SECTION 3 Protection of Intellectual Property by Grantors

Except as set forth below in this Section 3, the Grantors shall undertake the following with respect to each of the items respectively described in Sections 2(a), (b), (c), (d) and (e) (collectively, the "Intellectual Property"):

3.1 Except in each case as otherwise permitted in the Credit Agreement, pay all renewal fees and other fees and costs associated with maintaining the Necessary Intellectual

Property and with the processing of Necessary Intellectual Property and take all other reasonable and necessary steps to maintain each registration of the Necessary Intellectual Property in the United States.

3.2 Except as otherwise permitted under the Credit Agreement, take all actions reasonably necessary to prevent any of the Necessary Intellectual Property from becoming forfeited, abandoned, dedicated to the public, invalidated or impaired in any way.

3.3 At the Grantors' sole cost, expense, and risk, pursue the prompt, diligent processing of each application for registration of Necessary Intellectual Property and not abandon or delay any such efforts.

3.4 At the Grantors' sole cost, expense, and risk, take any and all necessary action which the Grantors reasonably deem appropriate under the circumstances to protect the Necessary Intellectual Property from infringement, misappropriation or dilution, including, without limitation, the prosecution and defense of infringement actions.

Notwithstanding the foregoing, so long as no Event of Default has occurred and is continuing, and no Material Adverse Effect would result therefrom, no Grantor shall have an obligation to use or to maintain any Intellectual Property (i) that relates solely to any product that has been discontinued, abandoned or terminated, or (ii) that has been replaced with Intellectual Property substantially similar to the Intellectual Property that may be abandoned or otherwise become invalid, so long as the failure to use or maintain such Intellectual Property does not materially adversely affect the validity of such replacement Intellectual Property and so long as such replacement Intellectual Property is subject to the lien created by this Agreement.

SECTION 4 Grantors' Representations and Warranties

The Grantors represent and warrant that:

4.1 Exhibit A is a true, correct and complete list of all registered Copyrights and material Copyright Licenses owned by the Grantors as of the date hereof.

4.2 Exhibit B is a true, correct and complete list of all registered or applied for Patents, and material Patent Licenses owned by the Grantors as of the date hereof.

4.3 Exhibit C is a true, correct and complete list of all registered or applied for Trademarks and material Trademark Licenses owned by the Grantors as of the date hereof.

4.4 Except as set forth on Schedule 4.4, none of the Intellectual Property set forth on such exhibits is the subject of any licensing (excluding any non-exclusive outbound licenses) or franchise agreement pursuant to which any Grantor is the licensor or franchisor as of the date hereof.

4.5 All IP Collateral is, and shall remain, free and clear of all Liens, encumbrances, or security interests in favor of any Person, other than Permitted Encumbrances and Liens in favor of the Collateral Agent.

4.6 Each Grantor owns or is licensed to use, all trademarks, trade names, copyrights, patents and other intellectual property material to its business, except for those which the failure to own or license could not reasonably be expected to result in a Material Adverse Effect, and the use thereof by the Grantor does not infringe upon the rights of any other Person, except for any such infringements that, individually or in the aggregate, could not reasonably be expected to result in a Material Adverse Effect. To the knowledge of the Grantors, the use by the Grantors of the Intellectual Property does not infringe the rights of any Person, except for such infringements that would not reasonably be expected to have a Material Adverse Effect. To the knowledge of the Grantors, no holding, decision or judgment has been rendered by any Governmental Authority which would limit or cancel any Grantor's rights in, any Intellectual Property in any respect that could reasonably be expected to have a Material Adverse Effect.

4.7 The Grantors shall give the Collateral Agent written notice (with reasonable detail) concurrently with the delivery of its annual financial statements under Section 6.01(a) and the delivery of its monthly financial statements for the last month of each fiscal quarter (or financial statements delivered for the months of June and December solely with respect to notices regarding Copyrights or Copyright Licenses) under Section 6.01(b) of the Credit Agreement following the occurrence of any of the following:

(a) The Grantors' obtaining the registration of or filing applications for registration of, any new Intellectual Property, or otherwise acquiring ownership of any newly registered Intellectual Property (other than the Grantors' right to sell products containing the trademarks of others in the ordinary course of the Grantors' business).

