This INTELLECTUAL PROPERTY SECURITY AGREEMENT (this "Agreement"), dated as of November 23, 2011 is made by and among Bayside Gallo Acquisition, LLC, a Delaware limited liability company (the "Borrower"), each entity identified as a "Grantor" on the signature pages hereto (together with the Borrower, collectively, the "Grantors" and each, individually, a "Grantor"), the Lenders (as defined in the First Lien Credit Agreement referred to below) and Bayside Gallo Recovery, LLC, a Delaware limited liability company, as administrative agent (the "Agent" and, together with Lenders, the "Secured Parties").

WITNESSETH:

WHEREAS, reference is made to that certain First Lien Credit Agreement, dated as of even date herewith (as amended, modified, supplemented or restated and in effect from time to time, the "Credit Agreement"), by and among the Grantors, and the Secured Parties, pursuant to which the Lenders have agreed to make certain Loans (as defined in the Credit Agreement) to the Borrower, upon the terms and subject to the conditions specified in the Credit Agreement; and

WHEREAS, the obligations of the Lenders to make the Loans are conditioned upon, among other things, the execution and delivery by the Grantors of an agreement in the form hereof, pursuant to which the Grantors grant to the Secured Parties a security interest in and to the IP Collateral, in order to secure the Credit Party Obligations.

NOW, THEREFORE, in consideration of the mutual conditions and agreements set forth in this Agreement, and for good and valuable consideration, the receipt of which is hereby acknowledged, the Grantors hereby agree as follows:

### SECTION 1. Definitions.

SECTION 2. Grant of Security Interest. Grantors, as security for the due and punctual payment of the Credit Party Obligations (including interest accruing on and after the filing of any petition in bankruptcy or of reorganization of any Grantor whether or not post-filing interest is allowed in such proceeding), hereby mortgage, pledge, hypothecate, transfer, collaterally assign and deliver to the Agent (for the benefit of the Secured Parties) and grant to the Agent (for the benefit of the Secured Parties) a security interest in all of their respective right, title and interest in, to and under all of the following property, and each item thereof, whether now owned by or owing to, or hereafter acquired by or arising in favor of Grantors (including under any trade name or derivations thereof), and whether owned or consigned by or to, or leased from or to, Grantors, together with all products, proceeds, substitutions, and accessions of or to any of the following property (collectively, the “IP Collateral”):

- (a) All Copyrights and Copyright Licenses, including those listed on Exhibit A;

(e) All trade secrets, know-how and other proprietary information; works of authorship and other copyright works (including copyrights for computer programs), and all tangible and intangible property embodying the foregoing; inventions (whether or not patentable) and all improvements thereto; industrial design applications and registered industrial designs; books, records, writings, computer tapes or disks, flow diagrams, specification sheets, computer software, source codes, object codes, executable code, data, databases, and other physical manifestations, embodiments or incorporations of any of the foregoing, all licenses for the foregoing, and all other Intellectual Property and proprietary rights;

(f) All General Intangibles connected with the use of, or related to, any and all Intellectual Property (including, all goodwill of the Grantors and their business, products and services appurtenant to, associated with, or symbolized by, any and all Intellectual Property and the use thereof);

(g) All income, royalties, damages and payments now and hereafter due and/or payable under and with respect to any of the foregoing, including damages and payments for past or future infringements, misappropriations or dilutions thereof;

(h) The right to sue for past, present and future infringements, misappropriations, and dilutions of any of the foregoing; and

(i) All of the Grantors' rights corresponding to any of the foregoing throughout the world.

Notwithstanding the foregoing, in no event shall the defined term "IP Collateral" include or the security interest granted under this Section 2 attach to the Excluded Assets (as defined in the Pledge and Security Agreement) or any application to register any trademark or service mark prior to the filing under applicable law of a verified statement of use (or the equivalent) for such trademark or service mark to the extent the creation of a security interest therein or the grant of a mortgage thereon would void or invalidate such trademark or service mark.

**SECTION 3. Protection of Intellectual Property By Grantors.** Except as set forth below in this SECTION 3, the Grantors shall undertake the following with respect to the Intellectual Property that is used or useful in the business operations of the Grantors and their Affiliates and that is the subject of registrations or applications therefor:

(a) Pay all renewal fees and other fees and costs associated with maintaining the Intellectual Property and with the processing and prosecution of the Intellectual Property and take all other steps reasonably necessary to maintain each registration of the Intellectual Property;

(b) Take all actions reasonably necessary to prevent any of the Intellectual Property from becoming forfeited, abandoned, dedicated to the public, invalidated or impaired in any way;

(c) At the Grantors' sole cost, expense, and risk, pursue the processing and prosecution of each application for registration which is the subject of the security interest created herein and not abandon or delay any such efforts; and

(d) At the Grantors' sole cost, expense, and risk, take any and all action which the Grantors reasonably deem necessary or desirable under the circumstances to protect the

Intellectual Property from infringement, misappropriation or dilution, including the prosecution and defense of infringement actions.

