TRADEMARK
REEL: 005022 FRAME: 0096

THIS DEED is made on 21 ~~MARCH~~ 2013

BETWEEN:

GLAXO GROUP LIMITED of 980 Great West Road, Brentford, Middlesex TW8 9GS (registered number 00305979) ("GGL");

AND

GLAXOSMITHKLINE INTELLECTUAL PROPERTY MANAGEMENT LIMITED of 980 Great West Road, Brentford, Middlesex TW8 9GS (registered number 7739397) ("GIPM").

WHEREAS:

- (A) GGL and GIPM are members of the GSK Group. GIPM is a wholly owned subsidiary of GGL at the date of this Deed;
- (B) Under a Deed of Assignment dated 1 October 2011 (the "2011 Assignment"), GGL: (i) assigned all its rights, title and interest in and to certain intellectual property rights (the "2011 Rights") to GIPM; and (ii) granted a declaration of trust in favour of GIPM in respect of certain patents and know-how (defined herein as the Trust Assets). The effect of the 2011 Assignment was that GIPM became the economic owner of GGL's rights in the 2011 Rights and the Trust Assets.
- (C) In December 2012 the GSK Group underwent a reorganisation, the aim of which was to streamline its varied global business and simplify its trading model by centralising its intellectual property structure and R&D governance in the UK (the "Reorganisation"). In order to ensure consistency with the intellectual property ownership structure established by the Reorganisation, GIPM and GGL have agreed that the 2011 Rights will be assigned back to GGL (including certain trade marks which form part of the 2011 Rights but which were not expressly listed in the 2011 Assignment in respect of which GIPM has a beneficial interest, notwithstanding that such marks are recorded as owned by GGL) and that all trade marks filed or registered in the name of GIPM since the 2011 Assignment and any other intellectual property to which GIPM has become entitled since the 2011 Assignment which fall under the definition of Assigned Brand Intellectual Property set out in this Deed (excluding for the avoidance of doubt any rights in patents or know-how) will also be assigned to GGL. All such rights will be simultaneously licensed back by GGL to GIPM under an exclusive perpetual royalty free licence with a right for GIPM to call for an assignment of such rights for no consideration at any time.
- (D) In addition, and again in order to ensure consistency with the intellectual property ownership structure established by the Reorganisation, GIPM as sole beneficiary under the trust granted under the 2011 Assignment will direct GGL to grant it an exclusive perpetual royalty free licence under the Trust Assets on the terms of this Deed and GGL as trustee will grant the licence according to GIPM's directions.
- (E) GIPM shall also have the right to call for an assignment of the Licensed Brand Intellectual Property and/or Trust Assets for no consideration at any time.

- (F) The intention of the parties is that GIPM shall at all times continue to be the economic owner of the Assigned Brand Intellectual Property and the Trust Assets.
- (G) Under the 2011 Assignment GIPM was also assigned the benefit subject to the burden of certain contracts, licences and other commitments (defined in the 2011 Assignment as Contracts). The parties intend that GIPM should retain the benefit subject to the burden of all such Contracts and nothing in this Deed shall operate to alter the rights or obligations of either GIPM or GGL in respect of such Contracts.
- (H) GGL and GIPM wish to clarify that GIPM is the economic owner of rights relating to certain specific delivery devices relating to the products that were the subject of the 2011 Assignment (whether such delivery devices relate to pharmaceutical products or consumer healthcare products). GGL and GIPM have further agreed that GIPM, as an identified economic owner of certain delivery devices, should also be the economic owner of rights in all Shared Delivery Devices (as defined in this Deed) relating to pharmaceutical products. GGL has agreed to grant GIPM an exclusive licence of rights relating to Shared Delivery Devices on the terms of this Deed.
- (I) GGL and GIPM now wish to implement the said proposal by entering into a formal agreement on the terms and conditions of this Deed.

- (A) GGL hereby grants to GIPM an exclusive, irrevocable, royalty-free, fully paid up, perpetual licence, with a right to sub-licence, to use its Entrepreneurial Rights (excluding the Trade Marks) in the Territory to exploit its Entrepreneurial Rights (excluding the Trade Marks) in the discovery, development and commercialisation of Products or for any other purpose whatsoever; and

- 5.4 Where a Third Party Consent is required to the licensing or sub-licensing of the Entrepreneurial Rights:
- (A) GGL shall be responsible (both before and after the Effective Date at GIPM's expense) for obtaining and shall use all reasonable endeavours to obtain any such Third Party Consent; and
 - (B) GGL shall account to GIPM for any moneys received in connection with such Entrepreneurial Rights.

