INTELLECTUAL PROPERTY SECURITY AGREEMENT

This Intellectual Property Security Agreement is dated as of May 4, 2012 (as the same may be amended, restated, supplemented or otherwise modified from time to time, this "Agreement"), by and among CHEGG, INC., a Delaware corporation ("Chegg"), the other Persons set forth on the signature pages hereto (Chegg and such Persons being referred to individually as a "Grantor" and collectively as "Grantors"), and TRIPLEPOINT CAPITAL LLC, a Delaware limited liability company, as agent (in such capacity, "Agent") for the lenders ("Lenders") party to the Loan Agreement (as defined below) from time to time.

Each Grantor, Agent and Lenders have entered into a Loan and Security Agreement of even date herewith (together with amendments, supplements, extensions and exhibits, collectively the "Loan Agreement"). Capitalized terms or matters of construction defined or established in the Loan Agreement shall be applied herein as defined or established therein. Pursuant to the Loan Agreement, each Grantor has granted to Agent, for the benefit of Agent and Lenders, a lien on and a security interest in all the present and future rights, title, and interest that such Grantor may now have or hereafter acquire in all Patents, Trademarks, Copyrights, Patent Licenses, Trademark Licenses, Copyright Licenses, and applications for Patents, Trademarks and Copyrights.

In consideration for the mutual covenants and agreements contained in the Loan Agreement and this Agreement, and for other good and valuable consideration, the receipt and sufficiency of which are acknowledged, each Grantor and Agent hereby agree as follows:

I. GRANT OF SECURITY INTEREST

Each Grantor hereby grants to Agent, for the benefit of Agent and Lenders, a lien upon and continuing security interest in all of such Grantor's right, title, and interest in, to and under all of the following (all of the following items of property collectively will be referred to as the "Intellectual Property Collateral"), whether now existing or hereafter arising or acquired:

- ⇒ all Patents, Patent Licenses, and Patent applications, including specifically those listed on the attached **Schedule A**, together with any reissues, divisions, continuations, renewals, extensions and continuations thereof;
- ⇒ all Trademarks, Trademark Licenses, and trademark applications, including specifically those listed on the attached **Schedule B** together with any renewals thereof;
- ⇒ all Copyrights, Copyright Licenses, and applications for Copyrights, including specifically those listed on the attached **Schedule C**;
- ⇒ the right to sue for past, present and future infringements of the foregoing and all rights corresponding thereto throughout the world and all re-issues, divisions continuations, renewals, extensions and continuations-in-part thereof; and
- ⇒ all Proceeds;

provided, that "Intellectual Property Collateral" shall not include: (a) any license, contract or agreement to which a Grantor is a party or any of its rights or interests thereunder if and for so long as the grant of a security interest therein would constitute or result in (i) the unenforceability of any right, title or interest of such Grantor in or (ii) a breach or termination pursuant to the terms of, or a default under, any such license, contract or agreement (other than to the extent that any such term would be rendered ineffective pursuant to Sections 9406, 9407, 9408 or 9409 of the UCC or any other applicable law or principles of equity); provided that "Intellectual Property Collateral" shall include, and the Lien of Agent granted in accordance with this Section 1(A) shall attach immediately at such time as the condition causing such unenforceability shall be remedied and, to the extent severable, shall attach immediately to any portion of such license, contract or agreement that does not result in any of the consequences specified in clause (i) or (ii) above, including any

EXECUTION VERSION

Proceeds of such license, contract or agreement; and (b) any intent-to-use trademark of any Grantor for which a United States registration application is pending that is not material to the operations and the business of such Grantor and for which an amendment to allege use or statement of use has not been filed under 15 U.S.C. § 1051(c) or 15 U.S.C. § 1051(d), respectively.

Each Grantor hereby represents and warrants to Agent that **Schedules A, B and C** attached hereto set forth any and all intellectual property rights in connection to which such Grantor has registered or filed an application with either the United States Patent and Trademark Office or the United States Copyright Office, as applicable.

2. LOAN AGREEMENT

This security interest is granted to secure the Secured Obligations under the Loan Agreement. All the capitalized terms used but not otherwise defined are used in this Agreement with the same meaning as defined in the Loan Agreement.

