PATENT AND TRADEMARK ASSIGNMENT

THIS PATENT AND TRADEMARK ASSIGNMENT (this "Assignment") is made and entered into as of July 1, 2012 ("Effective Date") by and between Grabber Construction Products, Inc., a Utah corporation with its principal office at 20 West Main Street, Suite 200, Alpine, Utah 84004-1889 ("Assignee"), and JJCT Enterprises, Inc., a California corporation with its principal office at 4375 Dunnwood Drive, El Dorado Hills, California 95762 ("Assignor").

WHEREAS, Assignor and Assignee are parties to that certain Asset Purchase Agreement date of even date herewith (the "Agreement");

WHEREAS, pursuant to the Agreement, Assignor wishes to assign to Assignee, and Assignee wishes to acquire from Assignor, all of Assignor's right title and interest to (i) the patents and patent applications set forth on Schedule A attached hereto and (ii) the trademark registrations, applications for trademark registrations and the unregistered trademarks set forth on Schedule B attached hereto, including the goodwill symbolized by, and associated with, each of the trademarks (whether registered or not) set forth in Schedule B (collectively, the "Intellectual Property"); and

WHEREAS, pursuant to the Agreement, Assignee grants a security interest in the Intellectual Property to Assignor to secure Assignee's obligations under the Agreement (the "Security Interest").

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignor hereby sells, assigns, transfers and sets over to Assignee its entire right, title and interest in and to the Intellectual Property, for the United States and for all foreign countries, including, without limitation, any trademark registrations and applications therefor, any renewals and extensions of the trademark registrations, any patent applications, patents, and reissued patents, and all other corresponding rights that are or may be secured under the laws of the United States or any foreign country, now or hereafter in effect, for Assignee's own use and enjoyment, and for the use and enjoyment of Assignee's successors, assigns or other legal representatives, as fully and entirely as the same would have been held and enjoyed by Assignor if this Assignment had not been made, together with the right to pursue any and all causes of action arising by reason of past, present or future infringement or other unauthorized use of any of the Intellectual Property, and all income, royalties or payments due or payable as of the Effective Date or thereafter, including, without limitation, all claims for damages by reason of past, present or future infringement or other unauthorized use of any of the Intellectual Property, with the right to sue for, and collect the same for Assignee's own use and enjoyment and for the use and enjoyment of its successors, assigns or other legal representatives.

Assignor hereby requests the Commissioner of Patents and Trademarks, and the corresponding entities or agencies in any applicable foreign countries, to record Assignee as the assignee and owner of the Intellectual Property.

Assignor represents and warrants that: (i) it is the sole and exclusive owner of the entire right, title and interest in and to the Intellectual Property (including the corresponding rights set forth in the above), free and clear of any liens, security interests or other encumbrances except for the Security Interest (as defined in Section 3. 'Grant of Security Interest' of the Agreement); (ii) Assignor has the full right and authority to execute this Assignment and to assign to Assignee the rights assigned herein; and (iii) it has not executed, and will not execute, any agreement or other instrument in conflict herewith.

Assignor shall, without expense to Assignee, take all further actions, and provide to Assignee, Assignee's successors, assigns or other legal representatives, all such cooperation and assistance (including, without limitation, the execution and delivery of any and all affidavits, declarations, oaths, samples, exhibits, specimens, assignments, powers of attorney or other documentation) reasonably requested by Assignee to more fully and effectively effectuate the purposes of this Assignment, including, without limitation, with respect to the following: (1) the preparation and prosecution of any trademark application for registration, or any trademark application for renewal of a registration, the preparation and prosecution of any patent application, or reissue of any patent, relating to any of the rights assigned herein; (2) the prosecution or defense of any interference, reexamination, opposition, cancellation, infringement or other proceedings that may arise in connection with any of the rights assigned herein, including, without limitation, testifying as to any facts relating to the Intellectual Property and this Assignment; (3) obtaining any additional patent or trademark protection relating to rights assigned herein that Assignee reasonably may deem appropriate that may be secured under the laws now or hereafter in effect in the United States or in any foreign country; and (4) in the implementation or perfection of this Assignment in all applicable jurisdictions throughout the world.
