RELEASE OF PATENT AND TRADEMARK SECURITY AGREEMENT
AND SECURITY INTERESTS

THIS RELEASE OF PATENT AND TRADEMARK SECURITY AGREEMENT AND SECURITY INTERESTS (this "Release") is entered into as of May 30, 2012 by Cratos Capital Management, LLC (the "Agent") under that certain Patent Collateral Assignment and Security Agreement (the "Agreement") executed September 22, 2006 and as confirmed on March 11, 2008, between the Agent and CV Holdings and its affiliates including CSP Technologies, Inc. ("CVH").

WHEREAS, to secure the prompt payment and performance of the Obligations to Agent and the other Lenders, Agent was granted by the Agreement a security interest by CVH in certain patents and trademarks listed on Exhibit A hereto, recorded thereto with the United States Patent and Trademark Office; and

WHEREAS, Agent has received consideration or a full and complete release of the security interest and liens on the patents and trademarks listed on Exhibit A;

NOW THEREFORE, Agent represents and agrees as follows:

1. Agent hereby releases, cancels and terminates all of its right, title and interest in and to any CVH patents and trademarks including but not limited to those listed on Exhibit A, including its security interest and all other rights with respect, and reconveys and assigns to CVH any and all right, title and interest that it may have in and to the Patent Collateral without any representation or warranty (other than a representation and warranty that it has not transferred or assigned its interest in any CVH patents and trademarks including but not limited to those listed on Exhibit A to any third party). Without limiting the generality of the foregoing, this Release is intended to and shall forever terminate and reconvey the irrevocable rights in the CVH patents and trademarks conveyed to Agent under the Agreement, and to terminate the Agreement with respect to all security interests and liens granted thereunder in the CVH patents and trademarks.
2. Agent agrees that hereafter it will not take any action with respect to the CVH patents and trademarks including but not limited to those listed on Exhibit A.
