INTELLECTUAL PROPERTY ASSIGNMENT

THIS INTELLECTUAL PROPERTY ASSIGNMENT (the "Assignment") is made and entered into as of October 1, 2012 (the "Effective Date"), by and between Infogroup, Inc., a Delaware corporation (the "Assignor"), and OneSource Information Services, Inc., a Delaware corporation (the "Assignee"). Capitalized terms not defined herein shall have the meanings ascribed to them in the Purchase Agreement (as defined below).

WHEREAS, in connection with that certain Purchase and Sale Agreement dated as of the date hereof (as may be amended, modified or supplemented, the "Purchase Agreement"), by and among the Assignor and Purchaser, Assignee wishes to acquire from Assignor, and Assignor wishes to assign to Assignee, the Assignor's entire right, title and interest in and to: (i) the trademarks and trademark applications set forth on Schedule A, together with all rights derived therefrom, including statutory, common law and contractual rights, and any and all goodwill connected with and symbolized by, in, to and under any of the foregoing ("Trademarks"); (ii) the copyright registrations and applications for copyright registration set forth on Schedule B ("Copyrights"); (iii) the domain name registrations set forth on Schedule C ("Domain Names"); and (iv) all content used on the Assignee's websites that is owned or was developed by Assignor, excluding any Seller IP, Names and Marks and any data used or referenced from the Infogroup Database ("Website Content").

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereto agree as follows:

Assignor hereby contributes, assigns, transfers, conveys, delivers and sets over to Assignee, the Assignor's entire right, title and interest in and to the Trademarks, Copyrights, Domain Names and Website Content, including all rights therein that are or may be secured under the laws of the United States or any foreign country, now or hereafter in effect, together with all income, royalties, damages or payments accrued, due or payable as of the Effective Date or thereafter with respect thereto, including, without limitation, all claims for damages by reason of past, present or future infringement or other unauthorized use of the Trademarks, Copyrights, Domain Names or Website Content, with the right to sue for, and collect the same, in each case, for Assignee's own use and enjoyment and for the use and enjoyment of its successors, assigns and other legal representatives, as fully and entirely as the same would have been held and enjoyed by Assignor if this Assignment had not been made.

Assignor hereby requests the Register of Copyrights of the United States, the Commissioner of Patents and Trademarks, and the corresponding entities or agencies in any applicable foreign countries, to record Assignee as the assignee and owner of the Trademarks and Copyrights.

Assignor shall take such commercially reasonable actions, and provide to Assignee, its successors, assigns, and other legal representatives, such commercially reasonable cooperation and assistance, at Assignee's request (including, without limitation, the execution and delivery of any and all affidavits, declarations, oaths, samples, exhibits, specimens, assignments, powers of attorney and other documentation) as may be required to effect the assignment to Assignee of the

Trademarks, Copyrights, Domain Names and Website Content in accordance with the terms hereof.

Neither the making nor the acceptance of this conveyance, assignment, transfer and assumption shall enlarge, restrict or otherwise modify the terms of the Purchase Agreement or constitute a waiver or release by any party to the Purchase Agreement of any obligations or duties imposed thereby. For the avoidance of doubt, in the event of any conflict or ambiguity between the provisions of this Assignment, on the one hand, and the provisions of the Purchase Agreement, on the other hand, the Purchase Agreement shall control.

The law of the State of Delaware shall govern all questions concerning the construction, validity, interpretation and enforceability of this Assignment, and the performance of the obligations imposed by this Assignment, without giving effect to any choice of law or conflict of law rules or provisions (whether of the State of Delaware or any other jurisdiction) that would cause the application of the laws of any jurisdiction other than the State of Delaware.
