PATENTS, TRADEMARKS, COPYRIGHTS AND LICENSES SECURITY AGREEMENT

THIS PATENTS, TRADEMARKS, COPYRIGHTS AND LICENSES SECURITY AGREEMENT (this “**Agreement**”) is dated as of December 24, 2012 and made effective as of December 31, 2012 by and among **FOX RUN HOLDINGS, INC., FOX RUN USA, LLC, STOUT DRIVE, LLC, and FOX RUN CANADA CORP.** (each an “**Assignor**” and collectively, the “**Assignors**”) and **FOX CHASE BANK** (“**Assignee**”).

BACKGROUND

A. Pursuant to that certain Loan and Security Agreement dated of even date herewith by and among Assignee, Assignors, Sean Leonard and Owen F. Leonard (such Loan and Security Agreement, as heretofore or hereafter amended, modified or restated, being referred to herein as the “**Loan Agreement**”), Assignee agreed to extend certain credit facilities to Assignors subject to the terms and conditions thereof.

B. All capitalized terms not otherwise defined herein shall have the meanings set forth in the Loan Agreement. All Obligations (as defined in the Loan Agreement) of Assignors to Assignee, whether now or hereafter owing or existing, are sometimes hereinafter referred to collectively as the “**Obligations**”.

2. **Security Interests.**

2.1 **Security Interest (Patents, Copyrights and Licenses).** To secure the complete and timely payment and satisfaction of all Obligations, Assignors hereby assign, mortgage and pledge to Assignee and grant to Assignee security interests in, as and by way of a first mortgage and security interest having priority over all other security interests (other than Liens permitted under the Loan Agreement), with power of sale, to the extent permitted by law, all of Assignors’ right, title and interest in and to all of the following, whether now owned or existing and filed or hereafter acquired or arising and filed (collectively with items named in **section 2.2**, below, the “**Collateral**”):

(a) patents and patent applications, including, without limitation, the inventions and improvements described and claimed therein, and those patents listed on **Exhibit “A”**, attached hereto and made a part hereof, and (i) the reissues, divisions, continuations, renewals, extensions and continuations-in-part thereof, (ii) all income, royalties,

damages and payments now and hereafter due and/or payable under and with respect thereto, including, without limitation, damages and payments for past or future infringements thereof, (iii) the right to sue for past, present and future infringements thereof, and (iv) all rights corresponding thereto throughout the world (all of the foregoing patents and applications, together with the items described in clauses (i)-(iv), are sometimes hereinafter individually and/or collectively referred to as the “**Patents**”);

(b) copyrights, copyright registrations, copyright applications and all computer programs, operating systems, application systems, hardware or software of any nature whatsoever owned by Assignors, whether operational, under development or inactive, including all object codes, source codes, modules, technical manuals, user manuals, operating instructions and procedures, in-put and out-put formats, program listings, narrative descriptions, program flow charts, file layouts, report layouts, screen layouts and other documentation therefor (including internal notes, memoranda, status evaluations, marketing information and write-ups), and all improvements, modifications, enhancements, new releases and revisions thereof, whether in machine-readable form, programming language or any other language or symbols, and whether stored, encoded, recorded or written on disk, tape, film, memory device, paper or other media of any nature; together with all tangible media upon which any of the foregoing are recorded or encoded, including, without limitation, all chips, disks, tapes, film and paper; including, without limitation, the copyrights, copyrights registrations and copyrights applications listed on Exhibit “B” attached hereto and made a part hereof, and (i) all renewals thereof, (ii) all income, royalties, damages and payments now and hereafter due and/or payable with respect thereto, including, without limitation, damages and payments for past or future infringements thereof, and (c) the right to sue for past, present and future infringements thereof (all of the foregoing items are sometimes referred to herein collectively as the “**Copyrights**”); and

(c) license agreements with any other party, whether Assignors are licensors or licensees under any such license agreement, including, without limitation, the licenses listed on Exhibit “C” attached hereto and made a part hereof, and the right to prepare for sale, sell and advertise for sale all inventory now or hereafter owned by Assignors and now or hereafter covered by such licenses (all of the foregoing is hereinafter referred to collectively as the “**Licenses**”).

