TRADEMARK ASSIGNMENT

This Trademark Assignment (this "Assignment") is made effective this 30th day of May, 2013, by and between Source Technologies, LLC, a limited liability company organized and existing under the laws of Delaware, and having a usual place of business at 2910 Whitehall Park Drive, Charlotte, North Carolina 28273 ("Assignor") and Datamax-O'Neil Corporation, a corporation organized and existing under the laws of Delaware, and having a usual place of business at 4501 Parkway Commerce Blvd., Orlando, Florida 32808 ("Assignee").

WHEREAS, Assignor holds all right, title and interest in and to the trademarks, service marks trade names, and Internet domain names set forth on Exhibit A attached hereto and incorporated herein by reference (the "Marks");

WHEREAS, Assignor and Assignee are parties to that certain Asset Purchase Agreement, dated as of the date hereof (the "Purchase Agreement"), pursuant to which Assignor transferred, sold and conveyed to Assignee certain assets of Assignor, including the Marks and the goodwill of the business symbolized thereby;

WHEREAS, Assignor now wishes to assign the Marks to Assignee, and Assignee is desirous of acquiring the Marks from Assignor, together with the goodwill of the business symbolized thereby; and

WHEREAS, Assignor is conveying the Marks to Assignee as part of the transfer of all or substantially all of the assets of the Business (as that term is defined in the Purchase Agreement).

NOW, THEREFORE, in consideration of the promises set forth above and in the Purchase Agreement and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged:

Assignor does hereby sell, assign, convey and transfer unto Assignee and its successors, assigns and legal representatives, Assignor's entire right, title and interest in and throughout the world in and to the Marks (including any common law rights that may exist and are associated therewith), together with the goodwill of the business symbolized thereby and appurtenant thereto, the same to be held and enjoyed by Assignee, its successors, permitted assigns or legal representatives, together with income, royalties, damages or payments due on or after the date hereof, including, without limitation, all claims for damages or payments by reason of infringement or unauthorized use of the Marks, along with the right to sue for past infringements and collect from same for Assignee's sole use and enjoyment. Assignor agrees that Assignee is a successor to the portion of Assignor's business to which the Marks pertain, solely for the purpose of assigning any intent to use applications relating to the Marks as set forth on Exhibit A.

Assignor hereby further agrees for itself and its successors, assigns, agents, and legal representatives to execute upon request any other lawful documents and likewise to perform any other lawful acts which may be deemed necessary to secure fully the Marks to Assignee, its successors, assigns, and legal representatives, as well as to third parties at the request of Assignee, including the execution of documents relating to the Marks and the general goodwill of the business, as requested by Assignee, and generally assist, cooperate and do everything reasonably possible to aid Assignee, its successors, assigns and legal representatives to obtain, record, maintain, and enforce full protection for the Marks in all countries, but in each instance at Assignee's expense.

Assignor hereby further agrees to provide documentary evidence and statements or testimony in any suit or other proceeding in which any of the Marks may be involved, in each instance at Assignee's expense.

Assignor does hereby authorize the Director of the United States Patent & Trademark Office, and the empowered official of any U.S. State, or any country or countries foreign to the United States whose duty it is to record trademark registrations, applications and title thereto, to record the Marks and title thereto as the property of Assignee, its successors, assigns or legal representatives in accordance with the terms of this instrument. To the extent Assignor retains any right, title or interest in or to the Marks that cannot be assigned to Assignee pursuant to this Assignment, then Assignor hereby agrees to waive for all time any claims that Assignor may have concerning the Marks. Assignor shall make no further use of the Marks for its own benefit or the benefit of another, nor shall Assignor challenge Assignee's use of the Marks after the date of this Assignment.

Assignee and Assignor covenant and agree that the representations, warranties, covenants and agreements of the parties contained in the Purchase Agreement shall not merge into or with this Assignment, but shall survive this Assignment and shall continue in full force and effect for the period specified in the Purchase Agreement.

Assignee and Assignor also agree that multiple copies of this Assignment may be executed, each of which shall be deemed an original and all of which together shall constitute one and the same agreement, and each of which shall be valid and binding upon Assignee and Assignor.
