TRADEMARK ASSIGNMENT

This Trademark Assignment (“**Assignment**”), made as of August 31, 2012, is entered into by and between Wound Care Strategies, Inc., a Pennsylvania corporation (“**Assignor**”), and NHS WCS, LLC, a Delaware limited liability company (“**Assignee**”).

WHEREAS, Assignor is the owner of the registered trademarks and service marks listed in Exhibit A attached hereto (collectively, the “**Registered Marks**”); and

WHEREAS, Assignee desires to acquire the entire right, title and interest in and to the Registered Marks.

NOW, THEREFORE, in consideration of the foregoing, and other good and valuable consideration, the receipt and sufficiency of which are hereby mutually acknowledged, Assignor hereby agrees as follows:

1. Assignor hereby sells, transfers, assigns and agrees to assign, and delivers to Assignee, its successors, legal representatives and assigns, Assignor’s entire right, title and interest in and to the Registered Marks, together with all goodwill associated with such Registered Marks and all registrations and applications therefor, in the United States and in all foreign countries or jurisdictions, including any renewals and extensions of the registrations that are or may be secured under the laws of the United States and all foreign countries or jurisdictions, now or hereafter in effect, for Assignee’s own use and enjoyment, and for the use and enjoyment of Assignee’s successors, assigns or other legal representatives, as fully and entirely as the same would have been held and enjoyed by the Assignor if this assignment and sale had not been made. Assignor requests the Commissioner of Patents and Trademarks to record Assignee as the assignee and owner of the Registered Marks.

2. Assignor shall provide to Assignee, its successors, assigns or other legal representatives, cooperation and assistance at Assignee’s reasonable request and expense (including the execution and delivery of any and all affidavits, declarations, oaths, samples, exhibits, specimens and other documentation as may be reasonably required) in the implementation or perfection of this Assignment.
