RECITALS

WHEREAS, Assignor and Assignee are parties to that certain Asset Purchase Agreement entered into on even date herewith (the “**Purchase Agreement**”), pursuant to which Assignor has agreed to sell, transfer, assign, convey and deliver certain assets, including without limitation, the trademarks and service marks set forth on Schedule A hereto (the “**Marks**”) and the domain names set forth on Schedule B hereto (the “**Domain Names**”) and described below, to Assignee; and

WHEREAS, Assignee desires to acquire Assignor’s entire right, title and interest in and to such Marks and Domain Names;

NOW, THEREFORE, in consideration of mutual covenants and agreements set forth below and the Purchase Agreement, and for other good and valuable consideration, including \$1.00, the receipt and sufficiency of which are hereby acknowledged, the parties hereto agree as follows:

1. Assignment. Assignor hereby irrevocably and unconditionally grants, conveys, transfers, and assigns to Assignee (a) all of Assignor’s right, title and interest in and to the Marks together with the goodwill of the business symbolized by and associated with the Marks, including all common law rights and trademark registration for the Marks, same to be held by Assignee for Assignee’s own use and enjoyment, and for the use and enjoyment of Assignee’s successors, assigns and other legal representatives, as fully and entirely as the same would have been held and enjoyed by Assignor if this Assignment had not been made; (b) all of Assignor’s right, title, and interest in and to the Domain Names; and (c) all rights to income, royalties, and license fees deriving from the Marks or Domain Names, all causes of actions, claims, and rights to damages or profits, arising by reason of past, present and future infringements of the Marks or Domain Names or injury to the goodwill associated with the Marks or Domain Names and the right to sue for and collect such damages, as permitted under the applicable laws for any jurisdiction or country in which such claims may be asserted for the use and benefit of Assignee and its successors, assigns and other legal representatives.

2. Assistance. Assignor agrees to perform, without charge to Assignee (except as otherwise permitted herein), all acts deemed necessary or desirable by Assignee to permit and assist Assignee in perfecting and enforcing the full benefits, enjoyment, rights, title and interest throughout the world in the Marks and the Domain Names, and the intellectual property rights therein assigned to Assignee hereunder. Such acts may include execution of documents, including any and all powers of attorney, applications, assignments, declarations, affidavits, and any other papers in connection therewith reasonably necessary to perfect such benefits, enjoyment, rights, title and

interest in Assignee, assistance and cooperation in the registration and enforcement of applicable intellectual property rights or other legal proceedings, including providing documents and materials in the possession or control of Assignor, testifying in any legal proceedings, signing lawful papers and making all lawful oaths at Assignee's expense, and generally doing everything that is reasonably necessary to aid Assignee in obtaining and enforcing proper protection for applicable intellectual property rights. In the event Assignor refuses or fails, without reasonable grounds, to execute within a reasonable period of time any such documents necessary to effectuate this Assignment of the rights granted herein should that be necessary in any territory which requires documentation and/or registration apart from this Assignment to perfect the rights granted hereby, Assignor hereby irrevocably designates and appoints Assignee and its duly authorized officers and agents as Assignor's agent and attorney-in-fact, which appointment is coupled with an interest, to act for and on Assignor's behalf to execute, verify and file any such documents and to do all other lawfully permitted acts to effectuate this Assignment of the rights granted herein, with the same legal force and effect as if executed by Assignor.

3. General.

3.1 Severability. If any term or provision of this Assignment or the application thereof to any circumstance shall, in any jurisdiction and to any extent, be invalid or unenforceable, such term or provision shall be ineffective as to such jurisdiction to the extent of such invalidity or unenforceability without invalidating or rendering unenforceable such term or provision in any other jurisdiction, the remaining terms and provisions of this Assignment or the application of such terms and provisions to circumstances other than those as to which it is held invalid or enforceable.

3.2 Counterparts. This Assignment may be executed in one or more counterparts, including electronically transmitted counterparts, each of which shall be deemed an original, but all such counterparts together shall constitute but one and the same Assignment.

3.3 Governing Law. This Assignment shall be governed by and construed in accordance with the internal laws (and not the law of conflicts) of the State of Delaware, regardless of the laws that might otherwise govern under applicable principles of conflicts of laws.

3.4 Waiver. Any term or provision of this Assignment may be waived in writing at any time by the party or parties entitled to the benefits thereof. No failure to exercise and no delay in exercising any right, power or privilege shall operate as a waiver thereof, nor shall any single or partial exercise of any right, power or privilege preclude the exercise of any other right, power or privilege. No waiver of any breach of any covenant or agreement hereunder shall be deemed a waiver of any preceding or subsequent breach of the same or any other covenant or agreement.

3.5 Amendment. No supplement, modification, amendment or waiver of this Assignment shall be binding unless executed in writing by Assignee, on the one hand, and Assignor, on the other hand.

3.6 Construction. The parties hereto agree that they have been represented by counsel during the negotiation, preparation and execution of this Assignment and, therefore, waive the application of any law, regulation, holding or rule of construction providing that ambiguities in

3.7 Successors and Assigns. This Assignment shall inure to the benefit of and be binding upon the parties hereto and their respective successors and permitted assigns. This Assignment and the rights and obligations hereunder shall not be assignable by Assignor without the prior written consent of Assignee, and any such purported assignment without such consent shall be void. 3.8 Entire Agreement. This Assignment, including the schedules attached hereto and other agreements and documents referred to herein, contains the entire agreement and understanding of the parties hereto with respect to its subject matter and supersedes all prior and contemporaneous agreements and understandings, oral and written, among the parties with respect to such subject matter. To the extent any provision of this Assignment conflicts with any provision of the Purchase Agreement, the Purchase Agreement will govern.
