TRADEMARK ASSIGNMENT

This TRADEMARK ASSIGNMENT (this "Assignment") is made as of June 28, 2012, by and between THE LOUIS BERKMAN LLC WEST VIRGINIA D/B/A FOLLANSBEE STEEL, a West Virginia limited liability company having its principal place of business at P.O. Box 610, Follansbee, West Virginia 26037 and THE LOUIS BERKMAN COMPANY (collectively, "Assignors"), and REVERE COPPER PRODUCTS, INC., a Delaware corporation, having its principal place of business at One Revere Park, Rome, New York 13440 ("Assignee").

WHEREAS, Assignors and Assignee have entered into an Asset Purchase Agreement dated as of June 6, 2012 (the "Asset Purchase Agreement") (capitalized terms used herein which are not otherwise defined shall have the meanings given to such terms in the Asset Purchase Agreement);

WHEREAS, pursuant to the Asset Purchase Agreement, Assignors have agreed to sell, transfer, assign, convey, and deliver the Assets to Assignee, and Assignee has agreed to purchase or be assigned and assume, all right, title and interest of Assignors in, to or under the Assets upon the terms and subject to the conditions of the Asset Purchase Agreement; and

WHEREAS, pursuant to the Asset Purchase Agreement, Assignors have agreed to sell, transfer, assign, convey, and deliver to Assignee, and Assignee has agreed to purchase and acquire from Assignors, all of Assignors' right, title and interest in, to or under all Trademarks owned, leased, licensed, used, or held for use in, or relating to, the Business, including but not limited to the Trademark registrations set forth on Schedule A attached hereto (collectively, the "Assigned Trademarks").

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged:

Assignors hereby sell, transfer, assign, convey and deliver to Assignee, and its successors, assigns, and legal representatives their entire right, title and interest in and to the Assigned Trademarks, for the United States and for all foreign countries, including, without limitation, any registrations and applications therefor, any renewals and extensions of the registrations, all goodwill associated therewith or symbolized thereby, and all other corresponding rights that are or may be secured under the laws of the United States or any foreign country, now or hereafter in effect, for Assignee's own use and enjoyment, and for the use and enjoyment of Assignee's successors, assigns or other legal representatives, as fully and entirely as the same would have been held and enjoyed by Assignors if this Assignment had not been made, together with all income, royalties, damages, claims, and payments with respect thereto due or payable as of the Closing Date or thereafter, and in and to all causes of action, including, without limitation, all causes of action (either in law or equity) and claims for damages by reason of past, present or future infringement, dilution or other unauthorized use of the Assigned Trademarks, with the right to sue for, and collect the same for Assignee's own use and enjoyment and for the use and enjoyment of its successors, assigns or other legal representatives.

This Assignment is delivered pursuant to the Asset Purchase Agreement and is subject to all of the terms of the Asset Purchase Agreement. In the event of a conflict between the terms and

Assignors hereby authorize and request the Commissioner of Patents and Trademarks, and the corresponding entities or agencies in any applicable foreign countries, to record Assignee as the assignee and owner of the entire right, title and interest in and to the Assigned Trademarks.

Assignors covenant and agree to execute and deliver to Assignee such further instruments of conveyance, assignment or transfer (including, without limitation, assignments required by any foreign country) as Assignee may reasonably request in order to more fully vest in Buyer all of Assignors' right, title and interest in and to the Assigned Trademarks and the goodwill associated therewith.
