Unless otherwise defined herein, all capitalized terms used herein which are not defined shall have the meanings given to such terms in the Trademark Security Agreements (as defined below).

W I T N E S S E T H:

WHEREAS, pursuant to the certain Term A Facility Pledge and Security Agreement, dated as of June 19, 2009 (as it may be amended, restated, supplemented or otherwise modified from time to time, the “**Pledge and Security Agreement**”) and the certain Counterpart Agreement, dated as of October 29, 2010, the Grantors and Collateral Agent were required to enter into, as applicable, (i) the Term A Facility Trademark Security Agreement, dated as of June 19, 2009, which was recorded with the Trademark Division of the United States Patent and Trademark Office on June 25, 2009 at Reel/Frame 4012/0001, and (ii) the Term A Facility Trademark Security Agreement, dated as of October 29, 2010 (collectively, as supplemented hereby and as the same may hereafter be further amended, modified, supplemented, extended, renewed, restated or replaced, the “**Trademark Security Agreements**”);

WHEREAS, pursuant to the Trademark Security Agreements, each Grantor has, among other things, granted to Collateral Agent a security interest in all present and future trademarks and trademark applications of such Grantor, together with certain related assets, and has agreed to execute and deliver to Collateral Agent all agreements and documents as requested by Collateral Agent to evidence the security interests of Collateral Agent therein;

WHEREAS, each Grantor has certain additional trademarks, trademark applications and internet domain names registered or filed with the United States Patent and Trademark Office which are not reflected in the Trademark Security Agreements; and

WHEREAS, each Grantor and Collateral Agent now wish to supplement the Trademark Security Agreements to include such additional trademarks, trademark applications and internet domain names.

NOW, THEREFORE, in consideration of the premises and the agreements, provisions and covenants contained herein and in the Pledge and Security Agreement, each Grantor hereby agrees with the Collateral Agent as follows:

1. Grant of Security in Additional Trademark Collateral.

Each Grantor hereby grants to the Collateral Agent, on behalf of and for the ratable benefit of the First Lien Term Secured Parties, a Lien on and security interest in all of such Grantor’s right, title and interest in, to and under all of the following personal property of

such Grantor, in each case whether now owned or existing or hereafter acquired or arising and wherever located (all of which being hereinafter collectively referred to as the “**Additional Trademark Collateral**”):

- a. all registered trademarks, trademark applications and internet domain names, whether arising under the laws of the United States, any other country or any political subdivision thereof or otherwise, referred to in Schedule 1 attached hereto; and
- b. all common-law rights related thereto and all rights to sue at law or in equity for any infringement, misappropriation, or other violation or impairment thereof and the right to receive all Proceeds (including, licenses, royalties, income, payments, claims, damage awards and proceeds of suit) therefrom.

2. Confirmation of Grant of Security Interest. Without limiting the grant of the security interest to Collateral Agent set forth in Section 2 of each Trademark Security Agreement or any other provisions thereof, each Grantor hereby confirms, reaffirms and restates its prior grant of Trademark Collateral to Collateral Agent, and hereby grants to Collateral Agent a continuing security interest in and a general lien upon the Trademark Collateral and the Additional Trademark Collateral.

3. Recordation. Each Grantor hereby authorizes and requests the Commissioner for Trademarks and any other applicable government officer to record this Supplement.

4. Representations, Warranties and Covenants. All of the representations, warranties and covenants with respect to the Trademark Collateral set forth in the Pledge and Security Agreement shall apply to the Additional Trademark Collateral.

5. Effect of this Supplement. Except as expressly supplemented pursuant hereto, no other changes or modifications to the Trademark Security Agreements or waivers of or consents under any provisions thereof are intended or implied, and in all other respects the Trademark Security Agreements are hereby specifically ratified, restated, and confirmed by all parties hereto as of the effective date hereof. To the extent any term or provision of this Supplement conflicts with any term or provision of the Pledge and Security Agreement, the term or provision of the Pledge and Security Agreement shall control.

6. Counterparts. This Supplement may be executed in any number of counterparts, but all of such counterparts shall together constitute but one and the same agreement. In making proof of this Supplement, it shall not be necessary to produce or account for more than one counterpart thereof signed by each of the parties hereto.
