Execution Version

INTELLECTUAL PROPERTY SECURITY AGREEMENT

This Intellectual Property Security Agreement, dated as of October 9, 2013, is made by SONIM TECHNOLOGIES, INC. ("**Grantor**") in favor of SILICON VALLEY BANK ("**SVB**") pursuant to the Loan and Security Agreement, dated as of the date hereof (as amended, amended and restated, supplemented, restructured or otherwise modified, renewed or replaced from time to time, the "**Loan and Security Agreement**"), between Grantor and SVB.

RECITALS

A. SVB has agreed to make certain advances of money and to extend certain financial accommodation to Grantor (the "**Loans**") in the amounts and manner set forth in the Loan and Security Agreement. SVB is willing to make the Loans to Grantor, but only upon the condition, among others, that Grantor shall grant to SVB a security interest in certain Copyrights, Trademarks and Patents to secure the Obligations (as defined in the Loan and Security Agreement). Capitalized terms used but not otherwise defined herein shall have the meanings given to them in the Loan and Security Agreement.

B. Pursuant to the terms of the Loan and Security Agreement, Grantor has granted to SVB a security interest in all of Grantor's right, title and interest, whether presently existing or hereafter acquired, in, to and under all of the Collateral.

NOW, THEREFORE, for good and valuable consideration, receipt of which is hereby acknowledged, and intending to be legally bound, as collateral security for the prompt and complete payment when due of the Obligations (as defined in the Loan and Security Agreement), Grantor hereby represents, warrants, covenants and agrees as follows:

AGREEMENT

To secure the Obligations (as defined in the Loan and Security Agreement), Grantor grants and pledges to SVB a security interest in all of Grantor's right, title and interest in, to and under its Intellectual Property (including without limitation those Copyrights, Patents and Trademarks listed on Schedules A, B and C hereto), and including without limitation all proceeds thereof (such as, by way of example but not by way of limitation, license royalties and proceeds of infringement suits), the right to sue for past, present and future infringements, all rights corresponding thereto throughout the world and all re-issues, divisions, continuations, renewals, extensions and continuations-in-part thereof.

This security interest is granted in conjunction with the security interest granted to SVB under the Loan and Security Agreement. The rights and remedies of SVB with respect to the security interest granted hereby are in addition to those set forth in the Loan and Security Agreement and the other Loan Documents, and those which are now or hereafter available to SVB as a matter of law or equity. Each right, power and remedy of SVB provided for herein or in the Loan and Security Agreement or any of the other Loan Documents, or now or hereafter existing at law or in equity shall be cumulative and concurrent and shall be in addition to every right, power or remedy provided for herein and the exercise by SVB of any one or more of the rights, powers or remedies provided for in this Intellectual Property Security Agreement, the Loan and Security Agreement or any of the other Loan Documents, or now or hereafter existing

at law or in equity, and shall not preclude the simultaneous or later exercise by any person, including SVB, of any or all other rights, powers or remedies.

IN WITNESS WHEREOF, the parties have caused this Intellectual Property Security Agreement to be duly executed by its officers thereunto duly authorized as of the first date written above.
