INDENTURE AGREEMENT

This Indenture Agreement (the "Agreement") is made and entered into effective as of the 10th day of March, 1995 by and between NATIONAL RECOVERY TECHNOLOGIES, INC., a Delaware corporation whose principal place of business is located at 566 Mainstream Drive, Nashville, Tennessee 37228 (hereinafter called the "Company") and TECHNOLOGY FINANCIAL SERVICES, LLC, a Tennessee limited liability company (the "Trustee" or "Secured Party").

WHEREAS, the Company is in need of additional financing and is prepared to issue its Series B Debentures in the form of Exhibit A attached hereto in the principal amount of up to \$1,000,000 (the "Bonds"); and

WHEREAS, the Bonds are to be secured by all of the Company's assets; and

WHEREAS, the Trustee will be the pledgee of the assets on behalf of the individual bond holders and shall also have certain other and further rights with respect to the issue of the Bonds as more particularly described herein;

NOW, THEREFORE, in consideration of the mutual covenants and conditions contained herein, and other good and valuable considerations exchanged between the parties, the receipt and sufficiency of which are hereby acknowledged, the parties hereto agree as follows:

1. Secured Indebtedness. As used herein, "Secured Indebtedness" shall mean and include the obligations of the Company under the Bonds and this Agreement including all modifications, extensions and renewals thereof.

2. Security Interest. To secure payment of the Secured Indebtedness, the Company hereby grants unto the Trustee a security interest in the collateral (as hereinafter defined). Said security interest shall include the proceeds of the collateral (including accounts, notes, or cash or other personal or real property received therefor). The Trustee as Secured Party shall have with respect thereto all of the rights herein provided or provided in any related documents executed by the Company to the Trustee in connection with the Company's obligations hereunder. The Company hereby agrees to execute any documents reasonably presented to it by the Trustee for the purpose of evidencing or perfecting the Secured Indebtedness or the security interest including a financing statement suitable for public filing and shall also execute any documents necessary to perfect the security interest in any intellectual property rights owned by the Company. The Company shall pay all filing and other costs in connection with this Agreement.

the Company as more particularly described on Exhibit B attached hereto.

4. Company's Covenants. Company warrants and covenants with Secured Party as follows:

- A. The portion of the Collateral consisting of tangible property shall be located only at Company's principal place of business at 566 Mainstream Drive, Nashville, Tennessee 37228, and except as permitted herein Company shall not remove same to any other location except with the prior written consent of Secured Party. Company shall notify the Secured Party in writing, at least thirty (30) days prior thereto, of any change in either Company's principal office or place of business or any change in Company's name or the adoption by Company of a trade name, assumed name or fictitious name.
- B. Company shall not sell, transfer or otherwise dispose of any of the Collateral without the prior written consent of the Secured Party, except the sale of those items customarily sold in the ordinary course of the business of Company.
- C. Company shall maintain general and comprehensive casualty insurance on the Collateral covering such risks as fire, theft and flood in an amount not less than the remaining balance of the Secured Indebtedness, plus accrued interest. The policy shall also insure against liability from personal injury and property damage in such amounts as Secured Party shall approve. The policy shall contain provisions protecting Secured Party's interest as it may appear in form satisfactory to Secured Party. Company hereby assigns to the Secured Party all rights to receive the proceeds of such insurance not exceeding the total unpaid amount of all liabilities and obligations of whatever kind of Company to Secured Party under the Secured Indebtedness, or under this Security Agreement and directs any insurer to pay all proceeds of such insurance to such extent directly to the Secured Party. Certificates or other substantiation of such insurance are to be furnished to Secured Party upon request.
- D. Company shall not permit any financing statements, security interest, attachment, levy, lien or encumbrance upon the Collateral or the proceeds thereof except pursuant to this Agreement.
- E. Company shall maintain the Collateral in good working order and condition throughout the term of this Agreement. Company shall comply with all laws and governmental regulations applicable to the Collateral and

Company's operation and use thereof and shall pay promptly all taxes, assessments or other obligations that, if unpaid, might become a lien or be assessed against the Collateral.

- F. Company shall permit Secured Party access to the Collateral at reasonable hours for the purpose of inspecting the Collateral.
- G. Company will pay the Secured Indebtedness when and as due, and will comply in all respects with the terms and conditions of this Security Agreement and any other instrument or document now or hereafter evidencing, securing or otherwise relating to the indebtedness evidenced by the Secured Indebtedness.
- H. Company will pay reasonable attorneys fees, costs of collection and any other expenses incurred by Trustee in enforcing this Agreement or in exercising any rights hereunder.

