AMENDED AND RESTATED INTELLECTUAL PROPERTY SECURITY AGREEMENT

This AMENDED AND RESTATED INTELLECTUAL PROPERTY SECURITY AGREEMENT (the “IP Security Agreement”), dated as of March 28, 2013, among the Persons listed on the signature pages hereto (the “Grantors”), and U.S. BANK NATIONAL ASSOCIATION, as notes collateral agent for the Secured Parties (in such capacity, together with its successors in such capacity, the “Notes Collateral Agent”).

A. Capitalized terms used herein and not otherwise defined herein (including terms used in the preamble and the recitals) shall have the meanings assigned to such terms in the Security Agreement, dated as of April 30, 2012 (as amended, restated, amended and restated, supplemented or otherwise modified, the “Security Agreement”), by and among **MILACRON HOLDINGS INC.**, a Delaware corporation, **MILACRON LLC**, a Delaware limited liability company (the “Company”), **MCRON FINANCE CORP.**, a Delaware corporation, each of the subsidiaries listed on Annex A thereto and the Notes Collateral Agent.

B. The rules of construction and other interpretive provisions specified in the Indenture shall apply to this Supplement, including terms defined in the preamble and recitals hereto.

C. Pursuant to Section 4.3(e) of the Security Agreement, Grantors have agreed to execute or otherwise authenticate this IP Security Agreement for recording the Security Interest granted under the Security Agreement to the Notes Collateral Agent in such Grantors’ Registered Intellectual Property with the United States Patent and Trademark Office and the United States Copyright Office and any other Governmental Authorities located in the United States necessary to perfect the Security Interest hereunder in such Registered Intellectual Property.

Accordingly, the Notes Collateral Agent and Grantors agree as follows:

SECTION 1. Grant of Security. The Grantors hereby grant to the Notes Collateral Agent for the benefit of the Secured Parties a security interest in all of such Grantors’ right, title and interest in and to the United States Trademark registrations and applications, United States Patent registrations and applications and United States Copyright registrations and applications and exclusive copyright licenses set forth in Schedule A hereto, excluding any Excluded Assets (collectively, the “Collateral”).

SECTION 2. Security for Secured Obligations. The grant of a security interest in the Collateral by Grantors under this IP Security Agreement secures the payment of all amounts that constitute part of the Secured Obligations and would be owed to the Notes Collateral Agent or the Secured Parties but for the fact that they are unenforceable or not allowable due to the existence of a bankruptcy, reorganization or similar proceeding involving such Grantors.

SECTION 3. Recordation. Grantors authorize and request that the Register of Copyrights, the Commissioner for Patents, the Commissioner for Trademarks and any other applicable governmental officer located in the United States record this IP Security Agreement.

SECTION 4. Grants, Rights and Remedies. This IP Security Agreement has been entered into in conjunction with the provisions of the Security Agreement. Grantors hereby acknowledge and confirm that the grant of the security interest hereunder to, and the rights and remedies of, the Notes Collateral Agent with respect to the Collateral are more fully set forth in the Security Agreement, the

terms and provisions of which are incorporated herein by reference as if fully set forth herein. In the event of any conflict between the terms of this IP Security Agreement and the terms of the Security Agreement, the terms of the Security Agreement shall govern.

SECTION 5. Counterparts. This IP Security Agreement may be executed by one or more of the parties to this IP Security Agreement on any number of separate counterparts (including by facsimile or other electronic transmission (i.e. a “pdf” or “tif”)), and all of said counterparts taken together shall be deemed to constitute one and the same instrument.

SECTION 6. GOVERNING LAW. THIS IP SECURITY AGREEMENT AND THE RIGHTS AND OBLIGATIONS OF THE PARTIES HEREUNDER SHALL BE GOVERNED BY, AND CONSTRUED AND INTERPRETED IN ACCORDANCE WITH, THE LAW OF THE STATE OF NEW YORK AND APPLICABLE FEDERAL LAWS GOVERNING THE COLLATERAL.

SECTION 7. Severability. Any provision of this IP Security Agreement that is prohibited or unenforceable in any jurisdiction shall, as to such jurisdiction, be ineffective to the extent of such prohibition or unenforceability without invalidating the remaining provisions hereof and in the Security Agreement, and any such prohibition or unenforceability in any jurisdiction shall not invalidate or render unenforceable such provision in any other jurisdiction. The parties hereto shall endeavor in good-faith negotiations to replace the invalid, illegal or unenforceable provisions with valid provisions the economic effect of which comes as close as possible to that of the invalid, illegal or unenforceable provisions.

SECTION 8. Notices. All notices, requests and demands pursuant hereto shall be made in accordance with Section 13.02 of the Indenture. All communications and notices hereunder to Grantors shall be given to it in care of the Company at the Company’s address set forth in Section 13.02 of the Indenture.

SECTION 9. Expenses. Grantors agree to reimburse the Notes Collateral Agent for its reasonable, documented and invoiced out-of-pocket expenses in connection with this IP Security Agreement in accordance with Section 11.09(aa) of the Indenture.

SECTION 10. Release of Security Interest. In connection with the termination or release of Security Interests evidenced by the Security Agreement, the Notes Collateral Agent shall execute and deliver to any Grantor, at such Grantor’s expense, all documents that such Grantor shall reasonably request to evidence such termination or release.

SECTION 11. Intercreditor Agreement Governs. Notwithstanding anything herein to the contrary, this IP Security Agreement, the Liens and security interests granted to the Notes Collateral Agent, for the benefit of the Secured Parties, pursuant to this IP Security Agreement and the exercise of any right or remedy by the Notes Collateral Agent and the other Secured Parties hereunder, in each case, with respect to the Revolving Priority Collateral and Revolving Liens are subject to the provisions of the Intercreditor Agreement. In the event of any conflict or inconsistency between the provisions of the Intercreditor Agreement and this IP Security Agreement with respect to the Revolving Priority Collateral and the Revolving Liens, the provisions of the Intercreditor Agreement shall prevail.

SECTION 12. This IP Security Agreement hereby amends and restates that certain Intellectual Property Security Agreement (the “Existing IP Security Agreement”), dated as of April 30, 2012, by the Persons listed on the signature pages thereto and the Notes Collateral Agent. As of the date hereof, the rights and obligations of the parties evidenced by the Existing IP Security Agreement shall be

evidenced by this IP Security Agreement. This IP Security Agreement represents a modification, and not a novation, of the obligations under the Existing IP Security Agreement.

IN WITNESS WHEREOF, Grantors and the Notes Collateral Agent have duly executed this IP Security Agreement as of the day and year first above written.
