This Confirmation of Trademark Assignment ("**Assignment**") is entered into by and between newScale LLC a California Limited Liability Company ("**newScale**"), and Cisco Systems, Inc., a California corporation ("**CSI**").

**WHEREAS**, pursuant to a prior Asset Transfer Agreement effective April 18, 2011 between newScale and CSI (the "**Asset Transfer Agreement**"), certain intellectual property rights, including without limitation all rights, title and interest in and to the newScale Marks (as defined below), were assigned previously to CSI.

newScale has assigned and transferred, and CSI has received and accepted, all of newScale's rights, title and interest throughout the world in and to the newScale Marks and all the rights, claims and privileges pertaining to the newScale Marks, including without limitation: the registrations and applications pertaining thereto (except for newScale's Intent-to-Use U.S. applications for which Amendments to Allege Use or Statements of Use have not yet been filed with the U.S Patent and Trademark Office), together with all of the goodwill of the business associated with and symbolized by the newScale Marks; and the right to sue and recover damages for past, present and future infringements thereof and to stand in the place of newScale in all matters related thereto.

newScale hereby authorizes and requests the United States Commissioner of Patents and Trademarks and the relevant officials of foreign countries to implement this Assignment.
