PATENT AND TRADEMARK ASSIGNMENT
(to be filed with the United States Patent and Trademark Office)

This trademark assignment ("Assignment") is dated March 29, 2013 between Mitchell-Vance Laboratories, LLC, a Connecticut limited liability company ("Assignor") and Enaltus, LLC, a Florida limited liability company, whose address is 1100 Satellite Boulevard in Suwanee, Georgia, 30024 ("Assignee"). Capitalized terms used but not defined herein have the respective meanings ascribed to them in that certain Asset Purchase Agreement between Assignor and Assignee dated as of this date (the "Purchase Agreement").

RECITALS:

- A. The Assignor is the owner of 5 certain registered U.S. patents and trademarks (and applications therefore) which are more particularly described in Annex A attached hereto and incorporated herein (collectively the "Rights").
- B. The Assignee wishes to acquire all of the right, title, and interest in and to all of the Rights.

Therefore, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignor and Assignee hereby agree as follows:

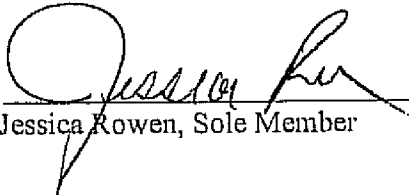

1. **Assignment:** The Assignor hereby irrevocably assigns to the Assignee the entire statutory and common law right, title, and interest in and to each of the Rights and any registrations and trademark applications relating thereto and any renewals and extensions thereof, and to all income, royalties, damages, claims and payments now or hereafter due or payable with respect thereto, and in and to all causes of action, either in law or equity for past present or future infringement, and in and to all goodwill. The Assignor agrees that the Assignee shall, from this date forward, own the said Rights, to benefit and dispose of these rights in any way and at its sole discretion. This is a final assignment.

2. **General Terms:** Except as set forth in the Purchase Agreement, this Assignment is made without any covenant, warranty or representation by, or recourse against, Assignor. Notwithstanding anything contained herein, in the event of a conflict between the terms and conditions of this Assignment and the terms and conditions of the Purchase Agreement, the terms and conditions of the Purchase Agreement shall govern, supersede and prevail. This Assignment will be governed by and construed in accordance with the Laws of the State of Florida without regard to its principles of conflicts of laws. Capitalized terms used herein but not otherwise defined herein shall have the meanings ascribed to them in the Purchase Agreement. This Assignment may be executed in one or more counterparts, all of which shall be considered one and the same agreement, and shall become effective when one or more such counterparts have been signed by each of the parties and delivered to the other party. This Assignment, to the extent signed and delivered by means of a facsimile machine, or other means (including PDF format) shall be treated in all manner and respects as an original and shall be considered to have the same binding legal effects as if it were the original signed version thereof delivered in person.
