**TRADEMARK ASSIGNMENT**

THIS TRADEMARK ASSIGNMENT (this "*Assignment*"), dated as of April 23, 2013 (the "*Effective Date*"), is made by and between Charles M. Forman, solely in his capacity as the Chapter 7 trustee ("*Assignor*") for Entertainment Publications, LLC, a Delaware limited liability company, and HSP EPI Acquisition, LLC, a Delaware limited liability company ("*Assignee*"), pursuant to the Second Amended and Restated Asset Purchase and Sale Agreement, dated as of April 22, 2013 (the "*Purchase Agreement*"), by and between Assignor and Assignee. Capitalized terms used and not defined herein have the meanings given to such terms in the Purchase Agreement.

WHEREAS, Assignor is the owner of the entire right, title and interest in, to and under the United States trademark applications identified and set forth on Schedule A hereto or that otherwise constitute Purchased Assets under the Purchase Agreement (all of the foregoing collectively, the "*Trademarks*") and the goodwill associated with all of the foregoing; and

WHEREAS, Assignee wishes to acquire all of Assignor's right, title and interest in and to the Trademarks and the goodwill associated therewith.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged:

Assignor hereby irrevocably sells, conveys, assigns, transfers and sets over to Assignee all of Assignor's right, title and interest in and to the Trademarks, together with the goodwill of the business in connection with which the Trademarks are used, and all registrations, applications, renewals and extensions of the foregoing in the United States and for all foreign countries that are or may be secured under the laws of the United States and all foreign countries, now or hereafter in effect, for Assignee's own use and enjoyment, and for the use and enjoyment of Assignee's successors, assigns or other legal representatives, as fully and entirely as the same would have been held and enjoyed by Assignor if this assignment had not been made, together with all income, royalties or payments due or payable as of the Effective Date or thereafter, including, without limitation, all claims for damages by reason of past, present or future infringement or other unauthorized use of the Trademarks, with the right to sue for and collect the same for Assignee's own use and enjoyment and for the use and enjoyment of its successors, assigns, or other legal representatives.

This Assignment shall not in any manner affect, modify, expand upon or derogate from the representations, warranties, covenants or other agreements expressly set forth in the Purchase Agreement.
