Trademark Assignment

This Trademark Assignment (this "Assignment") is made by Unisen, Inc. having its principal offices at 14410 Myford Road, Irvine, California 92606 ("Unisen" or the "Assignor"), in favor of Core Industries, LLC., a California limited liability company, successor in interest to Core Industries, Inc. ("Core Inc."), having its principal offices at 4401 Eastgate Mall, San Diego, CA 92121 ("Core LLC" or "Assignee").

PRELIMINARY STATEMENTS

A. Prior to acceptance of the General Assignment (defined below), the Assignor owned all rights, title, and interest in and to the trademarks, trademark registrations, trademark applications, trademark licenses, trade names, trade dress, logos and service marks (in each case, whether or not registered) on Schedule A attached hereto (the "Trademarks").

B. On October 29, 2010, Unisen executed a general assignment for the benefit of its creditors ("General Assignment") pursuant to California law in favor of Ford-ABC 864736, Inc., a California corporation, solely in its capacity as assignee for the benefit of the creditors of Unisen, ("Ford-ABC"), and on November 19, 2010, Ford-ABC accepted the General Assignment.

C. Under the General Assignment, upon the closing of the Assignment, Unisen "grants, assigns, bargains, sells and transfers to [Ford-ABC] . . . in trust, for the benefit of all [Unisen's] creditors generally all of the property and assets of [Unisen] of every kind and nature . . ." [Assignment, Section 2]. Therefore, Unisen transferred the Trademarks to Ford-ABC pursuant to the General Assignment and those certain Trademark Assignment agreements entered into by and between Unisen and Ford-ABC.

D. On or about November 19, 2010, Core Inc. entered into a transaction whereby Core Inc. purchased from Ford-ABC substantially all of the assets of Unisen, pursuant to a certain Asset Purchase Agreement entered into by Ford-ABC and Core Inc. as of October 29, 2010, as amended by the Amendment 1 to Asset Purchase Agreement entered into on November 19, 2010; and by the Amendment 2 to Asset Purchase Agreement effective as of November 19, 2010; and by the Amendment 3 to Asset Purchase Agreement entered into effective as of November 19, 2010 (collectively, the agreement and its amendments, the "APA").

E. Pursuant to the terms of the APA and those certain Trademark Assignment agreements entered into by and between Ford-ABC and Core Inc. and Core LLC, Core Inc. agreed to buy the "Intellectual Property Assets" (as defined in the APA).

F. The Intellectual Property Assets are comprised of, among other things, the Trademarks. Therefore, Ford-ABC transferred the Trademarks to Core Inc. pursuant to the APA.

G. Following the closing of the purchase of assets by Core Inc. under the APA, on or about November 16, 2011, Core Inc. converted to a California limited liability company known as Core LLC.

H. Assignee wishes to further memorialize its purchase of all of Assignor's rights, title, and interest in and to the Trademarks as of the date of the General Assignment, and the goodwill associated therewith. By execution of this Assignment directly between Unisen and Core LLC, this Assignment effectuates the transfer of the Trademarks from Unisen to Ford-ABC and from Ford-ABC to Core LLC pursuant to the parties' various agreements.

I. The parties, intending to be legally bound, agree as follows:

AGREEMENT

1. Assignment of the Trademarks. Expressly subject to the terms of the General Assignment, the APA and those certain Trademark Assignment agreements, and for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, the Assignor agrees to assign, transfer and convey, and hereby assigns, transfers and conveys, to the Assignee *nunc pro tunc* as of November 19, 2010 (the "Effective Date"), all rights, title and interest in and to the Trademarks, and any common law rights in and to the Trademarks, existing anywhere in the world and under any law, together with all of the goodwill of the business symbolized by the Trademarks, and together with all rights to recover for damages and profits and all other rights and remedies for infringement of the Trademarks, whether past, present or future infringement. As of the Effective Date, the Assignee shall own, and be the sole owner of, all of the rights, title and interest in and to the Trademarks.

2. Severability. If a court of competent jurisdiction holds any provision of this Assignment invalid or unenforceable, the other provisions of this Assignment will remain in full force and effect. Any provision of this Assignment held invalid or unenforceable only in part or degree will remain in full force and effect to the extent not held invalid or unenforceable.

3. Governing Law. This Agreement shall be governed by and construed under the laws of the State of California, without regard to conflicts of laws principles that would require the application of the law of any other jurisdiction.

4. Consents. This Agreement is subject to Ford-ABC's written consent, pursuant to the authority vested in Ford-ABC in its capacity as assignee for the benefit of the creditors of Unisen.

5. Governing Terms. In case of any conflict between the terms of this Agreement and the terms of the General Assignment, the APA and/or those certain Trademark Assignment agreements, the General Assignment, the APA and/or those certain Trademark Assignment agreements shall govern.