5. Conditions to Funding of the Bonds and Restrictions on Use of Proceeds. The parties agree that the Trustee has received Commitment Agreements from investors committing to purchase up to \$1,000,000 in principal amount of the Bonds conditioned on the proceeds from the bonds being used only to fund payments required under the Company's Debt Restructuring Plan. In the sole discretion of the Trustee, if requested by the Company, the Trustee may fund some portion of the Bonds and allow the Trustee to use the proceeds for the operating expenses of the Company. However, in no event shall the Trustee shall have any obligation to fund proceeds of the Bonds to the Company after one (1) year from the date hereof. To the extent that the Trustee funds proceeds to or for the benefit of the Company, then the Bonds shall be considered funded and the Company shall be obligated under the Debentures for the amount so funded. The Company shall execute and deliver the Bonds in the form of Exhibit A to the Trustee for the Registered Owner of same. The Company shall have no obligations with respect to amounts not funded.

6. Stock Warrants. As additional consideration for the sale of the Bonds to be issued hereunder, the Company agrees that for each dollar of principal amount of Bonds sold hereunder, that the purchaser thereof shall receive two (2) warrants to purchase one (1) share of the Company's Series B Convertible Preferred Stock (\$1.00 preference amount) which Warrant shall have a term of five (5) years and shall give the holder the right to purchase one (1) share of the Company's Series B Convertible Preferred Stock for a purchase price of 50¢ per share. The terms and preferences of the Series B Preferred Stock are set forth in the Certificate of Designation, a copy of which is attached hereto as Exhibit C. The Company shall issue the Warrants to those persons funding the Bonds

within thirty (30) days after each such funding.

7. Partial Exchange of Existing Claims, Partial Payment for Bonds. The parties agree and acknowledge that certain entities related to or controlled by Dr. Charles E. Roos (the "Roos Entities"), who also controls the Trustee, are owed a total of approximately \$400,000 by the Company as of the date hereof (the "Roos Claims"). The parties further agree and acknowledge that the Roos Entities have committed to purchase all of the Bonds to be issued hereunder subject to the conditions to funding described above and subject to approval of such agreement by the Company's disinterested shareholders. As a further condition to the Roos Entities' commitment to purchase the Bonds as aforesaid, the Roos Entities shall have the right to make partial payment for the Bonds by transfer of a portion of Roos Claims to the Company with credit being given on a dollar for dollar basis. The Roos Entities may exchange such Roos Claims for the initial purchase of the Bonds up to the amount due the Roos Entities on the secured bridge loan of \$100,000 plus interest and for additional purchases for a fraction of the total purchase price equal to the total Roos Claims divided by \$1,000,000.

8. Information and Reports. During the entire term of this Agreement, Company shall provide to Secured Party copies of its monthly and annual financial statements and provide access to its books and records.

9. Events of Default. The occurrence of any one of the following events shall constitute a default by Company:

10. Remedies.

- A. Upon any default hereunder, or under the terms of the Secured Indebtedness, all the then outstanding balance owed by Company to Secured Party pursuant to the Secured Indebtedness, shall be immediately due and payable without presentment, demand, protest, or notice of any kind, all of which is hereby waived, and Secured Party shall have all rights of a secured party with respect to the Collateral under the Uniform Commercial Code pursuant to the laws of the state of Tennessee. Secured Party's delay in exercising or failure to exercise any such right shall not be construed as a waiver of such right to exercise the same or any other right at any time and from to time to time thereafter. Company shall pay all expenses and reimburse Secured Party for any expenditures, including reasonable attorney fees and expenses, in connection with Secured Party's exercise of its remedies hereunder.
- B. Secured Party may require the Company to assemble the Collateral and make it available to Secured Party at any place to be designated by Secured Party which is reasonable convenient to both parties. Unless the Collateral is perishable or threatens to decline rapidly in value or is of a type customarily sold on a recognized market, Secured Party will give Company reasonable notice of the time and place of any public sale of the Collateral or of the time after which any private sale or other intended disposition thereof is to be made. (iv) Then, the balance, if any, of such proceeds shall be paid over to the Company, their respective permitted successors or assigns or as a court of competent jurisdiction may direct.

- C. In addition thereto, the Secured Party may proceed to protect and enforce its rights, and collect all sums due and owing by suit or suits at law or in equity, whether for the specific performance of any covenant or agreement contained herein, or in aid of the execution of any power granted, or for the enforcement of any other appropriate legal or equitable remedy as the Secured Party shall deem most effectual to protect and enforce any of its rights.
- D. The remedies of Secured Party set out hereinabove are cumulative and the exercise by the Secured Party of any one remedy shall not be deemed to be a waiver or release of Secured Party's rights to exercise any or all of the other remedies.
- E. Upon any sale of Collateral hereunder (whether by virtue of the power of sale herein granted, pursuant to judicial process or otherwise), the receipt of the Secured Party or the officer making the sale shall be a sufficient discharge to the purchaser or purchaser of the Collateral so sold and such purchaser or purchasers shall not be obligated to see to the application of any part of the purchase money paid over to the Secured Party or such officer or be answerable in any way for the misapplication or nonapplication thereof.