(b) The Grantors' becoming entitled to the benefit of any registered Intellectual Property whether as licensee or licensor (other than the Grantors' right to sell products containing the trademarks of others in the ordinary course of the Grantors' business).

(c) The Grantors' knowing that any application or registration relating to any Necessary Intellectual Property may become forfeited, abandoned or dedicated to the public, or of any adverse determination or development (including, without limitation, the institution of, or any such determination or development in, any opposition or cancellation proceeding in the PTO, the Copyright Office or any court or tribunal against Grantors) regarding the Grantors' ownership of, or the validity of, any Necessary Intellectual Property or the Grantors' right to register the same or to own and maintain the same.

SECTION 5 Agreement Applies to Future Intellectual Property

5.1 The provisions of this Agreement shall automatically apply to any such additional property or rights described in Section 4.7, above, all of which shall be deemed to be and treated

as "Intellectual Property" within the meaning of this Agreement. Such Grantor shall deliver an updated Exhibit A, B, and/or C, as applicable, to this Agreement to the Collateral Agent together with any notices given under Section 4.7(a) and hereby authorizes the Collateral Agent to file, at such Grantor's expense, such updated Exhibit as set forth in Section 5.2.

5.2 Upon the reasonable request of the Collateral Agent, the Grantors shall execute and deliver, and record or have recorded, any and all agreements, instruments, documents and papers as the Collateral Agent may request to evidence the Collateral Agent's security interest in any Copyright, Patent or Trademark owned by such Grantor (including, without limitation, filings with the PTO, The Copyright Office or any similar office), and the Grantors hereby constitute the Collateral Agent as their attorney-in-fact to execute and file all such writings for the foregoing purposes, all acts of such attorney being hereby ratified and confirmed; *provided, however*, the Collateral Agent's taking of such action shall not be a condition to the creation or perfection of the security interest created hereby.

SECTION 6 Grantors' Right to Enforce Intellectual Property

The Grantors shall have the exclusive right to sue for past, present and future infringement of the Intellectual Property including the right to seek injunctions and/or money damages, in an effort by the Grantors to protect the Intellectual Property against encroachment by third parties, *provided, however*, during the continuance of any Event of Default, the Collateral Agent, by notice to the Grantors (i) may terminate or limit the Grantors' rights under this section 6; and (ii) may (but shall not be required to) itself take such action in the name of the Grantors.

SECTION 7 Collateral Agent's Actions To Protect Intellectual Property

In the event of the occurrence and continuance of any Event of Default, the Collateral Agent, acting in its own name or in that of the Grantors, may (but shall not be required to) act in the Grantors' place and stead and/or in the Collateral Agent's own right in connection therewith.

SECTION 8 Rights Upon Default

Upon the occurrence and during the continuance of any Event of Default, in addition to all other rights and remedies of the Collateral Agent set forth in the other Loan Documents, the Collateral Agent shall be entitled to exercise all rights and remedies of a secured party under the Uniform Commercial Code as adopted in the Commonwealth of Massachusetts, with respect to the Intellectual Property, in addition to which the Collateral Agent may sell, license, assign, transfer, or otherwise dispose of the Intellectual Property in any manner, in whole or in part, as the Collateral Agent may determine from time to time in its discretion. Any person may conclusively rely upon an affidavit of an officer of the Collateral Agent that an Event of Default has occurred and is continuing and that the Collateral Agent is authorized to exercise such rights and remedies.

SECTION 9 Collateral Agent As Attorney In Fact

9.1 The Grantors hereby irrevocably constitute and designate the Collateral Agent, and any officer or agent of the Collateral Agent as the Collateral Agent may select in its sole discretion, as and for the Grantors' attorney in fact, with full power of substitution and with the power to endorse each such Grantor's name, effective following the occurrence and during the continuance of an Event of Default:

(a) To exercise any of the rights and powers of the Collateral Agent referenced herein.

