WHEREAS, Assignors and Assignee are parties to that certain Asset Purchase Agreement, dated as of August 2, 2011 (the "Contribution Agreement");

WHEREAS, pursuant to the Contribution Agreement, the Assignors agreed to deliver this Intellectual Property Assignment to vest in Assignee all of Assignors' right, title and interest in, to and under the Intellectual Property Assets (as defined in the Contribution Agreement), including, but not limited to, the Intellectual Property Assets described on Schedule A attached hereto;

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged:

1. The Assignors hereby contributes, transfers, conveys, assigns and delivers to Assignee any and all worldwide right, title and interest it holds, or may hold, in and to: (i) the Intellectual Property Assets, including all goodwill associated with the trademarks contained in the Intellectual Property Assets; (ii) all income, royalties, damages and payments now or hereafter due or payable with respect to the Intellectual Property Assets, including in and under all causes of action (either in law or in equity); and (iii) all rights to sue at law or in equity for any past, present and future infringement, abuse, misappropriation, violation or other impairment thereof, including, without limitation, the right to receive all proceeds of suit and damage awards therefor, including past damages for infringement, misappropriation or other violations in connection with the Intellectual Property Assets.
2. The Parties hereby request and authorize the relevant authority at the United States Patent and Trademark Office to record Assignee as the assignee and owner of the registered Intellectual Property Assets contained in Schedule A (collectively the "Assigned Intellectual Property").
3. It is understood that any finding of invalidity of one assignment of the Assigned Intellectual Property as effected hereby shall not affect the assignment of any other Assigned Intellectual Property.
4. In the event of a conflict between the terms and conditions of this Assignment and the terms and conditions of the Contribution Agreement, the terms and conditions of the Contribution Agreement shall govern, supersede and prevail. Notwithstanding anything to the contrary in this Assignment, nothing herein is intended to, nor shall it, extend, amplify, or otherwise alter the representations, warranties, covenants and obligations of the parties contained in the Contribution Agreement or the survival thereof.

5. This Assignment, and all claims or causes of action or other matters (whether in contract, tort or otherwise) that may be based upon, arise out of or relate to this Assignment or the negotiation, execution or performance of this Assignment or the consummation of any of the transactions contemplated hereby, shall be governed by and construed in accordance with the laws of the State of Wisconsin applicable to contracts made and performed in such State of Wisconsin, excluding any conflict or choice of law rule or principle that might otherwise refer construction or interpretation thereof to the substantive laws of another jurisdiction.
6. This Assignment may be executed in one or more counterparts, each of which will be deemed to be an original copy of this Assignment and all of which, when taken together, will be deemed to constitute one and the same agreement.