3. AGENT'S RIGHT TO SUE

During the continuance of an Event of Default, subject to the terms of the Loan Agreement and the Intercreditor Agreement (as defined in Section 8 below), Agent shall have the right, but shall in no way be obligated, to bring suit in Agent's own name to enforce each Grantor's rights in the Intellectual Property Collateral. If Agent commences any such suit, each Grantor shall, at Agent's request, do all lawful acts and execute and deliver all proper documents or information that may be necessary or desirable to aid Agent in such enforcement. Each Grantor shall promptly, upon demand, reimburse and indemnify Agent for all of Agent's costs and expenses, including reasonable attorneys' fees, related to Agent's exercise of the above mentioned rights.

4. FURTHER ASSURANCES

Each Grantor shall from time to time execute, deliver and obtain any instruments or documents as Agent may reasonably request, and take all further action that may be reasonably necessary or desirable, or that Agent may reasonably request, to carry out more effectively the provisions and purposes of this Agreement or any other related agreements or to confirm, perfect, preserve and protect the liens granted to Agent, for the benefit of Agent and Lenders.

5. MODIFICATION

This Agreement can only be altered, amended or modified in a writing signed by Agent and each Grantor. Notwithstanding the foregoing however, each Grantor hereby irrevocably appoints Agent (and any of Agent's designated officers, agents or employees) as such Grantor's true and lawful attorney to modify, in Agent's sole discretion, this Agreement without first obtaining such Grantor's approval of or signature to such modification by amending **Schedules A, B and C** to this Agreement, as appropriate, to include reference to any right, title or interest in any Intellectual Property Collateral acquired by any Grantor before or after the execution hereof or to delete any reference to any right, title or interest in any Intellectual Property Collateral in which any Grantor no longer has or claims to have any right, title or interest. The appointment of Agent as each Grantor's attorney in fact, and each and every one of Agent's rights and powers, being coupled with an interest, is irrevocable until all of the Secured Obligations have been fully repaid and performed and Lender's obligation to provide credit extensions to Grantors is terminated.

6. BINDING EFFECT; REMEDIES NOT EXCLUSIVE

This Agreement shall be binding upon each Grantor and each Grantor's respective successors and assigns, and shall inure to the benefit of Agent and Lenders, and each of Agent's and Lenders' nominees and assigns.

The rights and remedies of Agent and Lenders with respect to the security interest granted hereby are in addition to those set forth in the Loan Agreement and the other Loan Documents, and those which are now or hereafter available to Agent and Lenders as a matter of law or equity. Each of the rights, powers and remedies of Agent and Lenders provided for herein or in the Loan Agreement or any of the other Loan Documents, or now or hereafter existing at law or in equity, shall be cumulative and concurrent and shall be in addition to every right, power or remedy provided for herein and the

exercise by Agent or any Lender of any one or more of the rights, powers or remedies provided for in this Agreement, the Loan Agreement or any of the other Loan Documents, or now or hereafter existing at law or in equity, shall not preclude the simultaneous or later exercise by any person, including Agent or any Lender, of any or all other rights, powers or remedies.

7. GOVERNING LAW; COUNTERPARTS

This Agreement shall be deemed made and accepted in and shall be governed by and construed in accordance with the laws of the State of California, and (where applicable) the laws of the United States of America.

This Agreement may be executed in two or more counterparts, each of which shall be deemed an original but all of which together shall constitute the same instrument.

8. INTERCREDITOR AGREEMENT

Reference is made to the Intercreditor Agreement of even date herewith (as amended, restated, supplemented or otherwise modified from time to time, the "Intercreditor Agreement"), among Chegg, the Subsidiaries of Chegg party thereto, JPMorgan Chase Bank, N.A., as First Lien Representative (as defined therein), and Agent, as Second Lien Representative (as defined therein). Notwithstanding anything herein to the contrary, the lien and security interest granted to Agent, for the benefit of Agent and Lenders, pursuant to this Agreement and the exercise of any right or remedy by Agent and any Lender hereunder are subject to the provisions of the Intercreditor Agreement. In the event of any conflict or inconsistency between the provisions of the Intercreditor Agreement and this Agreement, the provisions of the Intercreditor Agreement shall control.