2.2 Security Interest (Trademarks). To secure the complete and timely payment and satisfaction of all Obligations, Assignors hereby mortgage and pledge to Assignee and grant to Assignee security interests in, as and by way of a first mortgage and security interest having priority over all other security interests (other than Liens permitted under the Loan Documents), with power of sale, to the extent permitted by law, all of such Assignors’ right, title and interest in and to all of the following, whether now owned or existing and filed or hereafter acquired or arising and filed (collectively with items named in section 2.1, above, the “**Collateral**”):

(a) servicemarks, trademarks, servicemark and trademark registrations, tradenames, trademark applications, and all goodwill attendant thereto, including, without limitation, the servicemarks, trademarks, tradenames, registrations and applications listed on Exhibit “D”, attached hereto and made a part hereof, and (i) all renewals thereof, (ii) all income, royalties, damages and payments now and hereafter due and/or payable with respect

thereto, including without limitation, damages and payments for past or future infringements thereof, (iii) the right to sue for past, present and future infringements thereof, and (iv) all rights corresponding thereto throughout the world (all of the foregoing servicemarks, trademarks, servicemark and trademark registrations, tradenames and applications together with the items described in clauses (i)-(iv), are sometimes hereinafter individually and/or collectively referred to as the "**Trademarks**").

3. **Restrictions on Future Agreements.** Assignors agree that until all Obligations shall have been satisfied in full and the Loan Agreement shall have been terminated, Assignors will not, without Assignee's prior written consent, enter into any agreement (including, without limitation, any license or royalty agreement) which is inconsistent with Assignors' obligations under this Agreement or the Loan Agreement and Assignors further agree that they will not take any action, or permit any action to be taken by others, subject to their control, including licensees, or fail to take any action, which would affect the validity or enforcement of the rights of Assignee under this Agreement.

4. **New Patents, Trademarks, and Licenses.** Assignors represent and warrant, based on Assignor's actual knowledge, that the Patents, Trademarks, Copyrights and Licenses listed on **Exhibits "A", "B", "C" and "D"**, respectively, which shall each be amended and supplemented to include those Patents, Trademarks and Copyrights that appear in the ownership searches conducted for the Assignors, which search results will be provided to the Bank within 30 days of this Agreement, constitute all of the patents, trademarks, copyrights, applications and licenses, now owned by Assignors. If, before all Obligations shall have been satisfied in full and the Loan Agreement shall have been terminated, Assignors shall (i) obtain rights to any new patentable inventions, trademarks, trademark registrations, tradenames, copyrights or licenses, or (ii) become entitled to the benefit of any patent, trademark or copyright application, trademark, trademark registration or license renewal, or patent for any reissue, division, continuation, renewal, extension, or continuation-in-part of any Patent or any improvement on any Patent, the provisions of **Article 2** above shall automatically apply thereto and Assignors shall give to Assignee prompt written notice thereof. Assignors hereby authorize Assignee to modify this Agreement by amending **Exhibit "A", "B", "C" and/or "D"**, as applicable, to include any future patents, patent applications, trademarks, trademark registrations, trademark applications, tradenames, copyrights and licenses which are Patents, Trademarks, Copyrights or Licenses, as applicable, under **Article 2** above or under this **Section 4**. Assignors hereby agree to provide to Assignee such assignment or other documentation as Assignee may request to record Assignee's lien on such future Patents, Trademarks, Copyrights or Licenses.

5. **Royalties; Term.** Assignors hereby agree that the use by Assignee of all Patents, Trademarks, Copyrights and Licenses as described herein shall be worldwide, to the extent applicable, and without any liability for royalties or other related charges from Assignee to Assignors. The term of the security interest granted herein shall extend until the earlier of (i) the expiration of each of the respective Patents, Trademarks, Copyrights and Licenses assigned hereunder, or (ii) the date on which all Obligations have been paid in full and the Loan Agreement is terminated.

