ASSIGNMENT OF INTELLECTUAL PROPERTY

THIS ASSIGNMENT OF INTELLECTUAL PROPERTY (this "Assignment") is made as of May 5, 2010, by and between ANW/Crestwood, Inc., a corporation organized under the laws of the State of New Jersey ("Buyer"), and Westrim, Inc., a corporation organized under the laws of the State of California ("Seller"), pursuant to an Asset Purchase Agreement, dated as of January 23, 2010, as amended by that certain First Amendment to Asset Purchase Agreement, dated March 15, 2010, and that certain Second Amendment to Asset Purchase Agreement, dated May 4, 2010 (collectively, the "Agreement"), by and among Seller, Buyer and Creativity Crafts, Inc., a corporation organized under the laws of the State of California. All capitalized terms used in this Assignment and not otherwise defined herein shall have the meanings given to such terms in the Agreement.

Explanatory Statements

Seller is the holder of certain Intellectual Property used in connection with its Business. Seller has agreed to sell, convey, transfer, assign, and deliver to Buyer all of the Intellectual Property used in the Business pursuant to the Agreement and this Assignment.

Agreement

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Seller agrees as follows:

1. Seller hereby does irrevocably sell, convey, transfer, and assign to Buyer, its successors and assigns, effective as of the date first set forth above, one hundred percent (100%) ownership interest in and to the Intellectual Property (including, but not limited to, the Intellectual Property set forth on Exhibits A-C attached hereto), the same to be held and enjoyed by Buyer, its respective successors and assigns, as fully and entirely as the same would have been held and enjoyed by Seller had this Assignment not been made. Buyer shall have full and unrestricted right to make, use, license, assign, offer to sell, sell, encumber, secure, loan, and otherwise exploit the Intellectual Property to its fullest extent anywhere in the world, without the consent of and without accounting to Seller and without sharing the revenue or profits generated by or through such use, license, assignment, sale, encumbrance, loan or other exploitation of the Intellectual Property. Seller hereby agrees that: (a) it shall not take any action that may restrict Buyer's ownership rights in the Intellectual Property; and (b) that it shall discontinue any use or exploitation of the Intellectual Property.

2. Seller agrees, without further consideration, to take such actions, including without limitation, the execution, acknowledgment, and delivery of documents, as may be necessary and appropriate or reasonably requested by Buyer to further effectuate the assignment contemplated herein. Seller acknowledges and agrees that any violation of this Assignment will cause immediate and irreparable harm and the damages may be difficult or impossible to measure. Therefore upon any actual or impending violation of this Assignment, Buyer may seek a restraining order, preliminary and permanent injunction, without bond, restraining or enjoining any such violation by Seller or any person or entity acting in concert with or on behalf of Seller. Such remedy shall be additional to and not in limitation of any other remedy that may otherwise be available either in equity or at law.

3. This Assignment shall be binding upon the Seller and its successors and assigns, and shall inure to the benefit of Buyer and its successors and assigns. This Assignment shall be governed by, and construed in accordance with applicable United States law and the laws of the State of Delaware, without reference to any conflicts of laws principles. Whenever possible, each provision of this Assignment will be interpreted in such manner as to be effective and valid under applicable law, but if any provision of this Assignment is held to be prohibited by or invalid under applicable law, such provision will be deemed

severable and ineffective only to the extent of such prohibition or invalidity, without invalidating the remainder of such provision or the remaining provisions of this Assignment unless the consummation of the transaction contemplated hereby is adversely affected thereby. The failure of any party hereto to enforce at any time any provision of this Assignment shall not be construed to be a waiver of such provision, nor in any way to affect the validity of this Assignment or any part hereof or the right of any party thereafter to enforce each and every such provision. No waiver of any breach of this Assignment shall be held to constitute a waiver of any other or subsequent breach. This Assignment may be executed in counterparts and multiple originals and by facsimile, each of which shall be deemed an original, but all of which taken together shall constitute one and the same instrument.
