TRADEMARK ASSIGNMENT

THIS TRADEMARK ASSIGNMENT (this "Assignment") dated December 30, 2011 (the "Effective Date") is by and between Mustang Manufacturing Company, Inc., a Minnesota corporation ("Assignor") and Manitou Americas, Inc., a Wisconsin corporation ("Assignee").

For good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, and in consideration of the covenants and agreements set forth herein, Assignor and Assignee mutually agree as follows:

1. Assigned Trademarks. As used herein, the term "Assigned Trademarks" shall mean any and all trademarks owned by Assignor including, but not limited to those trademark registrations, trademark applications, and/or common law trademarks and logos listed in Exhibit A attached hereto and made a part hereof, as well as: (a) all common law rights therein; (b) all goodwill associated therewith; (c) all renewals thereof; and (d) all rights of action, powers, and benefits accrued thereto, including the right to sue for and collect damages and payments for past or future infringements thereof.

2. Assignment. Subject to the terms, conditions, and limitations set forth herein, Assignor hereby sells, assigns, and transfers to Assignee, its successors, and assigns all rights, title, and interest in and to (a) the Assigned Trademarks; (b) all goodwill associated with the Assigned Trademarks; and (c) all other related intellectual property, including but not limited to copyrightable elements embodied in any logos, graphics, product documentation, and marketing and advertising materials used by Assignor in connection with the sale of products sold under the Assigned Trademarks ("Assigned Intellectual Property").

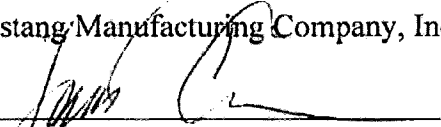

3. Representations and Warranties. Assignor represents and warrants that (a) it has not executed, nor will execute, any assignments, licenses, employment agreements, non-competition agreements, grants of security interests, or other agreements that may limit in any way the effectiveness of the transfer described herein; and (b) Assignor is the owner of the Assigned Trademarks and Assigned Intellectual Property and that, to Assignor's knowledge, the Assigned Trademarks and Assigned Intellectual Property do not infringe any proprietary right of any third party, including any copyright, trademark, patent or trade secret; and (c) as of the Effective Date, Assignor is not aware of any claim by any third party that would diminish or interfere with or limit Assignee's rights assigned hereunder.

4. Power of Attorney. Assignor hereby irrevocably appoints Assignee as Assignor's attorney-in-fact with full authority to execute, verify, acknowledge, deliver and record with any relevant trademark agency any such agreements, assignments or other instruments related to the assignment of the rights described in Section 1 herein, which Assignor may omit or fail to execute, verify, acknowledge or deliver.

5. Miscellaneous. If any provision of this Assignment or the application of any provision to any person or circumstance is held invalid, the remainder of this Assignment or the application of such provision to other persons or circumstances shall not be affected and shall remain in full force. This Assignment constitutes and contains the entire agreement of the parties with respect to the Confidential Information provided by the parties. This Assignment supersedes and replaces any and all prior understandings and agreements between the parties relating to the subject matter hereof. Any modification of this Assignment shall be in writing and executed in the same manner as this Assignment. If any controversy concerning the rights or obligations under this Assignment occurs, such rights or obligations shall be enforceable in a court of equity with a decree of specific performance. Such remedies shall, however, be cumulative and nonexclusive and shall be in addition to any other remedies the parties may have. No failure of either party to detect, protest, or halt any breach of this Assignment will constitute a waiver of any right or remedy of either party. This Assignment shall be governed by and construed in accordance with the laws of the State of Wisconsin. Any and all claims relating to a breach of this Assignment shall be brought in a federal court situated in Milwaukee, Wisconsin, and the Parties submit to the jurisdiction of Wisconsin courts and the courts of appeals. This Assignment may be executed in two or more counterparts, each of which shall be deemed an original and all of which together shall constitute one document. This Assignment may be signed by facsimile, and facsimile signatures shall be binding, but the parties shall provide each other with originally signed copies of the Assignment as soon as possible thereafter.

IN WITNESS WHEREOF, this Assignment has been duly executed by the parties hereto as of the date first written above.
