WITNESSETH:

WHEREAS, the Grantors are party to a Guarantee and Security Agreement of even date herewith (as amended, amended and restated, supplemented or otherwise modified from time to time, the "Security Agreement") in favor of the Administrative Agent pursuant to which the Grantors are required to execute and deliver this Trademark Security Agreement;

NOW, THEREFORE, in consideration of the premises and to induce the Administrative Agent and the Lenders to enter into the Credit Agreement, each Grantor hereby agrees with the Administrative Agent, for the ratable benefit of the Secured Parties, as follows:

SECTION 1. Defined Terms. Unless otherwise defined herein, terms defined in the Security Agreement and used herein have the meaning given to them in the Security Agreement.

SECTION 2. Grant of Security Interest in Trademark Collateral. Each of the Grantors hereby pledges and grants to the Administrative Agent, and hereby grants to the Administrative Agent, for the ratable benefit of the Secured Parties, a security interest in, all of such Grantor's right, title and interest in the following property now owned or at any time hereafter acquired by such Grantor or in which such Grantor now has or at any time in the future may acquire any right, title or interest, other than Excluded Property (the "Trademark Collateral"), as collateral security for the prompt and complete payment and performance when due (whether at the stated maturity, by acceleration or otherwise) of the Obligations:

(a) all rights, priorities and privileges relating to (i) all trademarks, trade names, corporate names, company names, business names, fictitious business names, trade styles,

service marks, logos and other source or business identifiers, and all goodwill connected with the use of and symbolized thereby, all registrations and recordings thereof, and all applications for registration of any of the foregoing, whether in the United States Patent and Trademark Office or in any similar office or agency of the United States or any State thereof or any other country or any political subdivision thereof, and all common-law rights related thereto, including, without limitation, any of the foregoing referred to in Schedule I attached hereto, and (ii) the right to obtain all renewals thereof including the trademarks listed on Schedule I attached hereto;

(b) all rights to sue at law or in equity for any infringement or other violation of rights of the foregoing including the right to receive all proceeds and damages therefrom; and

(c) to the extent not otherwise included, all Proceeds, Supporting Obligations and products of any and all of the foregoing and all collateral security and guarantees given by any Person with respect to the foregoing.

Notwithstanding the foregoing, the term Trademark Collateral and the terms set forth in this Section 2 defining the components of the Trademark Collateral shall not include, and this Trademark Security Agreement shall not constitute a grant of security interest in, any Trademark application filed in the United States Patent and Trademark Office on the basis of Grantor's intent to use such Trademark unless and until evidence of the use of such Trademark is accepted by the United States Patent and Trademark Office, to the extent and for so long as creation by a Grantor of a security interest therein would result in the invalidation of such application or resulting registration.

SECTION 3. Security Agreement. The security interest granted pursuant to this Trademark Security Agreement is granted contemporaneously and in conjunction with the security interest of the Administrative Agent granted pursuant to the Security Agreement and Grantors hereby acknowledge and affirm that the rights and remedies of the Administrative Agent with respect to the security interest in the Trademark Collateral granted hereby are more fully set forth in the Security Agreement, the terms and provisions of which are incorporated by reference herein as if fully set forth herein. In the event that any provision of this Trademark Security Agreement is deemed to conflict with the Security Agreement, the provisions of the Security Agreement shall control.

SECTION 4. Termination. (i) Upon the payment in full of the Obligations (other than contingent indemnification and contingent expense reimbursement obligations, Obligations in respect of Secured Hedge Agreements and Cash Management Obligations), and termination of the Security Agreement, the Liens created hereby shall automatically be released and (ii) if any of the Trademark Collateral subject hereto shall be sold, transferred or otherwise disposed of by any Grantor (other than any sale, transfer or disposition to a Grantor) in a transaction permitted by the Credit Agreement or the Liens of the Administrative Agent are released in all the Collateral pursuant to Clause (j) of Article VIII of the Credit Agreement, then the Liens created hereby on such Trademark Collateral shall automatically be released, and in each case the Administrative Agent shall, at the sole expense of such Grantor(s), promptly execute and deliver to the Grantors an instrument in writing in recordable form releasing the collateral assignment and grant of security interest in the applicable Trademark Collateral created under this Trademark Security Agreement.

SECTION 5. Counterparts. This Trademark Security Agreement may be executed by one or more of the parties to this Trademark Security Agreement on any number of separate counterparts (including by telecopy or other electronic means, including pdf), and all of said counterparts taken together shall be considered one and the same instrument.

SECTION 6. Governing Law. This Trademark Security Agreement shall be governed by, and construed and interpreted in accordance with, the law of the State of New York.
