties agree as follows:

1. **Grant of Security Interest.** Grantor hereby grants to Secured Party a lien on and continuing security interest in, all of its right, title and interest in, to and under the following Collateral (the “**Trademark Collateral**”):

(i) all of its trademarks and trademark applications, including, without limitation, each trademark and trademark application listed on Schedule A hereto, and all renewals and extensions of the foregoing;

(ii) all goodwill of the business connected with the use of, and symbolized by, each such trademark and trademark application; and

(iii) all income, royalties and proceeds of the foregoing at any time due or payable or asserted under and with respect to the foregoing, including without limitation any claim by Grantor against third parties for damages by reason of past, present or future

infringement of any trademark or trademark application, in each case together with the right to sue for and collect said damages;

to secure the payment and performance of all Obligations of Grantor as set out in and defined in the Security Agreement.

Notwithstanding the foregoing, no grant of any lien or security interest shall be deemed granted hereunder on or in any "intent-to-use" trademark application until such time as a statement of use has been filed with and accepted by the United States Patent and Trademark Office.

2. **Terms of Security Agreement Incorporated by Reference.** The security interest granted pursuant to this Trademark Security Agreement is granted in conjunction with the security interest granted to the Secured Party pursuant to the Security Agreement and the Grantor hereby acknowledges and agrees that the rights and remedies of the Secured Party with respect to the security interest in the Trademark Collateral made and granted hereby are more fully set forth in the Security Agreement, the terms and provisions of which are incorporated by reference herein as if fully set forth herein. In the event of a conflict between the provisions of this Trademark Security Agreement and the Security Agreement, the Security Agreement shall control.

3. **Grantor Remains Liable.** Grantor hereby agrees that, anything herein to the contrary notwithstanding, Grantor shall assume full and complete responsibility for the prosecution, defense, enforcement or any other necessary or desirable actions in connection with its trademarks and trademark applications subject to a security interest hereunder.

4. **Counterparts.** This Trademark Security Agreement may be executed in any number of counterparts and by different parties in separate counterparts, each of which when so executed shall be deemed to be an original and all of which taken together shall constitute one and the same agreement. Signature pages may be detached from multiple separate counterparts and attached to a single counterpart.

5. **Governing Law.** This Trademark Security Agreement and the rights and obligations of the parties hereto shall be governed by, and construed and interpreted in accordance with, the law of the State of New York.