(b) To execute all such instruments, documents, and papers as the Collateral Agent determines to be appropriate in connection with the exercise of such rights and remedies and to cause the sale, license, assignment, transfer, or other disposition of the Intellectual Property.

9.2 The power of attorney granted herein, being coupled with an interest, shall be irrevocable until this Agreement is terminated in writing by a duly authorized officer of the Collateral Agent.

9.3 The Collateral Agent shall not be obligated to do any of the acts or to exercise any of the powers authorized by Section 9.1, but if the Collateral Agent elects to do any such act or to exercise any of such powers, it shall not be accountable for more than it actually receives as a result of such exercise of power, and shall not be responsible to any Grantor for any act or omission to act except for any act or omission to act as to which there is a final determination made in a judicial proceeding (in which proceeding the Collateral Agent has had an opportunity to be heard) which determination includes a specific finding that the subject act or omission to act had been grossly negligent or constituted willful misconduct.

SECTION 10 Collateral Agent's Rights

Any use by the Collateral Agent of the Intellectual Property, as authorized hereunder in connection with the exercise of the Collateral Agent's rights and remedies under this Agreement and under the Credit Agreement during the continuance of an Event of Default, shall be coextensive with the Grantors' rights thereunder and with respect thereto and without any liability for royalties or other related charges.

SECTION 11 Intent

This Agreement is being executed and delivered by the Grantors for the purpose of registering the grant of the security interest of the Collateral Agent in the IP Collateral with the PTO and the Copyright Office. It is intended that the security interest granted pursuant to this Agreement is granted as a supplement to, and not in limitation of, the Security Interest (as defined in the Security Agreement) granted to the Collateral Agent, for the benefit of the Credit Parties, under the Security Agreement. All provisions of the Security Agreement shall apply to the IP Collateral. The Collateral Agent shall have the same rights, remedies, powers, privileges and discretions with respect to the security interests created in the IP Collateral as in all other Collateral. In the event of a conflict between this Agreement and the Security Agreement, the

terms of this Agreement shall control with respect to the IP Collateral and the Security Agreement with respect to all other Collateral.

SECTION 12 Further Assurances

Grantors will execute any and all further documents, financing statements, agreements and instruments, and take all such further actions (including the filing and recording of financing statements and other documents), that may be required under any applicable Law, or which the Collateral Agent may reasonably request, to grant, preserve, protect or perfect the Lien created or intended to be created hereby or the validity or priority of such Lien, all at the expense of Grantors. Each Grantor also agrees to provide to the Collateral Agent, from time to time upon request, evidence reasonably satisfactory to the Collateral Agent as to the perfection and priority of the Lien created or intended to be created hereby.

SECTION 13 Governing Law

THIS AGREEMENT SHALL BE GOVERNED BY, AND CONSTRUED IN ACCORDANCE WITH, THE LAW OF THE COMMONWEALTH OF MASSACHUSETTS WITHOUT GIVING EFFECT TO CONFLICTS OF LAWS PRINCIPLES THEREOF.

SECTION 14 Termination

14.1 This Agreement and the Security Interest (i) shall terminate upon Payment in Full (as defined in the Security Agreement) and (ii) shall continue to be effective or shall be reinstated, as the case may be, if at any time any payment in respect of any Obligation is rescinded or must otherwise be restored by any Credit Party upon any bankruptcy or reorganization of any Grantor or otherwise.

14.2 Upon any sale or other transfer or disposition by any Grantor of any IP Collateral (other than to another Grantor) that is permitted under Section 7.05 of the Credit Agreement, the Security Interest in such IP Collateral shall be automatically released. In connection with such release, the Collateral Agent shall execute and deliver to any Grantor, at such Grantor's expense, all UCC termination statements and other documents that such Grantor shall reasonably request to evidence such termination or release, provided, however, such release shall not in any manner discharge, affect, or impair the Obligations or any liens (other than those expressly being released) upon (or obligations of any Loan Party in respect of) all IP Collateral retained by any Loan Party including, without limitation, the proceeds of any sale, all of which shall continue to constitute part of the Collateral.
