TRADEMARK ASSIGNMENT

This Trademark Assignment ("Assignment") is made as of October 9, 2012, by and between GE Healthcare Bio-Sciences Corp., a Delaware Corporation with its principal place of business at 800 Centennial Ave., Piscataway NJ 08854 ("Assignor"), and Maine Manufacturing LLC, a Maine limited liability company with its principal place of business at 63 Community Drive, Sanford ME 04073 ("Assignee").

WHEREAS, Assignee desires to acquire from Assignor, and Assignor wishes to transfer to Assignee, all right, title and interest in and to the United States registration of FAST (Reg. No. 2,752,029) for "proteomic and genomic array products, namely, nitrocellulose coated microarray slides and membranes used on such slides." ("Assigned Mark")

WHEREAS, Assignor also owns and wishes to retain all right, title, and interest in and to the trademarks and service marks set forth in the attached Schedule A ("Retained Marks");

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignor hereby irrevocably assigns, sells, and transfers to Assignee, all of Assignor's right, title, and interest in and to the Assigned Mark, including all state and common law rights, together with the goodwill of the business symbolized by the Assigned Mark, and the registrations and applications therefor, including any renewals and all rights to damages and profits, due or accrued, arising out of past, present, or future infringements of said Assigned Mark, and the right to sue for and recover the same, for sale and marketing of the goods covered by the registration ("Assigned Mark Field"). For the avoidance of doubt, such assignment does not include the right of Assignee to use, register or allow others to use or register the Assigned Mark anywhere throughout the world, either alone or in combination with other words or matter for the goods or services covered by the Retained Marks.

Assignee hereby acknowledges Assignor's rights in and to the Retained Marks and acknowledges that this Assignment shall not restrict Assignor's use and registration of the Retained Marks. Assignee agrees not to challenge, oppose, or otherwise object to the use or registration of the Retained Marks throughout the world by Assignor or any third party with which Assignor has entered into an agreement, in any form or for any goods or services of its choosing except in relation to a use of the Assigned Mark for the Assigned Mark Field.

Assignee shall fully indemnify and hold Assignor harmless against any claims, actions, demands, proceedings, losses, damages, costs or expenses and other liabilities (including reasonable legal costs) incurred as a result of the use of the Assigned Mark by Assignee as permitted under the terms of this Agreement.

Assignor hereby authorizes and requests the Commissioner of Patents and Trademarks to record Assignee as assignee and owner of the Assigned Mark with the United States Patent and Trademark Office.

Assignor agrees to execute and deliver, or cause to be executed and delivered, such documents and other papers and take, or cause to be taken, such further actions as may be

Assignor agrees to execute and deliver, or cause to be executed and delivered, such documents and other papers and take, or cause to be taken, such further actions as may be reasonably required to carry out the provisions of this Assignment and give effect to this Assignment.

This Assignment only transfers the Assignor's right, title, and interest in the Assigned Mark to Assignee under the terms and conditions recited herein. Assignor disclaims any and all warranties, express or implied, with respect to the Assigned Mark and Assignor's interests therein.

This Assignment shall be governed by, and construed and interpreted in accordance with, the law of the State of New York without giving effect to the conflicts of law principles of such state.