To the extent permissible under the relevant agreement or document or where the relevant Third Party Consent has been obtained, at GIPM's request at any time, GGL shall license the Entrepreneurial Rights to GIPM.

GGL shall make no admission as to liability and shall not agree to any settlement or compromise of any action without GIPM's consent. GGL shall give GIPM all reasonable assistance in respect of such proceedings including, without limitation, becoming a party or lending its name to any proceedings brought or defended by GIPM and conducting any proceedings to which it is a party at the direction of GIPM. Any recovery obtained from such proceedings shall accrue solely to the benefit of GIPM and GIPM shall indemnify GGL in respect of all costs reasonably incurred by GGL in assisting GIPM with such proceedings and any liabilities arising as a result of such proceedings.

5.8 GIPM shall be entitled at any time to:

- (A) grant sub-licences of; or
- (B) assign, transfer or convey,

all or any of the rights granted to GIPM under this Clause 5 to its Affiliates and to Third Parties at its sole discretion and to receive any and all royalty payments and other payments due and payable from such Third Party or Affiliate. At GIPM's request, GGL will grant a direct licence to such Affiliate or Third Party. To perfect any such sub-licence, assignment, transfer or conveyance GGL agrees to promptly do all such acts and execute all such documents as GIPM may request at the request and cost of GIPM for such purpose.

5.9 For the avoidance of doubt GGL acknowledges GIPM's ownership of and exclusive rights to and will make no claim or rights to all Improvements arising after the Effective Date.

5.10 Subject to Clause 9.3 and without limitation to Clause 9.2 the licences granted pursuant to Clause 5.1 shall be subject to any encumbrance, lien, charge (whether fixed or floating), mortgage, pledge, other security interest and all other rights exercisable by or claims by a third party ("Encumbrance") existing over the Entrepreneurial Rights at the Effective Date. GGL shall not create or grant any Encumbrance over or affecting the Entrepreneurial Rights without the consent of GIPM.

The parties acknowledge that to the extent that the Licensee was not already, immediately prior to the date of this Deed, beneficially entitled to any of the Entrepreneurial Rights, the Licensor grants those Entrepreneurial Rights under Clause 5 to the Licensee as a capital contribution by way of a gift.

7. OBTAINING AND MAINTAINING OF ENTREPRENEURIAL RIGHTS

On and from the Effective Date, GIPM shall in its discretion have the responsibility at its own expense for prosecuting to grant any Intellectual Property Registrations relating to the Entrepreneurial Rights for which an application was pending at the Effective Date and for maintaining, amending or abandoning any applications or registrations for such rights. GGL shall execute or cause to be executed all documents relevant to GIPM's responsibilities under this Clause 7 and, at GIPM's direction and expense, shall undertake in its own name or in the name of such other properly interested Affiliate or Third Party (to the extent that the Third Party consents) as GIPM shall designate such acts as shall be required to register or maintain any registrations relating to any Entrepreneurial Rights including assigning the rights to GIPM in accordance with Clause 13.

8. QUALITY CONTROL.

- 8.1 GIPM shall maintain, at all times, high quality standards for all Products which standards shall be no less than the standards of quality that were maintained by GGL or its Affiliates for such Products produced prior to the date of this Deed. GIPM shall not do any act which may tend to diminish the reputation and goodwill of GGL associated with the Trade Marks.
- 8.2 GIPM undertakes to comply with all established industry standards, laws and guidance, decisions and recommendations of any relevant court, tribunal, regulatory body or ombudsman from time to time relevant to the Products and GIPM shall use the Trade Marks in accordance with the specifications, directions and guidance provided by GGL from time to time.
- 8.3 GIPM will promptly provide such samples of Products as GGL may reasonably request from time to time to assist GGL in monitoring quality standards of the Products.
- 8.4 If GGL gives notice to GIPM that any Products supplied or intended to be supplied under any of the Trade Marks are not in conformity to a material extent with any of GIPM's obligations under this Deed:
- (A) GIPM undertakes that within a reasonable period of the notice it will not supply any of such non-conforming products under any of the Trade Marks without first either conforming them to such obligations or obtaining the written consent of GGL; and
 - (B) GGL may give notice that the trade mark licence in Clause 5.1(B) will terminate six (6) months from the date of the notice to terminate unless the non-conformity has been rectified. GGL has no other right to terminate this Deed or the rights contained in it.

9. ASSUMED OBLIGATIONS

- 9.1 Except as otherwise provided in this Deed, GIPM undertakes to GGL that, with effect from the Effective Date, it will properly perform, assume and pay and discharge when due, and indemnify GGL on an after-tax basis against, all Assumed Obligations. Without limitation to Clause 5, it is acknowledged that GIPM will enter into contractual

9.4 GGL shall properly perform, assume and pay and discharge when due, and indemnify GIPM on an after-tax basis against, all Excluded Obligations.

