Release of Intellectual Property Security Interest

This release of Intellectual Property Security Interest is executed by the entity shown below ("Lender") in favor of Business Engine Corp., and its predecessors, related or affiliated companies, and successors in interest, including but not limited to Micro-Frame Technologies, Inc., Business Engine Software Corp., Business Engine Acquisition Co., Business Engine, Inc., and Planview, Inc. (collectively, "Owner").

Recitals

Owner previously granted to Lender certain security interests in copyrights, trademarks, patents, mask works and other intellectual property owned by Owner (collectively, the "Intellectual Property"). Those security interests are reflected in various filings with the Copyright Office and the Patent and Trademark Office, including but not limited to those matters listed in **Exhibit A** hereto.

Owner has now repaid Lender for the various obligations secured by the Intellectual Property. Lender therefore agrees to fully and finally release its security interests in and to the Intellectual Property.

Agreement

Lender hereby releases and discharges Owner from all of its obligations under any agreements between Owner and Lender pertaining to the Intellectual Property. In addition, Lender fully and finally releases any and all of its security interests in or to the Intellectual Property. To the extent necessary to complete the release contemplated herein, Lender grants and reconveys to Owner, without warranty or recourse, any interest Lender has previously been granted in (1) the Intellectual Property, (2) the goodwill to the Intellectual Property, and (3) all ancillary rights previously granted to Lender to perfect its security interests in the Intellectual Property.
