ASSIGNMENT OF INTELLECTUAL PROPERTY RIGHTS

This ASSIGNMENT OF INTELLECTUAL PROPERTY RIGHTS (this “**Assignment**”), effective as of December 31, 2012 (“**Effective Date**”), is made by and between UNIVISION COMMUNICATIONS INC. (“**ASSIGNOR**”) and UNIVISION-EV HOLDINGS, LLC (“**ASSIGNEE**”). In exchange for receiving a LLC interest in ASSIGNEE and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties hereby agree as follows:

1. **Assignment.** ASSIGNOR hereby irrevocably assigns and transfers exclusively to ASSIGNEE all rights, title and interest of ASSIGNOR throughout the world in perpetuity, royalty free, including all statutory and common law rights, in and to the assets identified below, together with all goodwill symbolized thereby and/or associated therewith, and the right to sue or make claims for any past, present or future infringement, misappropriation or unauthorized use thereof and the right to all income, royalties, damages and other payments that are now or may hereafter become due or payable with respect thereto, including, without limitation, damages for any past, present or future infringement, misappropriation or unauthorized use thereof; all of such rights, title and interest to be held and enjoyed by ASSIGNEE and its successors and assigns to the same extent that such would have been held and enjoyed by ASSIGNOR had this Assignment not been made:

- (i) **Copyrights** - all programming, including without limitation all program episodes, segments, and online content, produced by or for Galavision, Inc. and UniMas Network (formerly Telefutera Network) as listed in Exhibit A (collectively the “**Programs**”), together with all United States of America and foreign copyrights (whether or not registered) therein and thereto, including all of the copyright registrations therefor listed in Exhibit A;
- (ii) **Trademarks** - all existing trademarks, service marks, and Program titles (whether or not registered) of ASSIGNOR as listed in Exhibit B, together with all goodwill symbolized thereby and/or associated therewith, including all of the registrations and applications therefor listed in Exhibit B.

2. **Further Assurance.** ASSIGNOR agrees to provide all further necessary documentation and do all further acts reasonably requested by ASSIGNEE to effect and perfect the aforementioned assignment of rights.

3. **Miscellaneous.** This Assignment constitutes the entire agreement and supersedes all prior agreements and understandings, written or oral, between the Parties with respect to the subject matter hereof. This Assignment is governed by and will be construed and enforced in accordance with the federal laws of the United States of America (where applicable) and the laws of the State of New York, without giving effect to any conflicts of laws principles that would require the application of the laws of any other jurisdiction. This Assignment may be executed in two or more counterparts, each and all of which will be deemed an original and all of which together will constitute but one and the same instrument. The facsimile signature of a Party to this Assignment or any instrument delivered in connection with the consummation of the transactions described herein or a PDF copy of the signature of a Party to this Assignment or any instrument delivered in connection with the consummation of the transactions described herein delivered by electronic mail for purposes of execution or otherwise, is to be considered to have the same binding effect as the delivery of an original signature on this Assignment or on an original instrument.

4. Tax Treatment. Each party hereto agrees that, for federal income tax purposes, the transactions contemplated by this Assignment are intended to be governed by Section 721(a) of the Internal Revenue Code of 1986, as amended.
