TRADEMARK ASSIGNMENT

This Trademark Assignment is effective as of January 1, 2013, by AGRAQUEST, INC., a Delaware corporation ("Assignor"), to BAYER CROPSCIENCE LP, a Delaware limited partnership having an address of 2 T.W. Alexander Drive, Research Triangle Park, NC 27709 ("Assignee").

RECITALS:

A. Assignor is the owner of the trademarks and service marks and related applications and registrations therefor listed on Schedule A attached hereto (collectively, the "Marks").

B. Assignee is desirous of acquiring any and all rights that Assignor has in and to the Marks, together with the goodwill of the business in connection with which the Marks are used and which is symbolized by the Marks, along with the right to recover for damages and profits for past infringements thereof;

NOW THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties intending to be legally bound hereby agree as follows:

AGREEMENT

1. Assignor represents and warrants that Assignor is the sole and exclusive owner and claimant of all right, title and interest in and to the Marks; that neither the Marks nor any interest in the Marks has been assigned or otherwise transferred, encumbered, or affected by Assignor; and that Assignor has the authority to transfer these rights to Assignee and cause this Agreement to be executed as of the day and year first written above.

2. Assignor hereby assigns, transfers and conveys to Assignee, its legal representatives, successors and assigns, nunc pro tunc as of the effective date, all right, title and interest in and relating to the Marks, including registrations of, and registration applications for, such trademarks, together with the goodwill of the business in connection with which the Marks are used and which is symbolized by the Marks, including but not limited to the right to sue and recover for, and the right to profits or damages due, accrued or arising out of, or in connection with, any and all past, present or future infringement of, or damage or injury to, such Marks, or to the registrations thereof.

3. Assignor hereby divests itself of any and all rights it had in and to the Marks and conveys them to Assignee, who shall hold such rights in place of Assignor, enjoying and benefiting from any and all the rights to the Marks to the same extent as the Assignor would have enjoyed and benefited therefrom and taking Assignor's place in any and all claims, actions and obligations which may derive therefrom or relate thereto, including but not limited to claims for infringement or violation of the Marks that relate to actions that occurred prior to the Effective Date. Assignor hereby assigns to Assignee all its rights and obligations resulting from transactions between the Assignor and a third party in connection with the Trademarks.

4. Assignor agrees, for no additional compensation, to execute and deliver at the request of the Assignee, all papers, instruments and assignments, and perform any other reasonable acts the Assignee may require in order to vest all Assignor's rights, title, and interest in and to the Marks in the Assignee and/or to provide evidence to support any of the foregoing in the event such evidence is deemed necessary by the Assignee, to the extent such evidence is in the possession or control of Assignor. Assignor agrees that it shall not dispute, contest, or aid or assist others in disputing or contesting, either directly or indirectly, Assignee's exclusive right, title and interest in and to the Marks.

5. The terms and provisions of this Agreement shall be binding upon the parties and their heirs, legal representatives, successors, and assigns.

6. This Agreement shall be governed by the laws of the State of Delaware and by the Trademark Laws of the United States.

7. This Agreement constitutes the entire understanding between the parties hereto. This Agreement, including this paragraph, may be amended or modified only by an instrument in writing signed by both of the parties hereto or their authorized representatives.
