Assignor has secured from its employees the assignment of any rights to any Intellectual Property Asset, and, in the event Assignor has utilized any Assignor subcontractor to author or develop any Intellectual Property Asset, Assignor has entered into such agreements with such third party, and has taken such other steps as are required to secure for Assignee the aforementioned rights called for in this Agreement.

(b) Non-Infringement. To the Assignee's present knowledge and belief, the Intellectual Property Assets have not, do not and will not violate, infringe or misappropriate any copyright, patent, trademark, trade name or other intellectual property right of a third person or misappropriate any trade secret right of a third person. Upon the request of Assignee or any of its successors or assigns at any time and without further compensation of any kind, Assignor agrees to provide, and agrees to cause its employees and any Assignor subcontractor to provide, to Assignee all reasonable assistance to enable Assignee to perfect, for the benefit of Assignee, all right, title and interest in and to the Intellectual Property Assets. Such assistance shall include, but not necessarily be limited to, (i) signing patent, trademark and copyright applications, oaths or declarations, and grants, assignments, and acknowledgments, in favor of Assignee, as well as such ancillary and confirmatory documents as may be required or appropriate, to insure that all right, title and interest in and to the Intellectual Property Assets is clearly and exclusively vested in Assignee, within the United States and any and all foreign countries or other jurisdictions, and (ii) upon the reasonable request of Assignee, furnishing all relevant information and documentation in the possession of Assignor or any Assignor subcontractor and not otherwise reasonably available to Assignee, including information and documentation required by Assignee for submission to the United States Patent and Trademark Office and/or to the United States Copyright Office, and to similar administrative or other Governmental Authorities in any other country in the world or other jurisdiction as requested by Assignee. Upon adequate notice by Assignee, Assignor also shall make available to Assignee, at reasonable times and places for interviewing purposes, any necessary employee or Assignor subcontractor in order that Assignee might obtain information relating to the application for and prosecution of rights in any Intellectual Property Asset.

(b) Assignment of Claims Against Employees and Assignor Subcontractors. To the extent necessary to vest in Assignee the rights in the Intellectual Property Assets as contemplated by this Agreement, Assignor hereby agrees to and does hereby assign to Assignee any cause of action or any rights, arising under agreements or otherwise, that Assignor may have against any of its employees or any Assignor subcontractors, which rights enable or purport to enable Assignor to obtain from its employees or any Assignor subcontractor, ownership, licenses or other Intellectual Property Rights created by such employees or Assignor subcontractor in the course of work performed for or services rendered to Assignor resulting in the Intellectual Property Assets. In addition, Assignor hereby consents to any assignment or other grant or transfer to Assignee by its employees, or any Assignor subcontractor utilized by Assignor, of ownership, licenses, or other interests in any such Intellectual Property Assets.

(c) Non-use. Assignor will not, directly, indirectly or in concert with any other person, use any Intellectual Property Asset, except with the prior express written consent of Assignee.

(d) Taxes. All taxes, duties, withholdings and levies, including, without limitation, assessments, fines, interest and penalties thereon, imposed by any federal, state or local Governmental Authority on or relating to this Agreement or the transactions contemplated hereby shall be assumed and paid by Assignor.

6. General.

(a) Amendments. This Agreement may not be amended or modified except by an instrument in writing signed by or on behalf of each of the Parties hereto.

(b) Non-Waiver. The Parties' respective rights and remedies under this Agreement are cumulative and not alternative. Neither the failure nor any delay by any Party in exercising any right, power or privilege under this Agreement will operate as a waiver of such right, power or privilege, and no single or partial exercise of any such right, power or privilege will preclude any other or further exercise of such right, power or privilege or the exercise of any other right, power or privilege. No waiver will be effective unless it is in writing and signed by an authorized representative of the waiving Party. No waiver given will be applicable except in the specific instance for which it was given. No notice to or demand on a Party will constitute a waiver of any obligation of such Party or the right of the Party giving such notice or demand to take further action without notice or demand as provided in this Agreement.

(c) Binding Effect. This Agreement will inure to the benefit of and bind the Parties and their respective successors and permitted assigns. Nothing in this Agreement, express or implied, may be construed to give any person other than the Parties and their respective successors and permitted assigns any right, remedy, claim, obligation or Liability arising from or related to this Agreement. This Agreement and all of its provisions and conditions are for the sole and exclusive benefit of the Parties and their respective successors and permitted assigns.

(d) Severability. If any court of competent jurisdiction holds any provision of this Agreement invalid or unenforceable, then the other provisions of this Agreement will remain in full force and effect. Any provision of this Agreement held invalid or unenforceable only in part or degree will remain in full force and effect to the extent not held invalid or unenforceable.

Any ambiguities with respect to any provision of this Agreement will be construed fairly as to all Parties and not in favor of or against any Party. All pronouns and any variation thereof will be construed to refer to such gender and number as the identity of the subject may require. The terms "include" and "including" indicate examples of a predicate word or clause and not a limitation on that word or clause.

(g) Governing Law. THIS AGREEMENT WILL BE GOVERNED AND CONSTRUED IN ACCORDANCE WITH THE LAWS OF THE COMMONWEALTH OF PENNSYLVANIA, UNITED STATES OF AMERICA, TO THE EXCLUSION OF BOTH ITS PRINCIPLES AND RULES ON CONFLICTS OF LAWS.
