TRADEMARK ASSIGNMENT

THIS TRADEMARK ASSIGNMENT (this "Assignment") dated July 3, 2003 (the "Effective Date"), is made by and between Inliner Technologies, Inc., a Texas corporation ("Assignor"), and Inliner Technologies, LLC, an Indiana limited liability company ("Assignee").

WHEREAS, in connection with the dissolution of Assignor, Assignor desires to transfer and assign to Assignee all of the assets of Assignor, including, but not limited to, the assets set forth on Exhibit A hereto, together with all goodwill associated with the business symbolized by the trademarks listed on Exhibit A (the "Trademarks"), and Assignee desires to accept such Assigned Assets, in accordance with this Agreement.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereby agree as follows:

Assignor hereby irrevocably sells, assigns, transfers and sets over to Assignee all of Assignor's right, title and interest in and to the Trademarks described on Schedule A hereto, together with the applications, registrations, extensions and renewals thereof and the goodwill of the business in connection with which the Trademarks are used, and all other corresponding rights (including common law rights) that are or may be secured under the laws of the United States and any foreign country, now or hereafter in effect, for Assignee's own use and enjoyment, and for the use and enjoyment of Assignee's successors, assigns or other legal representatives, as fully and entirely as the same would have been held and enjoyed by Assignor if this assignment and sale had not been made, together with all income, royalties or payments due or payable as of the Effective Date or thereafter, including, without limitation, all claims for damages by reason of past, present or future infringement or other unauthorized use of the Trademarks, with the right to sue for and collect the same for Assignee's own use and enjoyment and for the use and enjoyment of its successors, assigns or other legal representatives.

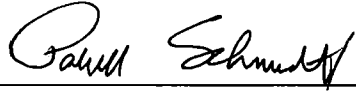

Assignor authorizes and request the United States Commissioner of Patents and Trademarks and the corresponding entities or agencies in any applicable foreign countries, to record Assignee as the assignee and owner of the Trademarks, and issue any and all registrations thereon to Assignee, as assignee of the entire right, title and interest in, to and under the same, for the sole use and enjoyment of Assignee and its successors, assigns or other legal representatives.

This Assignment may be executed in counterparts, each of which shall be deemed to be an original, and all of which together shall constitute one and the same instrument.

From time to time after the date hereof, at the request of either party hereto, and at the expense of the party so requesting, each of the parties hereto shall execute and deliver to such requesting party such documents and take such other actions as such requesting party may reasonably request and reasonably require in order to carry out and fulfill the purposes and intent of this Assignment.

IN WITNESS WHEREOF, Assignor and Assignee have caused this Assignment to be duly executed as of the date first above written.
