### RECITALS:

ALSTOM Transport SA, a member company of the Alstom Group, has carried out research and development work for its own account and at its own expense, and has generated aesthetic creations.

These aesthetic creations are protected by design rights and have given rise to design applications and designs (hereinafter referred to as the "Design Rights").

ALSTOM Transport SA, a member company of the Alstom Group, has carried out work on the branding of its technologies, products and services for its own account and at its own expense, and has generated product and service names.

These product and service names are protected by trademark rights and under domain names and have given rise to trademark registrations and domain name reservations and

trademarks and domain names (hereinafter respectively referred to as the "Trademark Rights" and the "Domain Names").

The expenses pertaining to the said Trademarks, Designs and Domain Names have been fully borne by ALSTOM Transport SA.

ALSTOM was named as holder of the Trademarks, Designs and Domain Names at the time of the registration of these Trademark and Design applications and Domain Name reservations and is therefore the owner of these Trademarks, Designs and Domain Names.

Given, on one hand, that ALSTOM Transport SA has generated the Trademarks, Designs and Domain Names and, on the other hand, for reasons pertaining to the general organisation of ALSTOM Transport SA's R&D and industrial property, that the latter wishes to be the holder of these Trademarks, Designs and Domain Names.

The purpose of this assignment agreement is therefore to amend and rectify the designation of ALSTOM as holder of these Trademarks, Designs and Domain Names by assigning the said Trademarks, Designs and Domain Names for nominal consideration.

**Now, therefore, It is agreed as follows:**

#### Article 1

The ASSIGNOR hereby assigns, transfers and sells to the ASSIGNEE, which so accepts, full and absolute ownership, without any restriction or qualification whatsoever, of all rights that it holds in the ownership and exploitation of:

- Trademark Rights as set out in Schedule 1
- Design Rights as set out in Schedule 2
- Domain Names as set out in Schedule 3.

These Schedules 1, 2 and 3 form an integral part hereof.

The ASSIGNOR also transfers to the ASSIGNEE the right of priority pertaining to the Trademarks and Designs as recognised under Article 4 of the International Convention for the Protection of Industrial Property.

The ASSIGNOR represents that it has not granted any licence to exploit or any total or partial assignment or any security interest or pledge in respect of the Trademarks, Designs and Domain Names to any individual or legal entity and that, consequently, it is fully entitled to dispose of the private rights deriving therefrom at its own discretion.

Article 2

This assignment entails the transfer of all rights and prerogatives attaching to the Trademark and Design Rights and Domain Names.

The ASSIGNOR also assigns to the ASSIGNEE, which so accepts, all rights to institute legal proceedings in respect of any acts of infringement not time-barred as at the date hereof.

The costs, risks or benefits deriving from these proceedings shall be exclusively borne by and shall respectively accrue to the ASSIGNEE.

Consequently, the ASSIGNEE is hereby solely subrogated to all the ASSIGNOR's rights, actions and privileges in respect of the Trademarks, Designs and Domain Names and acquires the title to and full right to use the Trademarks, Designs and Domain Names, of which it shall henceforth have the unfettered disposal.

Article 3

This assignment is subject to no warranty other than that of the actual existence of the Trademark and Design Rights and Domain Names.

Any full or partial invalidation of the Trademark and Design Rights and Domain Names shall not entail any novation or termination of this agreement, as the ASSIGNEE expressly represents that it enters into this assignment agreement at its sole risk.

Article 4

This assignment is granted in consideration of an all-inclusive fixed price of one (1) euro, paid to the ASSIGNOR on the date of execution hereof.

The ASSIGNOR represents that it has duly received payment of the said price and hereby acknowledges full, final and unqualified release of the ASSIGNEE with respect thereto.

Article 5

Any dispute arising between the parties with respect to the interpretation and/or performance of this agreement shall, unless amicably resolved, be referred to the District Court of Nanterre, which the parties acknowledge as having sole jurisdiction.

**Article 6**

The effective date of possession shall be the date of execution hereof.

**Article 7**

Full powers are given to the bearer of an original hereof for the purposes of registration hereof in the National Registers of Trademarks and Designs maintained in the relevant countries.

The costs pertaining to these formalities shall be borne by the ASSIGNEE.

**D'UNE PART,**

**ET**

**ALSTOM Transport SA**, Société Anonyme de droit français, au capital de 343 600 000 euros, ayant son siège social 3 avenue André Malraux, 92300 Levallois-Perret, France, immatriculée au Registre du Commerce et des Sociétés de Nanterre, sous le N° 389 191 982, représentée par Jérôme WALLUT en sa qualité de Président Directeur Général

Ci-après dénommée « Le **CESSIONNAIRE** »,

**D'AUTRE PART.**

**ÉTANT PRÉALABLEMENT EXPOSÉ QUE :**

ALSTOM Transport SA, société du Groupe Alstom, a effectué des travaux de recherche et développement pour son compte et à ses frais et est à l'origine de créations esthétiques.

Ces créations esthétiques ont fait l'objet d'une protection par droit de modèles et ont donné lieu aux demandes de modèle et aux modèles (ci-après désignés par les « Droits de Modèles »).

ALSTOM Transport SA, société du Groupe Alstom, a effectué des travaux de nommage de ses technologies, de ses produits et de ses services pour son compte et à ses frais et est à l'origine de noms de produits et de services.

Ces noms de produits et de services ont fait l'objet d'une protection par droit de marques et à titre de noms de domaine et ont donné lieu aux enregistrements de marques et aux réservations de noms de domaine et aux marques et noms de domaine (ci-après désignés par, respectivement, les « Droits de Marques » et les « Noms de domaine »).

Les dépenses attachées auxdits Marques, Modèles et Noms de domaine ont été intégralement pris en charge par ALSTOM Transport SA.

ALSTOM a été désignée titulaire des Marques, Modèles et Noms de domaine lors des enregistrements de ces demandes de Marques, Modèles et réservation de Noms de domaine et est donc propriétaire de ces Marques, Modèles et Noms de domaine.

Compte tenu d'une part du fait qu'ALSTOM Transport SA est à l'origine des Marques, Modèles et Noms de domaine, et d'autre part, pour des raisons d'organisation générale de la R&D et de la propriété industrielle d'ALSTOM Transport SA, cette dernière souhaite que ces Marques, Modèles et Noms de domaine soient détenus par elle.

Le présent contrat de cession a donc pour but de rectifier et régulariser la désignation d'ALSTOM en tant que titulaire des Marques, Modèles et Noms de domaine en cédant lesdits Marques, Modèles et Noms de domaine pour une somme symbolique.