SECTION 4. Grantors' Representations and Warranties. In addition to any representations and warranties contained in any of the other Loan Documents, the Grantors represent and warrant that:

(a) Exhibit A sets forth a true, correct and complete list of all registrations and applications for Copyrights owned by the Grantors and all Copyright Licenses.

(b) Exhibit B sets forth a true, correct and complete list of all Patents owned by the Grantors and all Patent Licenses.

(c) Exhibit C sets forth a true, correct and complete list of all registrations and applications for Trademarks owned by the Grantors and all Trademark Licenses.

(d) Except as set forth in Exhibits A, B and C, none of the Copyrights, Patents and Trademarks owned by the Grantors is the subject of any licensing or franchise agreement pursuant to which the Grantors is the licensor or franchisor as of the date hereof.

(e) The Grantors own sole, exclusive and valid title to all Patents, Copyrights and Trademarks listed on Exhibits A, B and C, and to the Grantors' knowledge, all such Patents, Copyrights and Trademarks are valid and enforceable. No claim has been asserted in writing and is pending by any Person against Grantors challenging the use by the Grantors of any of their Intellectual Property, or the validity or effectiveness of any of its Intellectual Property. To the Grantors' knowledge, use by the Grantors of the Intellectual Property does not infringe the rights of any Person in any material respect. No holding, decision or judgment has been rendered in any governmental authority against the Grantors which would limit, cancel or question the validity of, or the Grantors' rights in, any Intellectual Property.

(f) The Grantors shall give the Agent prompt written notice, with reasonable detail, following the occurrence of any of the following:

(i) The Grantors' acquiring ownership of any registered Intellectual Property or applications therefor, (other than (x) the acquisition by the Grantors of the right to sell products containing the trademarks or other intellectual property rights of others in the ordinary course of the Grantors' business and (y) implied licenses granted by or to the Grantors in the ordinary course of the Grantors' business).

(ii) The Grantors' becoming entitled to the benefit of any registered Intellectual Property whether as licensee or licensor (other than commercially available off the shelf computer programs, products or applications, the Grantors' right to sell products containing the trademarks of others in the ordinary course of the Grantors' business and implied licenses granted by or to the Grantors in the ordinary course of the Grantors' business).

(iii) The Grantors' entering into any new Licenses with respect to the Intellectual Property (other than (x) commercially available off the shelf computer programs, products or applications, (y) the Grantors' right to sell products containing the trademarks of others in the ordinary course of the Grantors' business and (z) any implied licenses granted by or to the Grantors in the ordinary course of business of the Grantors' business).

16825494.4.BUSINESS

(iv) The Grantors' knowing, or having reason to know, that any application or registration relating to any Intellectual Property may, other than as provided in SECTION 3 above, become forfeited, abandoned or dedicated to the public, or of any adverse determination or development (including the institution of, or any such determination or development in, any proceeding in the PTO, the Copyright Office or any court or tribunal, but not in the ordinary course of prosecution) regarding the Grantors' ownership of, or the validity or enforceability of, any Intellectual Property or the Grantors' right to register the same or to own and maintain the same.

SECTION 5. Agreement Applies to Future Intellectual Property.

(a) The provisions of this Agreement shall automatically apply to any such additional property or rights described in subsections (i), (ii), (iii), and (iv) of SECTION 4(f), above, all of which shall be deemed to be and treated as "Intellectual Property" within the meaning of this Agreement. Upon the acquisition by the Grantors of any additional Intellectual Property, the Grantors shall promptly deliver to the Agent an updated Exhibit A, B and/or C (as applicable) to this Agreement and hereby authorizes the Agent to file, at the Grantors' expense, such updated Exhibit as set forth in SECTION 5(b).

(b) The Grantors shall execute and deliver, and have recorded, any and all agreements, instruments, documents and papers as the Agent may reasonably request to evidence the Secured Parties' security interest in any Intellectual Property (including filings with the PTO, the Copyright Office or any similar office), and each Grantor hereby constitutes and appoints the Agent as its attorney-in-fact to execute and file all such writings for the foregoing purposes, all such acts of such attorney being hereby ratified and confirmed; provided, however, that the Agent's taking of such action shall not be a condition to the creation or perfection of the security interest created hereby.

(c) Grantors hereby authorize and request that the Register of Copyrights and the Commissioner of Patents and Trademarks record this Agreement, and any amendments thereto, or copies thereof.

SECTION 6. Grantors' Rights To Enforce Intellectual Property. Prior to the occurrence of an Event of Default, the Grantors shall have the exclusive right to sue for past, present and future infringement of the Intellectual Property, including the right to seek injunctions and/or money damages in an effort by the Grantors to protect the Intellectual Property against encroachment by third parties, provided, however, that:

(a) The Grantors shall provide the Agent with written notice of the Grantors' institution of any legal proceedings for enforcement of any Intellectual Property.

