TRADEMARK AND TRADE NAME ASSIGNMENT

THIS TRADEMARK AND TRADE NAME ASSIGNMENT (this "Assignment") is entered into as of August 31, 2011 by and between Deltak, L.L.C., a Delaware limited liability company (the "Seller"), and Hamon Acquisitions, Inc., a Delaware corporation (the "Buyer").

RECITALS

A. The Seller is the owner of all right, title and interest in and to the trademark registrations listed in the Schedule attached hereto as well as any derivative or substantially similar registered and unregistered marks, designs and logos (altogether, the "Trademarks"), and has adopted and used those marks in connection with products and services relating to the business of designing and constructing specialty boiler systems and small to mid-sized heat recovery steam generator systems, including designing and constructing any related combined cycle selective catalytic reduction exhaust systems, and providing field support and quality assurance services with respect thereto, as currently conducted by the Seller (the "Business"); provided, however, that notwithstanding any other provision of this Assignment to the contrary, the Business and the assigned Trademarks shall not include any assets or liabilities related to the Simple Cycle SCR Business (as defined in the Purchase Agreement (defined below));

B. The Seller is the owner of all right, title and interest in and to the trade name Deltak, L.L.C. and substantially similar names (the "Trade Name");

C. The Seller and the Buyer are parties to that certain Asset Purchase Agreement, dated as of August 5, 2011 (the "Purchase Agreement"), pursuant to which, among other things, the Seller has agreed to transfer the Trademarks and the Trade Name to the Buyer; and

D. The Buyer desires to acquire all right, title and interest in and to the Trademarks and the Trade Name, the common law rights associated therewith and the registrations and applications therefor, in the United States and countries foreign thereto, and all of the goodwill of the business associated with the use of and symbolized by the Trademarks and the Trade Name.

In consideration of the mutual covenants and agreements and upon the terms and subject to the conditions hereinafter set forth, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties, intending to legally bound hereby, agree as follows:

1. The Seller does hereby sell, assign and transfer unto the Buyer, its successors and assigns, the entire right, title and interest in and to the Trademarks and the Trade Name, the common law rights associated therewith and the registrations and applications therefor, in the United States and countries foreign thereto, and all of the goodwill of the business associated with the use of and symbolized by the Trademarks and the Trade Name.

2. For the above consideration, the Seller agrees promptly upon request of the Buyer, its successors or assigns, to execute and deliver without further compensation any additional papers that may be necessary or desirable to fully secure to the Buyer, its successors and assigns, the Trademarks and the Trade Name and any rights therein, in the United States and in any country foreign thereto and covenants that it will cease and desist all of its uses of both the Trademarks and the Trade Name throughout the world, and that it will not oppose or otherwise impede any effort by the Buyer to enforce or procure registration of any of the Trademarks or the Trade Name before any administrative, government, or other tribunal. If for any reason the Buyer is unable, after reasonable effort, to secure the Seller's signature on any document needed to procure or perfect the Buyer's interest in any of the Trademarks or the Trade Name, the Seller hereby appoints the Buyer as its attorney in fact, with full power of substitution, on behalf of the Seller and for the benefit of the Buyer, to execute and enter into any documentation relating to the Trademarks and/or the Trade Name, to secure recordation or registration of the Trademarks and/or the Trade Name, and to secure recordation or registration of this Assignment.

3. This Assignment is effective as of the day and year first above written.
