## PATENT AND TRADEMARK SECURITY AGREEMENT

THIS PATENT AND TRADEMARK SECURITY AGREEMENT, dated as of December 4, 2013 (the “**Agreement**”), by and between SMITH MOUNTAIN INDUSTRIES, INC., a Delaware corporation (“**Debtor**”), and DEERPATH CAPITAL II, LP, a Delaware limited partnership (“**Deerpath**”), as administrative agent and collateral agent (in such capacities, together with any successors in such capacities under the Loan Agreement, “**Secured Party**”) for the ratable benefit of the Lenders (defined below).

### WITNESSETH:

**WHEREAS**, Debtor and the other borrowers from time to time party thereto (collectively with Debtor, the “**Borrowers**”), SMI Group Holding Company LLC, a Delaware limited liability company, and the other guarantors from time to time party thereto, Secured Party, and Deerpath and the other lenders from time to time party thereto (collectively, the “**Lenders**”) have entered into that certain Loan Agreement dated as of the date hereof (as amended, restated, or supplemented from time to time, the “**Loan Agreement**”);

**WHEREAS**, Debtor, Holdings and Secured Party have entered into that certain Security Agreement dated as of the date hereof (as amended, restated, or supplemented from time to time, the “**Security Agreement**”), pursuant to which each of Debtor and Holdings has granted a first-priority lien and security interest in all or substantially all of its assets to Secured Party;

**WHEREAS**, as a condition to extending credit to Borrowers under the Loan Agreement, Secured Party and Lenders require that Debtor grant to Secured Party a continuing security interest in, and lien on, all of the IP Collateral (defined below); and

**WHEREAS**, Debtor has duly authorized the execution, delivery and performance of this Agreement.

**NOW, THEREFORE**, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, and in order to induce Lenders to extend credit to Borrowers pursuant to the Loan Agreement, Debtor agrees, for the benefit of Secured Party and Lenders, as follows:

SECTION 1. Definitions. Unless otherwise defined herein or the context otherwise requires, terms used in this Agreement, including its preamble and recitals, have the respective meanings provided or provided by reference in the Loan Agreement.

SECTION 2. Grant of Security Interest. For good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, to secure the prompt and complete payment, performance and observance of the Obligation, Debtor does hereby mortgage, pledge and grant to Secured Party, for the ratable benefit of the Lenders, a continuing security interest in, and lien on, all of the following property of Debtor (the “**IP Collateral**”), whether now or hereafter owned, acquired, existing or arising throughout the world:

- (a) all of Debtor’s ownership in any patents and patent applications, as well as all future patents and patent applications that claim priority, in whole or in part, to or

from any of the foregoing and all other future patent applications filed by the Debtor or by a person(s) who owes an obligation of assignment to the Debtor, and all patent licenses to which it is a party, including but not limited to those referred to on **Schedule 1** hereto;

(b) all of its trademarks, together with that part of the good will of the business connected with the use of and symbolized by the respective trademarks, trademark registrations, and all of its trademark applications (to the extent that Debtor owns any intent-to-use trademark applications, the IP Collateral shall also include that portion of Debtor's business to which the intent-to-use trademark pertains), and any related licenses to which it is a party, including but not limited to those referred to on **Schedule 1** hereto;

(c) all reissues, continuations or extensions of the foregoing; and

(d) all products and proceeds of the foregoing, including, without limitation, any claim (as well as damages recoverable thereby) by Debtor against third parties for past, present or future infringement or unauthorized use of any of the foregoing.

SECTION 3. Security Agreement. This Agreement has been executed and delivered by Debtor for the purpose of registering the security interest and lien of Secured Party in the IP Collateral with the United States Patent and Trademark Office. The security interest granted hereby has been granted as a supplement to, and not in limitation of, the security interest and lien granted to Secured Party under the Security Agreement. The Security Agreement (and all rights and remedies of Secured Party thereunder) shall remain in full force and effect in accordance with its terms.

SECTION 4. Release of Security Interest. Upon payment and satisfaction in full of the Obligation and the termination of all commitments of Lenders, Secured Party shall, at Debtor's expense, execute and deliver to Debtor all instruments and other documents as may be necessary to release the lien and security interest in the IP Collateral which has been granted hereunder and under the Security Agreement.

SECTION 5. Acknowledgment. Debtor does hereby further acknowledge and affirm that the rights and remedies of Secured Party with respect to the security interest in and lien on the IP Collateral granted hereby are more fully set forth in the Security Agreement, the terms and provisions of which (including the remedies provided for therein) are incorporated by reference herein as if fully set forth herein.

SECTION 6. Related Other Document, Etc. This Agreement is a Loan Document executed pursuant to the Loan Agreement and shall be construed, administered and applied in accordance with the terms and provisions of the Loan Agreement.

SECTION 7. Counterparts. This Agreement may be executed by the parties hereto in several counterparts, each of which shall be deemed to be an original and all of which shall constitute together but one and the same agreement.