(b) Any money damages awarded or received by the Grantors on account of such suit (or the threat of such suit) shall constitute IP Collateral.

(c) Upon the occurrence and during the continuance of any Event of Default, Grantors shall not sue on the Intellectual Property without the prior written consent of the Agent, which shall not be unreasonably withheld.

SECTION 7. Agent's Actions To Protect Intellectual Property. In the event of

(a) the Grantors' failure, within thirty (30) days of written notice from the Agent, to cure any material failure by the Grantors to observe or perform any of the Grantors' covenants, agreements or other obligations hereunder; and/or

(b) the occurrence and continuance of any other Event of Default,

the Agent, acting in its own name or in that of the Grantors, may (but shall not be required to) act in the Grantors' place and stead and/or in the Agent's own right in connection therewith.

SECTION 8. Rights Upon Default. In addition to the Agent's rights under the Credit Agreement, upon the occurrence and during the continuance of an Event of Default, in addition to all other rights and remedies, the Agent may exercise all rights and remedies of a secured party under the Uniform Commercial Code as adopted in the State of New York, with respect to the Intellectual Property.

SECTION 9. Agent As Attorney-In-Fact.

(a) Each Grantor hereby irrevocably makes, constitutes and appoints the Agent (and all officers, employees or agents designated by the Agent) as and for the Grantors' true and lawful agent and attorney-in-fact, effective following the occurrence and during the continuance of any Event of Default, and in such capacity the Agent shall have the right, with power of substitution for the Grantors and in the Grantors' name or otherwise, for the use and benefit of the Agent:

(i) to supplement and amend from time to time Exhibits A, B and C of this Agreement to include any newly developed, applied for, registered, or acquired Intellectual Property of the Grantors and any intent-to-use Trademark applications for which a statement of use or an amendment to allege use has been filed and accepted by the PTO;

(ii) to exercise any of the rights and powers referenced herein; and

(iii) to execute all such instruments, documents, and papers as the Agent reasonably determines to be necessary or desirable in connection with the exercise of such rights and remedies.

(b) The power of attorney granted herein, being coupled with an interest, shall be irrevocable until this Agreement is terminated in writing by a duly authorized officer of the Agent.

(c) The Agent shall not be obligated to do any of the acts or to exercise any of the powers authorized by SECTION 9(a), but if the Agent elects to do any such act or to exercise any of such powers, it shall not be accountable for more than it actually receives as a result of such exercise of power, and shall not be responsible to the Grantors for any act or omission to act, except where a court of competent jurisdiction determines by final and nonappealable judgment that the subject act or omission to act has resulted from the gross negligence or willful misconduct of the Agent.

SECTION 10. Agent's Rights. Any use by the Agent of the Intellectual Property, as authorized hereunder in connection with the exercise of the Agent's rights and remedies under this Agreement, the Credit Agreement shall be coextensive with the Grantors' rights thereunder and with respect thereto and without any liability for royalties or other related charges.

16825494.4.BUSINESS

SECTION 11. Intent. This Agreement is being executed and delivered by the Grantors for the purpose of registering and confirming the grant of the security interest of the Secured Parties in the IP Collateral with the PTO and the Copyright Office. It is intended that the security interest granted pursuant to this Agreement is granted as a supplement to, and not in limitation of, the security interest granted to the Secured Parties under the Pledge and Security Agreement. All provisions of the Credit Agreement, Pledge and Security Agreement or any other Loan Document (including the rights, remedies, powers, privileges and discretions of the Agent thereunder) shall apply to the IP Collateral. In the event of a conflict between this Agreement and the Pledge and Security Agreement, the terms of this Agreement shall control with respect to the IP Collateral and the terms of the Pledge and Security Agreement shall control with respect to all other Collateral and all other matters.

SECTION 12. Further Assurances. The Grantors agree, at their own expense, to execute, acknowledge, deliver and cause to be duly filed all such further documents, financing statements, agreements and instruments and take all such further actions as the Agent may from time to time reasonably request to better assure, preserve, protect and perfect the security interest in the IP Collateral granted pursuant to this Agreement and the rights and remedies created hereby or the validity or priority of such security interest, including the payment of any fees and taxes required in connection with the execution and delivery of this Agreement, the granting of the security interest and the filing of any financing statements or other documents in connection herewith or therewith.

SECTION 13. Termination; Release of IP Collateral. Termination of the security interests granted under this Agreement shall terminate as set forth in the Pledge and Security Agreement.

SECTION 14. Choice of Laws. This Agreement shall be construed in accordance with and governed by the laws of the state of New York, without reference to the conflicts or choice of laws principles thereof.

SECTION 15. Counterparts. This Agreement may be executed and delivered by exchange of facsimile signatures of the parties, and those signatures need not be affixed to the same copy. This Agreement may be executed in any number of counterparts.