6. **Assignee's Right to Inspect.** Assignee shall have the rights provided in **Section 13.7** of the Loan Agreement, from time to time, to inspect Assignors' premises and to examine

Assignors' books, records and operations, including, without limitation, Assignors' quality control processes. Assignors agree that Assignee, or a conservator appointed by Assignee, shall have the right during the continuation of an Event of Default to establish such additional reasonable product quality controls as Assignee, or said conservator, in its sole judgment, may deem necessary to assure maintenance of the quality of products sold by Assignors under the Trademarks. Assignors agree (i) except as otherwise permitted under the Loan Agreement, not to sell or assign their interest in, or grant any license under, the Patents, Trademarks, Copyrights or Licenses, without the prior written consent of Assignee; (ii) to maintain the quality of any and all products in connection with which the Trademarks and/or Copyrights are used, consistent with quality of said products as of the date hereof; (iii) not to adversely change the quality of said products without Assignee's express written consent; and (iv) to provide Assignee, upon request, with a certificate of an officer of Assignors certifying Assignors' compliance with the foregoing.

7. **Termination.** This Agreement is made for collateral purposes only. Upon payment in full of all Obligations and termination of the Loan Agreement, Assignee shall execute and deliver to Assignors a termination of Assignee's security interest granted herein and all deeds, assignments and other instruments as may be necessary or proper to re-vest in Assignors full title to the Patents, Trademarks, Copyrights and Licenses, subject to any disposition thereof which may have been made by Assignee pursuant hereto.

8. **Duties of Assignors.** Assignors shall have the duty (i) to prosecute diligently any patent, trademark and copyright application pending as of the date hereof or thereafter until all Obligations shall have been paid in full and the Loan Agreement is terminated, (ii) to make application on unpatented but patentable inventions and on trademarks and copyrights, as appropriate, and (iii) to preserve and maintain all rights in patent applications and patents of the Patents, in trademark applications, trademarks and trademark registrations of the Trademarks and in copyright applications and copyrights of the Copyrights. Any expenses incurred in connection with such applications shall be borne by Assignors, except as otherwise permitted under the Loan Agreement. Except as otherwise permitted under the Loan Agreement, Assignors shall not abandon any right to file a patent, trademark or copyright application, or any pending patent, trademark or copyright application or any Patent, Trademark, License or Copyright without the consent of the Assignee, which consent shall not be unreasonably withheld.

9. **Event of Default.** Upon the occurrence and during the continuation of an Event of Default, as defined in the Loan Agreement, Assignee may, without further notice to or consent of Assignors, immediately record all assignments previously executed and delivered to Assignee by Assignors and/or execute and record with all applicable offices (including, without limitation, the Patent and Trademark Office) an absolute assignment to Assignee by Assignors of all rights, title and interest of Assignors in and to the Patents, Trademarks, Copyrights, Licenses and other Collateral. Upon the occurrence and during the continuance of an Event of Default, Assignors hereby authorize and agree that Assignee may, through the power of attorney granted in **Section 14** hereof, irrevocably execute and deliver in Assignors' name any and all such assignments and agreements and to take any and all other actions in Assignors' name as Assignee shall deem reasonable or appropriate to transfer and convey all right, title and interest of Assignors in and to the Collateral to Assignee or any other person or entity selected by Assignee.

10. **Assignee's Right to Sue.** Upon the occurrence and during the continuance of an Event of Default, Assignee shall have the right, but shall in no way be obligated, to bring suit in its own name to enforce the Patents, Trademarks, Copyrights and/or Licenses, and any licenses thereunder, and, if Assignee shall commence any such suit, Assignors shall, at the request of Assignee, do any and all lawful acts and execute any and all proper documents required by Assignee in aid of such enforcement and Assignors shall promptly, upon demand, reimburse and indemnify Assignee for all costs and expenses incurred by Assignee in the exercise of its rights under this **Section 10**; provided however, that Assignors shall not be obligated to so indemnify Assignee to the extent that such costs and expenses result from Assignee's gross negligence, willful misconduct or bad faith.

