PATENT AND TRADEMARK SECURITY AGREEMENT

THIS PATENT AND TRADEMARK SECURITY AGREEMENT (this "Agreement") is entered into as of August 19, 2011 by Ranir, LLC, a Delaware limited liability company (the "Grantor"), in favor of JPMorgan Chase Bank, N.A., a national banking association, in its capacity as Administrative Agent (as defined below) under the Credit Agreement referred to below.

Recitals

A. The Grantor, Ranir Global Holdings, LLC, formerly known as Kayak Holdings, LLC, a Delaware limited liability company (the "Company", and together with the Grantor, the "Borrowers"), the Lenders party thereto from time to time and JPMorgan Chase Bank, N.A., as administrative agent, executed a Credit Agreement dated as of March 21, 2008 (as modified from time to time, the "2008 Credit Agreement"). Pursuant to an Amended and Restated Credit Agreement dated as of even date herewith (as amended, modified, restated or refinanced from time to time, the "Credit Agreement"), by and among the Borrowers, the Lenders party thereto from time to time, and JPMorgan Chase Bank, N.A., as Administrative Agent for the Lenders (in such capacity, the "Administrative Agent"), the Lenders, the Borrowers and the Administrative Agent will be amending and restating the 2008 Credit Agreement.

B. In connection with the Credit Agreement, the Borrowers and the Administrative Agent entered into a Consent and Amendment of Collateral Documents dated as of even date herewith (the "Consent and Amendment"), pursuant to which, among other things, the Borrowers and the Administrative Agent confirmed and amended certain Existing Collateral Agreements (as defined in the Consent and Amendment), including without limitation that certain Pledge and Security Agreement entered into as of March 21, 2008 by and among the Company and the Administrative Agent (the "Holdings Security Agreement"), that certain Pledge and Security Agreement entered into as of March 21, 2008 by and among the Grantor and the Administrative Agent (the "Ranir Security Agreement", and together with the Holdings Security Agreement and the Consent and Amendment, the "Collateral Agreement"), relating to the collateral granted by the Borrowers to the Secured Parties.

C. Pursuant to the terms of the Collateral Agreement, the Borrowers pledged, assigned and granted to the Administrative Agent, on behalf of and for the benefit of the Secured Parties, a first-priority security interest in substantially all of the assets of the Borrowers, including all right, title and interest of the Borrowers in, to and under all now owned and hereafter acquired Patents (as defined in both the Ranir Security Agreement and the Holdings Security Agreement), and Trademarks (as defined in both the Ranir Security Agreement and Holdings Security Agreement), to secure the prompt and complete payment and performance of the Secured Obligations under the Credit Agreement.

D. The Grantor is executing and delivering this Agreement to the Administrative Agent to facilitate the recording with the United States Patents and Trademarks Office ("USPTO") of the security interests that it holds for the benefit of the Lenders in the Patents and Trademarks identified on restated Exhibit D set forth in Schedule 3 of the Consent and Amendment.

Agreement

In consideration of the recitals set forth above and the mutual agreements contained herein and in the Credit Agreement and the other Loan Documents (as defined in the Credit Agreement), the Grantor hereby grants to the Administrative Agent, for the benefit of the Secured Parties, to secure the Secured Obligations, a continuing security interest in all of the Grantor's right, title and interest in, to and under the following, whether now owned by or owing to, or hereafter acquired by or arising in favor of the Grantor:

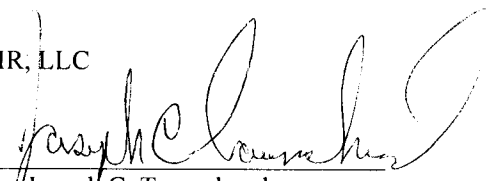

- (1) each trademark and trademark application, including without limitation, each trademark and trademark application in the United States referred to in Schedule 1 attached hereto, together with any reissues, continuations or extensions thereof and all goodwill associated therewith; and
- (2) each patent and patent application, including without limitation, each patent and patent application in the United States referred to in Schedule 2 attached hereto, together with any reissues, continuations or extensions thereof and all goodwill associated therewith.

The security interests granted to the Administrative Agent herein are granted in furtherance, and not in limitation of, the security interests granted to the Administrative Agent pursuant to the Collateral Agreement; provided, however, that nothing in this Agreement shall expand, limit or otherwise modify the security interests granted in the Collateral Agreement. The Grantor acknowledges and affirms that the rights and remedies of the Administrative Agent with respect to the security interest in the Trademarks and the Patents made and granted hereby are more fully set forth in the Credit Agreement and the Collateral Agreement, the terms and provisions of which are incorporated herein by reference as if fully set forth herein. In the event of any conflict between the terms of this Agreement and the Collateral Agreement, the terms of the Collateral Agreement shall govern. All capitalized terms used but not defined herein shall have the respective meanings ascribed thereto in the Credit Agreement.
