Affidavit to Correct Error in Recorded Assignment Document

Pursuant to Trademark Manual of Examining Procedure Sec. 503.06(b), Dresser-Rand Company, a general partnership legally organized under the laws of New York, having as partners Dresser-Rand LLC, a Delaware limited liability company, and Dresser-Rand Group Inc., a Delaware corporation, and having an address of Paul Clark Drive, Olean, New York 14760, submits the following affidavit to correct an error in a recorded assignment document recorded at Reel 003471 and Frame 0914 on January 31, 2007, effective June 30, 2005, a copy of which is attached (the "Trademark Assignment").

In the Trademark Assignment between D-R Steam LLC, a Delaware limited liability company and the assignor, and Dresser-Rand Company, the assignee, the assignment incorrectly identified Dresser-Rand Company as a New York corporation. No such corporation existed at the time of the execution of the assignment. Dresser-Rand Company should have been identified in the assignment as a New York general partnership, as recited above, which it was at the time of the execution of the assignment and remains today and to which the Marks recited therein are and have been assigned, as recited therein. Dresser-Rand Company respectfully requests that the Trademark Assignment be corrected accordingly.

As required by Trademark Manual of Examining Procedure Sec. 503.06(b), this affidavit is accompanied by a copy of the originally recorded papers, a cover sheet and the required fee for each application or registration to be corrected.

The undersigned, being hereby warned that willful false statements and the like so made are punishable by fine or imprisonment, or both, under 18 U.S.C. Section 1001, and that such willful false statements may jeopardize the validity of this form, declares that he/she is properly authorized to execute this form on behalf of Dresser-Rand Company and that all statements made of his/her own knowledge are true and that all statements made on information and belief are believed to be true.