11. **Waivers.** No course of dealing between Assignors and Assignee, nor any failure to exercise, nor any delay in exercising, on the part of Assignee, any right, power or privilege hereunder or under the Loan Agreement shall operate as a waiver thereof; nor shall any single or partial exercise of any right, power or privilege hereunder or thereunder preclude any other or further exercise thereof or the exercise of any other right, power or privilege.

12. **Severability.** The provisions of this Agreement are severable, and if any clause or provision shall be invalid and unenforceable in whole or in part in any jurisdiction, then such invalidity or unenforceability shall affect only such clause or provision, or part thereof, in such jurisdiction, and shall not in any manner affect such clause or provision in any other jurisdiction, or any other clause or provision of this Agreement in any jurisdiction.

13. **Modification.** This Agreement cannot be altered, amended or modified in any way, except as specifically provided in **Section 4** hereof or by a writing signed by the parties hereto.

13.1 **Cumulative Remedies; Power of Attorney; Effect on Loan Agreement.** All of Assignee's rights and remedies with respect to the Patents, Trademarks, Copyrights and Licenses, whether established hereby or by the Loan Agreement, or by any other agreements or by law shall be cumulative and may be exercised singularly or concurrently. Assignors hereby authorize Assignee to make, constitute and appoint any officer or agent of Assignee as Assignee may select, in its sole discretion, as Assignors' true and lawful attorney-in-fact, with power during the continuation of an Event of Default to (i) endorse Assignors' name on all applications, documents, papers and instruments necessary or reasonably desirable for the Assignee to protect, evidence, perfect or enforce its security interest in the Patents, Trademarks, Copyrights and Licenses, (ii) take any other actions with respect to the Patents, Trademarks, Copyrights and/or Licenses as the Assignee reasonably deems in the best interest of the Assignee, (iii) grant or issue any exclusive or non-exclusive license under the Patent or Trademark to anyone, including Assignee, and/or (iv) assign, pledge, convey or otherwise transfer title in or dispose of the Patents, Trademarks, Copyrights or Licenses to anyone, including Assignee. Assignee may act under such power of attorney to take the actions referenced in **Section 4**. Assignee hereby ratifies all that such attorney shall lawfully do or cause to be done by virtue hereof. This power of attorney shall be irrevocable until all Obligations shall have been paid in full and the Loan Agreement shall have been terminated. Assignors acknowledge and agree that this Agreement is not intended to limit or restrict in any way the rights and remedies of Assignee under the Loan Agreement but rather is intended to facilitate the exercise of such rights and remedies given it by

the terms of this Agreement, all rights and remedies allowed by law and the rights and remedies of a secured party under the Uniform Commercial Code as enacted in any jurisdiction in which the Patents, Trademarks, Copyrights or Licenses may be located. The Assignors and Assignee acknowledge, agree and consent that, in accordance with the legislative intent and as allowed by 20 Pa.C.S. §5601(a), the provisions of 20 Pa.C.S. §5601 shall not apply to these powers of attorney or any of the powers granted in this Agreement.

14. **Binding Effect; Benefits.** This Agreement shall be binding upon the Assignors and their successors and assigns, and shall inure to the benefit of Assignee, its nominees, successors and assigns.

15. **Governing Law.** This Agreement has been made, executed and delivered in the Commonwealth of Pennsylvania and will be construed in accordance with and governed by the laws of such Commonwealth, without regard to its rules and principles regarding conflicts of laws or any rule or canon of construction which interprets agreements against the draftsman.

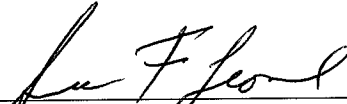

16. **Multiple Assignors.** Where the context requires, the particular Assignor that owns or otherwise possesses rights in particular Collateral shall be the assignor and grantor of the rights and security interests herein assigned and granted. Notwithstanding the foregoing, nothing herein shall modify the obligations of the Assignors under this Agreement, and such obligations being joint and several.

IN WITNESS WHEREOF, the parties hereto, intending to be legally bound hereby, have duly executed this Agreement the day and year first above written.