9.5 If any action, claim or demand is brought or alleged against a party to this Deed (the "**Relevant Indemnified Party**") in respect of which an indemnity is to be sought from the other party to this Deed (the "**Relevant Indemnifying Party**") pursuant to this Clause 9, the Relevant Indemnified Party shall forthwith notify the Relevant Indemnifying Party therefore and the Relevant Indemnifying Party shall have the option to assume the defence thereof.

10. MISDIRECTED PAYMENTS/WRONG POCKETS

All moneys or other items belonging to GIPM which are received by GGL on or after Effective Date in connection with any of the Entrepreneurial Rights shall be held on trust by GGL for GIPM and shall be promptly paid over to GIPM.

THIS DEED is made on 2013

BETWEEN:

GLAXO GROUP LIMITED of 980 Great West Road, Brentford, Middlesex TW8 9GS (registered number 00305979) ("**GGL**");

AND

GLAXOSMITHKLINE INTELLECTUAL PROPERTY MANAGEMENT LIMITED of 980 Great West Road, Brentford, Middlesex TW8 9GS (registered number 7739397) ("**GIPM**").

WHEREAS:

- (A) GGL and GIPM are members of the GSK Group. GIPM is a wholly owned subsidiary of GGL at the date of this Deed;
- (B) Under a Deed of Assignment dated 1 October 2011 (the "**2011 Assignment**"), GGL: (i) assigned all its rights, title and interest in and to certain intellectual property rights (the "**2011 Rights**") to GIPM; and (ii) granted a declaration of trust in favour of GIPM in respect of certain patents and know-how (defined herein as the Trust Assets). The effect of the 2011 Assignment was that GIPM became the economic owner of GGL's rights in the 2011 Rights and the Trust Assets.
- (C) In December 2012 the GSK Group underwent a reorganisation, the aim of which was to streamline its varied global business and simplify its trading model by centralising its intellectual property structure and R&D governance in the UK (the "**Reorganisation**"). In order to ensure consistency with the intellectual property ownership structure established by the Reorganisation, GIPM and GGL have agreed that the 2011 Rights will be assigned back to GGL (including certain trade marks which form part of the 2011 Rights but which were not expressly listed in the 2011 Assignment in respect of which GIPM has a beneficial interest, notwithstanding that such marks are recorded as owned by GGL) and that all trade marks filed or registered in the name of GIPM since the 2011 Assignment and any other intellectual property to which GIPM has become entitled since the 2011 Assignment which fall under the definition of Assigned Brand Intellectual Property set out in this Deed (excluding for the avoidance of doubt any rights in patents or know-how) will also be assigned to GGL. All such rights will be simultaneously licensed back by GGL to GIPM under an exclusive perpetual royalty free licence with a right for GIPM to call for an assignment of such rights for no consideration at any time.
- (D) In addition, and again in order to ensure consistency with the intellectual property ownership structure established by the Reorganisation, GIPM as sole beneficiary under the trust granted under the 2011 Assignment will direct GGL to grant it an exclusive perpetual royalty free licence under the Trust Assets on the terms of this Deed and GGL as trustee will grant the licence according to GIPM's directions.
- (E) GIPM shall also have the right to call for an assignment of the Licensed Brand Intellectual Property and/or Trust Assets for no consideration at any time.

- (F) The intention of the parties is that GIPM shall at all times continue to be the economic owner of the Assigned Brand Intellectual Property and the Trust Assets.
- (G) Under the 2011 Assignment GIPM was also assigned the benefit subject to the burden of certain contracts, licences and other commitments (defined in the 2011 Assignment as Contracts). The parties intend that GIPM should retain the benefit subject to the burden of all such Contracts and nothing in this Deed shall operate to alter the rights or obligations of either GIPM or GGL in respect of such Contracts.
- (H) GGL and GIPM wish to clarify that GIPM is the economic owner of rights relating to certain specific delivery devices relating to the products that were the subject of the 2011 Assignment (whether such delivery devices relate to pharmaceutical products or consumer healthcare products). GGL and GIPM have further agreed that GIPM, as an identified economic owner of certain delivery devices, should also be the economic owner of rights in all Shared Delivery Devices (as defined in this Deed) relating to pharmaceutical products. GGL has agreed to grant GIPM an exclusive licence of rights relating to Shared Delivery Devices on the terms of this Deed.
- (I) GGL and GIPM now wish to implement the said proposal by entering into a formal agreement on the terms and conditions of this Deed.
