**TRADEMARK ASSIGNMENT**

THIS IS A TRADEMARK ASSIGNMENT (this "Assignment"), dated as of April 11, 2013, by and among Swan Products, LLC, a Delaware limited liability company ("Assignee"), Plastic Specialties & Technologies, Inc., a Delaware corporation ("PS&T"), TPI Acquisition Subsidiary, Inc., a Delaware corporation ("TPI"), Plastic Specialties and Technologies Investments, Inc. ("PS&T Investments"), and Tekni-Plex, Inc., a Delaware corporation ("Tekni-Plex" and together with PS&T, TPI, PS&T Investments, the "Assignors"). Each of the Assignors and Assignee are sometimes hereinafter individually referred to as a "Party" and collectively as the "Parties."

**RECITALS:**

The Parties have entered into a certain Contribution Agreement dated April 11, 2013 under which certain intellectual property assets have been assigned to Assignee, and the Parties wish to formally confirm the transfer and assignment of those assets through this Assignment.

**NOW, THEREFORE**, in consideration of the mutual promises and undertakings contained herein and in the Contribution Agreement between the Parties, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, and intending to be legally bound, Assignors agree as follows:

1. **Definitions.** Unless otherwise defined herein, all capitalized terms shall have the definition provided in the Contribution Agreement.
2. **Assignment.** Each Assignor hereby irrevocably sells, assigns, transfers and conveys unto Assignee any and all right, title and interest in the following assets that are owned, held by, or licensed to each Assignor and used exclusively in Assignor's Business:
  - (a) all trademarks, trade names, service marks, certification marks, service names, brands, trade dress and logos, including the U.S. and foreign registrations and U.S. and foreign applications therefor, and the goodwill associated therewith, including the marks and registrations listed on Schedule A hereto, (hereinafter, the "Marks");
  - (b) any and all rights to royalties, profits, compensations, license fees or other payments or remuneration of any kind relating to the Patents from the Effective Date; and
  - (c) all claims or causes of action Assignor has or may have in connection with the Marks, including, without limitation, the right to sue and recover damages for any and all past, present and future infringements of any of the Marks.

all the foregoing to be held and enjoyed by Assignee, for its own use, and for the use of its successors, assigns or other legal representatives to the full end of the term or terms for which the foregoing have or may be granted, as fully and entirely as the same would have been enjoyed by Assignor, had this Agreement not been made.

3. Assignors each covenant and agree that Assignor shall, at the request of Assignee or its counsel, execute, acknowledge and deliver all such further acts, deeds, assignments, transfers, powers of attorney and assurances as may be required to carry out the intent of this Assignment, and to transfer and vest title to and in the Marks; provided, however, this Assignment shall be effective regardless of whether any such additional documents are executed.

4. This Assignment shall be binding upon and shall inure to the benefit of Assignors and Assignee and their respective successors, legal representatives and assigns, and all others acting by, through, with or under each Assignor's direction and all those in privity therewith.

5. This Assignment may be executed in one or more counterparts, and by the different parties hereto in separate counterparts, each of which when executed shall be deemed to be an original but all of which taken together shall constitute one and the same agreement. The Parties may execute and deliver this Assignment by facsimile or similar electronic transmission device under which the signature of or on behalf of such party can be seen, and such execution and delivery will be considered valid, binding and effective for all purposes.

6. Entire Agreement. This Assignment, together with any documents entered into in connection herewith, constitute the entire agreement, and supersedes all prior or contemporaneous discussions, negotiations, agreements and understandings (both written and oral), between the Parties with respect to the subject matter hereof. This Assignment may not be modified, amended, altered or supplemented except upon the execution and delivery of a written agreement executed by the Parties.
