TRADEMARK ASSIGNMENT

This Trademark Assignment (this "*Assignment*") is made and entered into as of December 31, 2012, by and between Cymtec Systems, Inc., a Delaware corporation ("*Assignor*"), and Illumio, Inc., a Delaware corporation ("*Assignee*").

WHEREAS, Assignor and Assignee are parties to that certain Asset Contribution Agreement, dated as of December 31, 2012 (the "*Contribution Agreement*"), pursuant to which Assignor has assigned, transferred and conveyed to Assignee, and Assignee has accepted all of Assignor's right, title and interest in and to all of the trademarks, service marks, and trade names, together with the goodwill associated with and symbolized by them, as set forth in the Contribution Agreement, including, without limitation, those trademarks, service marks, and trade names listed in Schedule I hereto (all such trademarks, service marks, and trade names referred to collectively as the "*Assigned Trademarks*").

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Assignor and Assignee each hereby agree as follows:

1. Assignment. Assignor hereby assigns, transfers, conveys and delivers to Assignee and its successors and assigns, and Assignee hereby accepts from Assignor, all of Assignor's right, title and interest in, to and under the Assigned Trademarks, including, without limitation, all common law trademarks for which no applications or registrations exist, all applications to register any of the Assigned Trademarks, and all registrations that have been or may be granted for any of the Assigned Trademarks, together with all common law rights associated with the applications and registrations, and all goodwill associated with the Assigned Trademarks and symbolized thereby, together with the right to sue and recover damages for future, present and past infringements of the Assigned Trademarks and to fully and entirely stand in the place of Assignor in all matters related to the Assigned Trademarks.

2. Further Assurances. Assignor agrees to execute and deliver such other documents and to take all such other actions which Assignee, its successors and/or assigns may reasonably request to effect the terms of this Assignment, and to execute and deliver any and all affidavits, testimonies, declarations, oaths, samples, exhibits, specimens and other documentation as may be reasonably required to effect the terms of this Assignment and its recordation in relevant state and national trademark offices.

Assignor grants the attorney of record the power to insert on this Assignment any further identification that may be necessary or desirable in order to comply with the rules of the United States Patent and Trademark Office, or rules of other entities including but not limited to United States or foreign governments or patent offices, for recordation of this document.

Assignor does hereby authorize the Director of the United States Patent & Trademark Office, and the empowered official of any country or countries foreign to the United States whose duty it is to record trademark registrations, applications and title thereto, to record the Assigned Trademarks and title thereto as the property of Assignee, its successors, assigns or legal representatives in accordance with the terms of this Assignment.

Assignor represents that Assignor is the sole owner of all rights, title and interest in the Assigned Trademarks and has the rights, titles, and interests to convey as set forth herein, and represents to and covenants with Assignee that Assignor has not made and will not hereafter make any assignment, grant, mortgage, license, or other agreement affecting the right, title, and interest herein conveyed.

3. Miscellaneous. Capitalized terms used without definitions in this Assignment shall have the same meanings ascribed to such capitalized terms in the Contribution Agreement. This Assignment shall be construed and interpreted in accordance with the Contribution Agreement. Nothing in this Assignment shall, or shall be deemed to, modify or otherwise affect any provisions of the Contribution Agreement or affect or modify any of the rights or obligations of the parties under the Contribution Agreement. In the event of any conflict between the provisions hereof and the provisions of the Contribution Agreement, the provisions of the Contribution Agreement shall govern and control.

This Assignment may not be supplemented, altered or modified in any manner except by a writing signed by all parties hereto. The failure of any party to enforce any terms or provisions of this Assignment shall not waive any of its rights under such terms or provisions. This Assignment shall bind and inure to the benefit of the respective parties and their assigns, transferees and successors.

The internal law, without regard for conflicts of laws principles, of the State of Delaware shall govern the validity of this Assignment, the construction of its terms, and the interpretation and enforcement of the rights and duties of the parties hereto.

This Assignment may be executed in one or more counterparts, and by the different parties hereto in separate counterparts, each of which when executed will be deemed to be an original but all of which taken together will constitute one and the same agreement.
