GRANT OF A SECURITY INTEREST -- TRADEMARKS

This Trademark Security Agreement (this "Trademark Security Agreement") is made as of September 26, 2013, by VERDESIAN LIFE SCIENCES, LLC, PLANT PROTECTANTS, LLC, VERDESIAN LIFE SCIENCES U.S., LLC, RODE-TROL, LLC, NORTHWEST AGRICULTURAL PRODUCTS LLC and INTX MICROBIALS LLC (collectively, "Grantors", and each, a "Grantor"), in favor of BANK OF MONTREAL, in its capacity as Administrative Agent for itself and the other Secured Parties (together with its successors and assigns in such capacity, "Grantee").

WHEREAS, each Grantor has adopted, used and is using, and holds all right, title and interest in and to, the trademarks and service marks listed by such Grantors name on the attached Schedule A, which trademarks and service marks are registered or applied for in the United States Patent and Trademark Office (the "Trademarks");

WHEREAS, each Grantor has entered into a Pledge and Security Agreement, dated September 26, 2013 (as amended, restated, supplemented, modified or otherwise changed from time to time, the "Security Agreement"), in favor of Grantee; and

WHEREAS, pursuant to the Security Agreement, each Grantor has granted to the Grantee for the benefit of the Secured Parties (as defined in the Security Agreement), a continuing security interest in all right, title and interest of such Grantor in, to and under the Trademarks, together with the goodwill of the business symbolized by the Trademarks and the applications and registrations thereof, and all proceeds thereof, including, without limitation, any and all causes of action which may exist by reason of infringement thereof and any and all damages arising from past, present and future violations thereof (the "Collateral"), to secure the payment, performance and observance of the Obligations.

NOW, THEREFORE, as collateral security for the payment, performance and observance of all of the Obligations, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, each Grantor does hereby grant to the Grantee and grant to the Grantee for the benefit of the Secured Parties, a continuing security interest in the Collateral to secure the prompt payment, performance and observance of the Obligations.

All capitalized terms used but not otherwise defined herein have the meanings given to them in the Security Agreement.

Each Grantor does hereby further acknowledge and affirm that the rights and remedies of the Grantee with respect to the Collateral are more fully set forth in the Security Agreement, the terms and provisions of which are hereby incorporated herein by reference as if fully set forth herein.

Each Grantor hereby authorizes Grantee unilaterally to modify this Trademark Security Agreement by amending Schedule A to include any future United States Trademarks of the Grantor. Notwithstanding the foregoing, no failure to so modify this Trademark Security Agreement or amend Schedule A shall in any way affect, invalidate or detract from Grantee's continuing security interest in all Collateral, whether or not listed on Schedule A.

This Trademark Security Agreement may be executed in any number of counterparts and by different parties in separate counterparts, each of which when so executed shall be deemed to be an original and all of which taken together shall constitute one and the same agreement. Delivery of an executed counterpart by facsimile or electronic mail shall be equally effective as delivery of an original executed counterpart.
