TRADEMARK ASSIGNMENT

BY AND BETWEEN

MICRUS ENDOVASCULAR LLC (ASSIGNOR)

AND

DEPUY SYNTHES, INC. (ASSIGNEE)

EFFECTIVE DATE: DECEMBER 30, 2012

TRADEMARK ASSIGNMENT

This **AGREEMENT**, made and entered into and effective as of the 30th day of December, 2012 (the "Effective Date"), by and between **Micrus Endovascular LLC**, a Delaware limited liability company with a principal place of business at 821 Fox Lane, San Jose, CA 95131 ("Assignor"), and **DePuy Synthes, Inc.**, a Delaware corporation with a principal place of business at 700 Orthopaedic Drive, Warsaw, IN 46581 ("Assignee"), each individually referred to as a "Party" and collectively referred to as the "Parties."

WITNESSETH:

WHEREAS, Assignor is the sole and exclusive owner of all right, title and interest in, to and under the trademarks, service marks, trade names, logos, slogans, designs, trade dress and other proprietary designations, including but not limited to the trademark applications and registrations therefor set forth on Schedule A hereto, and all other applications and registrations therefor, along with all related common law marks and all appurtenant goodwill (collectively, the "**Assigned Marks**");

WHEREAS, Assignee, is desirous of acquiring the full right, title and interest in, to and under the Assigned Marks and the goodwill accrued in connection and associated therewith.

NOW, THEREFORE, in consideration of the foregoing and the mutual promises, covenants and conditions contained herein and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged by the Parties, the Parties intending to be legally bound, hereby agree as follows:

ARTICLE 1. ASSIGNMENT OF INTELLECTUAL PROPERTY

1.1 Assignor does hereby assign, transfer, convey and set over unto Assignee its full right, title and interest, including common law rights, in all countries and jurisdictions of the world, in, to and under the Assigned Marks and any other common law trademarks, together with the goodwill of the business symbolized by the Assigned Marks and any other common law trademarks, and applications and registrations thereof, any renewal rights therein, and the exclusive right to enforce the rights in the Assigned Marks throughout the world, and to collect for damages for past infringement of the rights in the Assigned Marks, in the sole name of Assignee, its successors, legal representatives and assigns; the aforesaid transferred right, title and interest to be held and enjoyed by Assignee, its successors, legal representatives and assigns as fully and entirely as the same would have been held and enjoyed by Assignor had this assignment not been made.

ARTICLE 2. REPRESENTATIONS AND WARRANTIES

2.1 Assignor hereby represents and warrants to Assignee that Assignor owns the full right, title and interest in, to and under the Assigned Marks to allow it to assign, transfer, convey, and set over the entire right, title and interest assigned hereunder, and that Assignor has not executed and will not execute any agreement in conflict herewith.

2.2 Assignor represents that there are currently no actions, suits or proceedings pending or to the knowledge of Assignor, threatened against or affecting the Assigned Marks, and that all the Assigned Marks are in force, and all maintenance fees therefor are current.

2.3 Assignor represents that there are no undisclosed contracts, licenses, commitments or other legal obligations affecting the Assigned Marks which are of such nature as to prevent or limit the rights assigned pursuant to this Agreement.

2.4 Assignor and Assignee warrant and represent that they have the requisite legal and corporate power and right to enter into this Agreement and to carry out all of their respective obligations under the terms of this Agreement.

ARTICLE 3. MISCELLANEOUS

3.1 Should any provision of this Agreement be or become void because of being at variance with a law or decree of any pertinent governmental body, the remainder of this Agreement shall remain binding on both Parties. The Parties will use their best efforts to agree upon any changes in this Agreement which may be necessary in order to adjust its remaining provisions with regard to the omission of any invalid term in order to make this Agreement workable.

3.2 No modification or amendment to this Agreement shall be of any force or effect unless in a writing and signed by authorized representatives of both Parties hereto.

3.3 The descriptive headings contained in this Agreement are for convenience of reference only and shall not affect in any way the meaning or interpretation of this Agreement.

3.4 Assignor agrees to cooperate with Assignee in the recording of this Agreement with appropriate government or other offices, and to otherwise implement this Agreement, if Assignee so requests. This includes executing any documents or supplementary agreements as appropriate in the relevant jurisdictions, including executing a short form Trademark Assignment, in substantially the same form as attached hereto as Exhibit A.

3.5 Assignor further agrees that it will, upon Assignee's reasonable request, execute and deliver all such instruments and other documents and take such actions as may be necessary or desirable to perfect Assignee's title in, to and under the Assigned Marks.

3.6 This Agreement may be executed in counterparts, each of which shall be deemed to be an original, but all of which together shall constitute a single agreement.

ARTICLE 4. APPLICABLE LAW AND NOTICES

4.1 This Agreement shall be construed and interpreted, and its performance shall be governed by the substantive laws of Delaware.

4.2 Any notice or other communication which is required to be given by either Party to the other hereunder shall be in writing and shall be deemed to have been duly given when sent by registered or certified mail, postage prepaid, or by overnight delivery by a responsible third-

party carrier with tracking ability. Any notices required under this Agreement shall be addressed as follows, or to such other address as may be designated by either Party in writing:
