**INTELLECTUAL PROPERTY ASSIGNMENT**

**THIS INTELLECTUAL PROPERTY ASSIGNMENT** (this "Assignment"), is made as of the 30<sup>th</sup> day of January, 2012 (the "Effective Date") by ATHANASIOS POLYZOS, an individual having an address at 1200 Sheppard Avenue E., #514, Toronto, ON M2K 2S5 ("Assignor") in favor of PARA USA, LLC, a Delaware limited liability company having its principal office at 10620 Southern Loop Boulevard, Pineville, NC 28134 ("Assignee"). Capitalized terms used in this Assignment but not defined herein shall have the meanings ascribed to them in the Asset Purchase Agreement (as defined below).

**WHEREAS**, this Assignment is entered into pursuant to Section 2.04 of the Asset Purchase Agreement dated as of January 30, 2012 by and among Para USA, Inc., Assignor and Assignee, or its designee (the "Asset Purchase Agreement"), whereby the parties thereto agreed to execute additional documents and instruments in order to transfer certain intellectual property in accordance with the terms and conditions of the Asset Purchase Agreement;

**WHEREAS**, Assignor is the owner of the patents and the inventions described and claimed in the patents (collectively, the "Patents") and trademarks and trademark applications (the "Marks", and collectively with the Patents, the "Intellectual Property") described in Exhibit A, attached hereto and incorporated by reference herein; and

**WHEREAS**, Assignor desires to convey, transfer, assign, deliver, and contribute to Assignee all of its right, title, and interest in and to the Intellectual Property.

**NOW, THEREFORE**, for good and valuable consideration, the receipt of which is hereby acknowledged, Assignor hereby irrevocably conveys, transfers, assigns, delivers, and contributes to Assignee: (i) all of Assignor's right, title, and interest of whatever kind in and to the Intellectual Property in the United States and all jurisdictions outside the United States (including, without limitation, the right to obtain renewals, reissues and extension of any registrations included in the Intellectual Property, the right to apply for patent and trademark registrations within or outside the United States based in whole or in part upon the Intellectual Property, and any priority right that may arise for the Intellectual Property), (ii) all goodwill of the business connected with and symbolized by the Intellectual Property and (iii) all rights to sue for and recover damages and profits based on any past, present or future infringement and/or dilution of any of Assignor's rights in or to the Intellectual Property or injury to the goodwill associated with the Intellectual Property, whether known or unknown, the same to be held and enjoyed by Assignee as fully and entirely as said interest could have been held and enjoyed by Assignor had this sale, assignment, transfer and conveyance not been made.

On the date hereof, Assignor shall file or cause to be filed, "Form PTO-1594" and "Form PTO-1595," attached hereto as Exhibit B and Exhibit C, respectively, and incorporated by reference herein, for each of the Marks and Patents, respectively.

Assignor irrevocably authorizes the Commissioner of Patents and Trademarks of the United States and other empowered officials of the United States Patent and Trademark Office and in any applicable jurisdictions outside the United States to record the transfer of the

registrations and/or applications for registration set forth on Exhibit A to Assignee as assignee of Assignor's entire right, title, and interest therein. Within ten (10) days after the date hereof, Assignor shall provide Assignee with evidence satisfactory to Assignee that such recordation of the transfer of the registrations and/or applications for registration set forth on Exhibit A, including, without limitation, the filing of "Form PTO-1594" and "Form PTO-1595," has occurred.

Assignor shall, at any time and from time to time after the date hereof, upon the reasonable request of Assignee, execute, acknowledge and deliver to Assignee all such further deeds, assignments, transfers, conveyances, powers of attorney and assurances, and take all such further actions, as Assignee deems necessary or desirable to give effect to the transactions contemplated by this Assignment. In the event Assignor does not promptly take such action as reasonably requested by Assignee, Assignor shall be deemed to have granted to Assignee as its true and lawful attorney-in-fact and agent with full power of substitution and reconstitution for him and in his name, place and stead in any and all capacities to execute in the name of Assignor any and all such further reasonable actions as Assignee deems necessary or desirable to give effect to the transactions contemplated by this Assignment, granting unto said attorney-in-fact and agent and full power and authority to do and perform each and every reasonable action required or necessary to be done to give effect to the transactions contemplated by this Assignment, as fully as Assignor might or could do in person, hereby ratifying and confirming all that said attorney-in-fact and agent or its substitute or substitutes, may lawfully do or cause to be done by thereof.

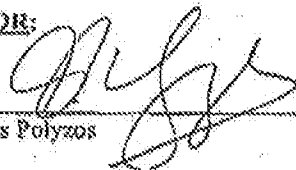

This Assignment shall be governed by and construed in accordance with the laws of the State of New York, without giving effect to such State's conflicts of laws principles.
